As the sun rises in the east over the Blue  
Ridge, our record begins to unfold.

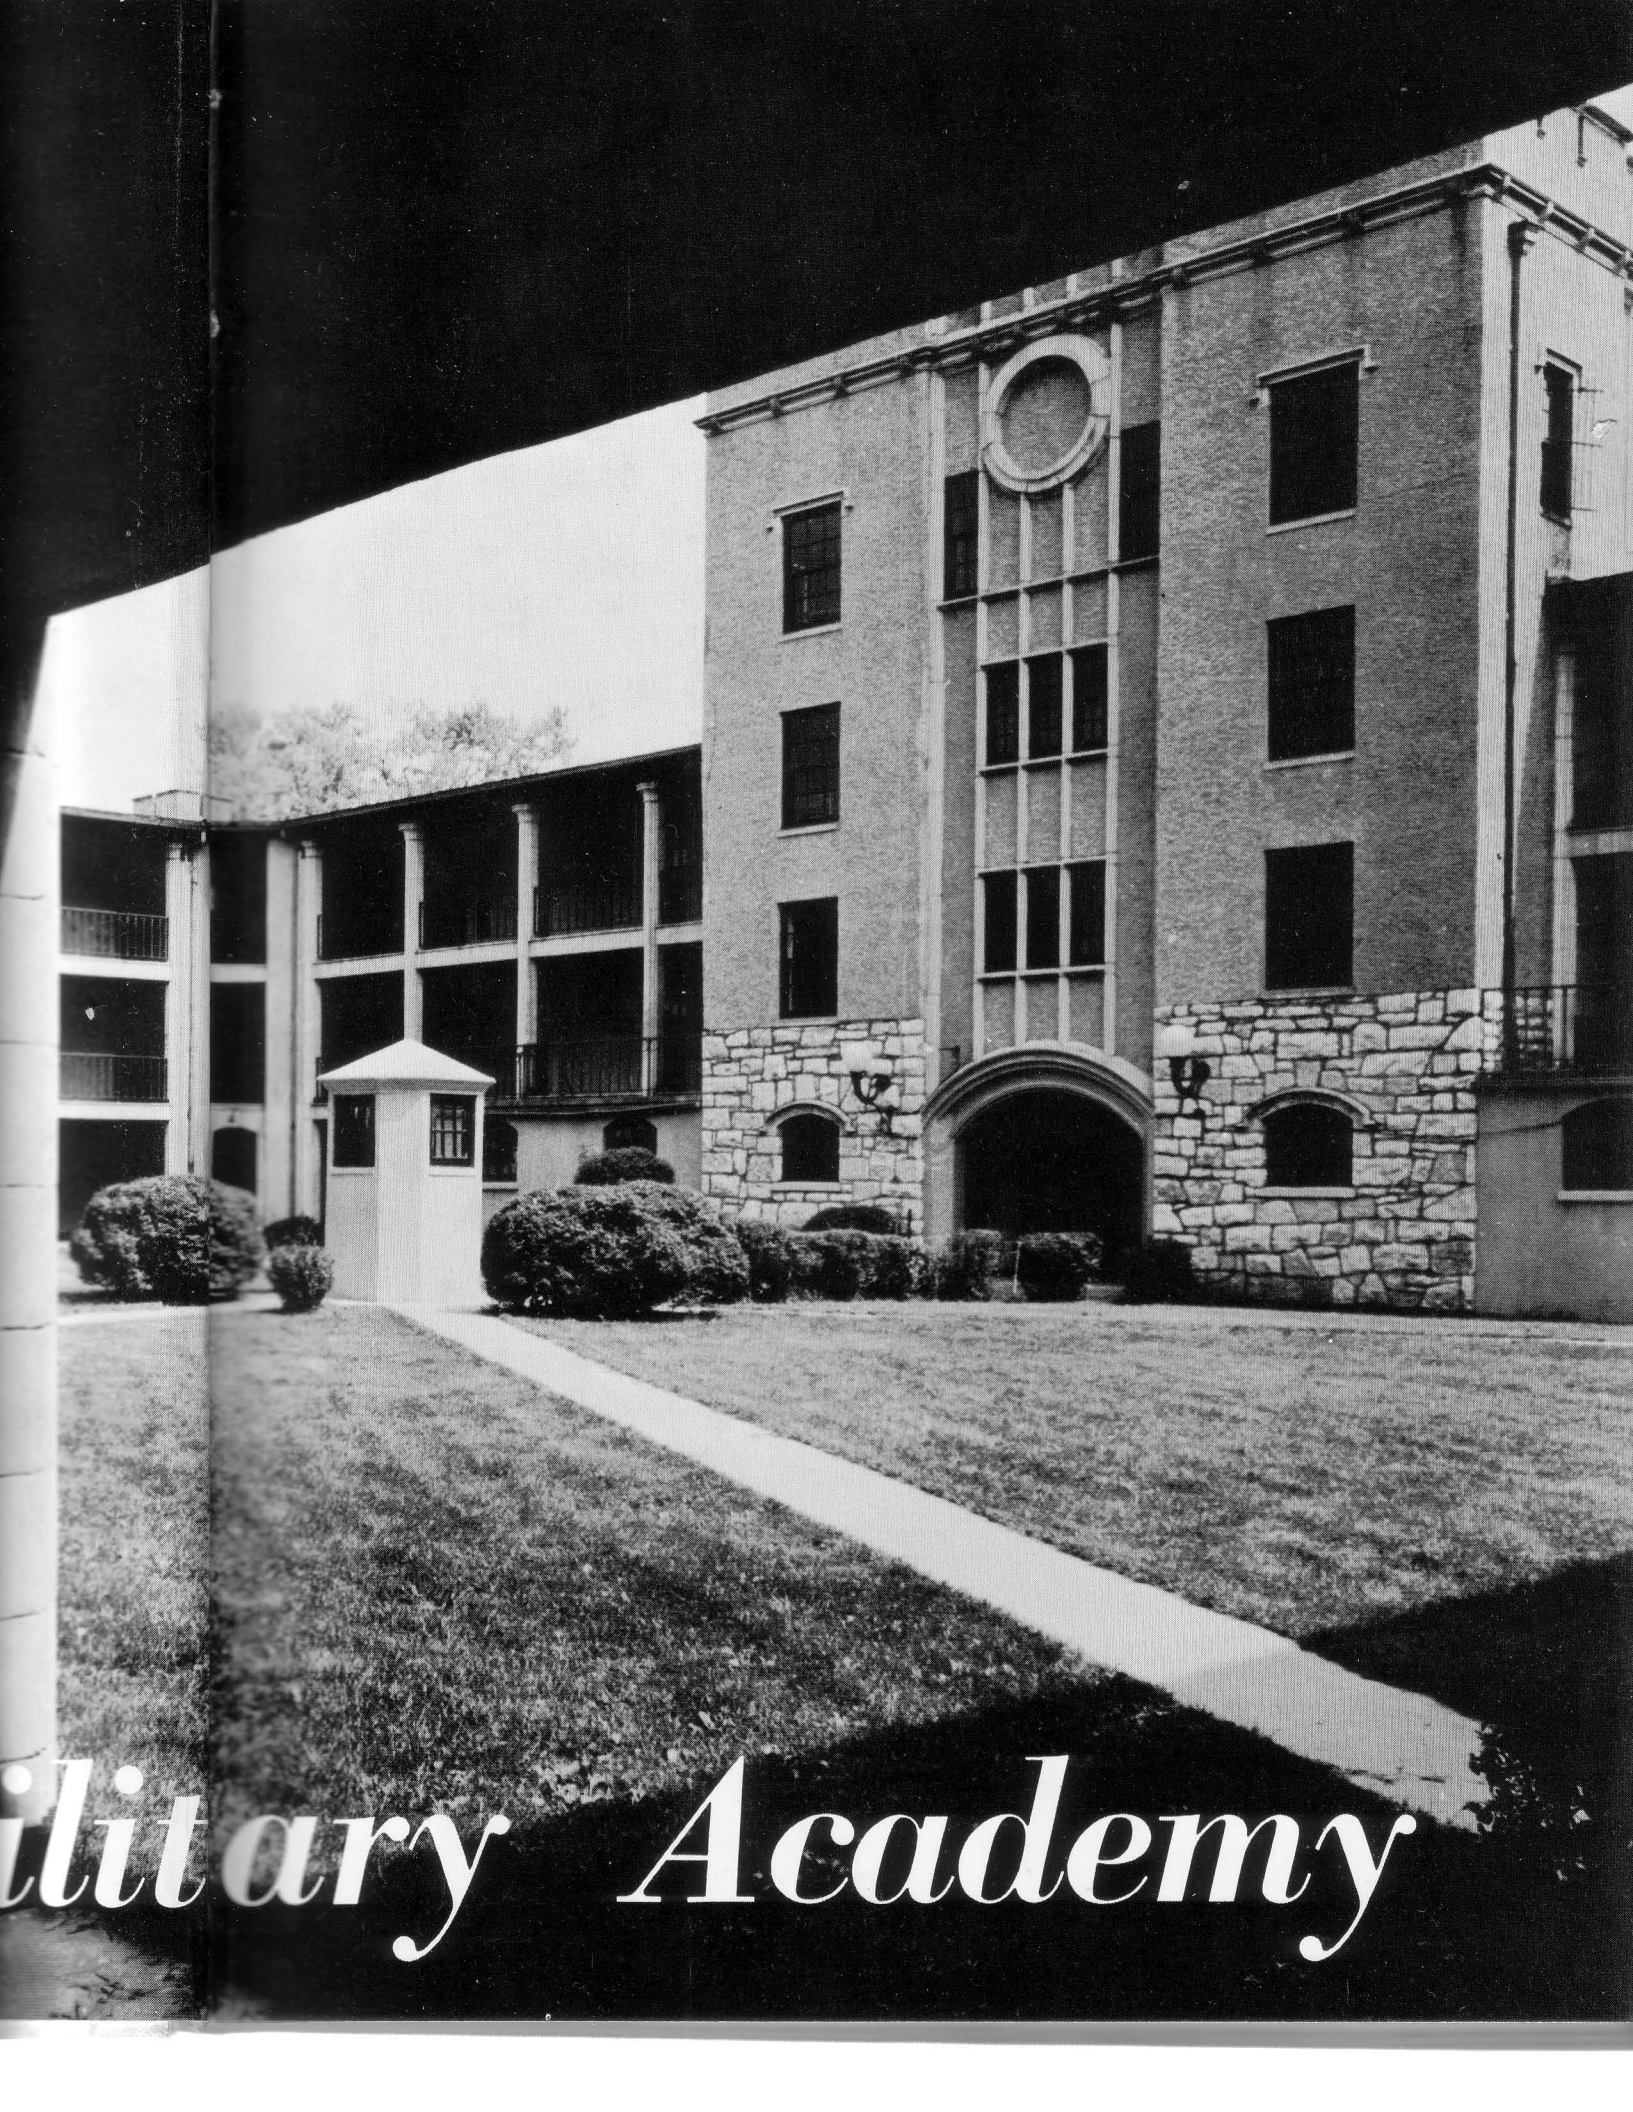

A black and white photograph of a modern building featuring a prominent colonnade of thick, square columns. The columns are arranged in a perspective that leads the eye into the distance. The building has multiple stories with balconies and large windows. The foreground shows a paved walkway and a grassy area. The lighting creates strong shadows, emphasizing the architectural details.

## FOREWORD

When the records of Augusta's 1958 seniors are played back by time, we will remember all of the hardships and tribulations, the fun and the joyful occasions that we have shared at AMA.

The seniors leave enviable records, the records of attaining goals in spite of difficulties. They have cut grooves for the underclassmen to follow. Many are learning to

erase the mistakes of those who have gone before them and to cut their own grooves.

Let us hope that the friendships gained here will last to be played back for as long as we live. Each year adds to the store of friendships we possess; let us not allow this store to be diminished. We have grown here in many ways, but mostly in our ability to have friends.

MAJOR CHARLES E. SAVEDGE

The records of our years at Augusta may be the size of an "L. P.", or the size of a "45", but however long we were cadets, we will long remember the jocular mood of this man out of class, and the fearful look in our fellow students' faces as we walked into his Chemistry and Geology classes. The success of the '58 Corps is due mainly to the guidance this man

gave the cadet officers. Long will we RECALL the Holiday Ball, the Polio Drive, and the Pin-Up Queen, to name a few, that were sponsored by this man.

We, the staff of the 1958 RECALL, proudly and with gratitude, dedicate this yearbook to our teacher, counselor and friend—

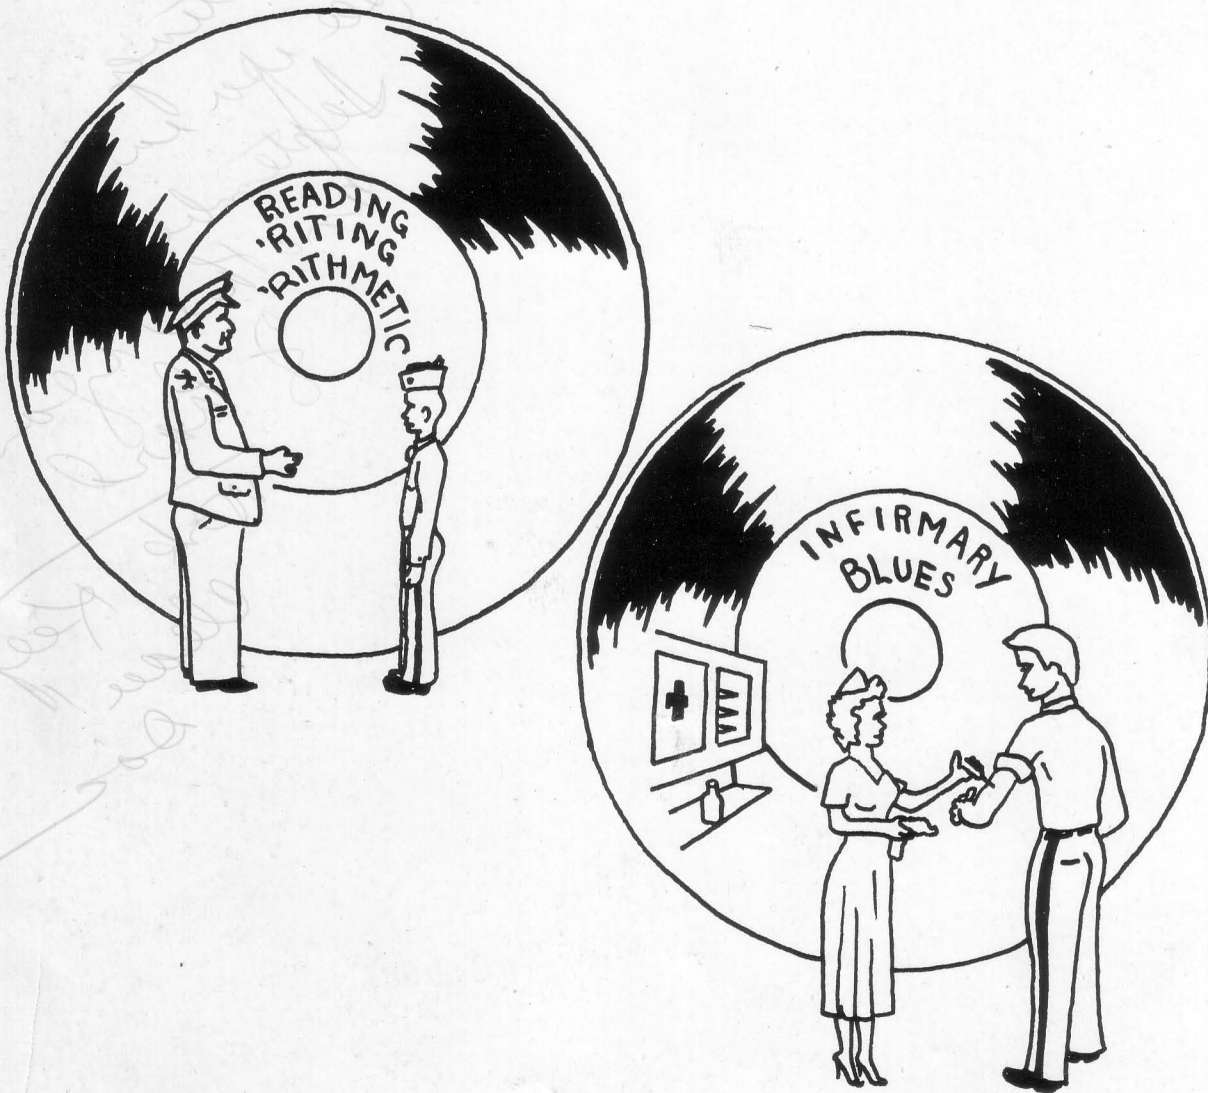

## THE ACADEMY . . .

1958—the year when records were broken; the year when Sputnik and Explorer rocketed into space, changing our concepts of science. 1958—the year when respect for education increased, and we began to thirst for greater knowledge.

In every department at Augusta, 1958 was a year of change. Science became the byword for achievement. Mathematics took on a new look, particularly when we projected

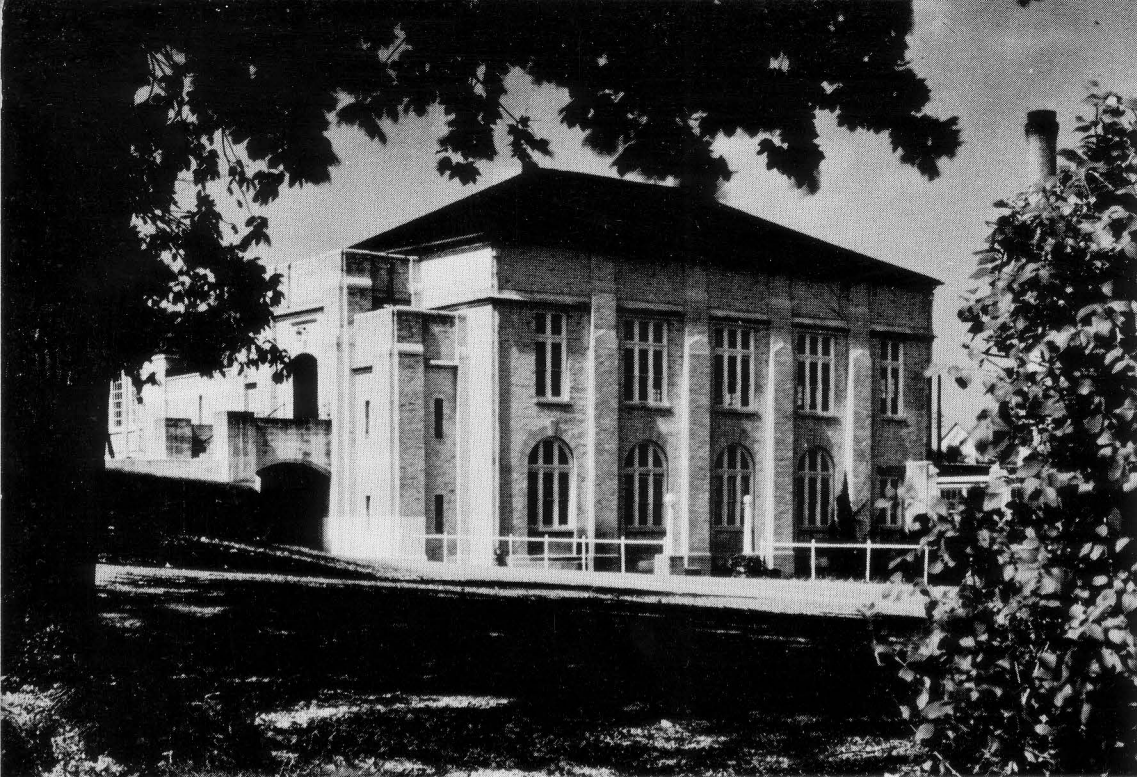

our present into the future of space travel. English, ever the backbone of education, became even more important.

Peopling the Academy of 1958 are men and women who do everything to kindle the flame within us. Herewith is the bulwark of the Academy—the faculty who help us record our academic achievements and who are our friends.

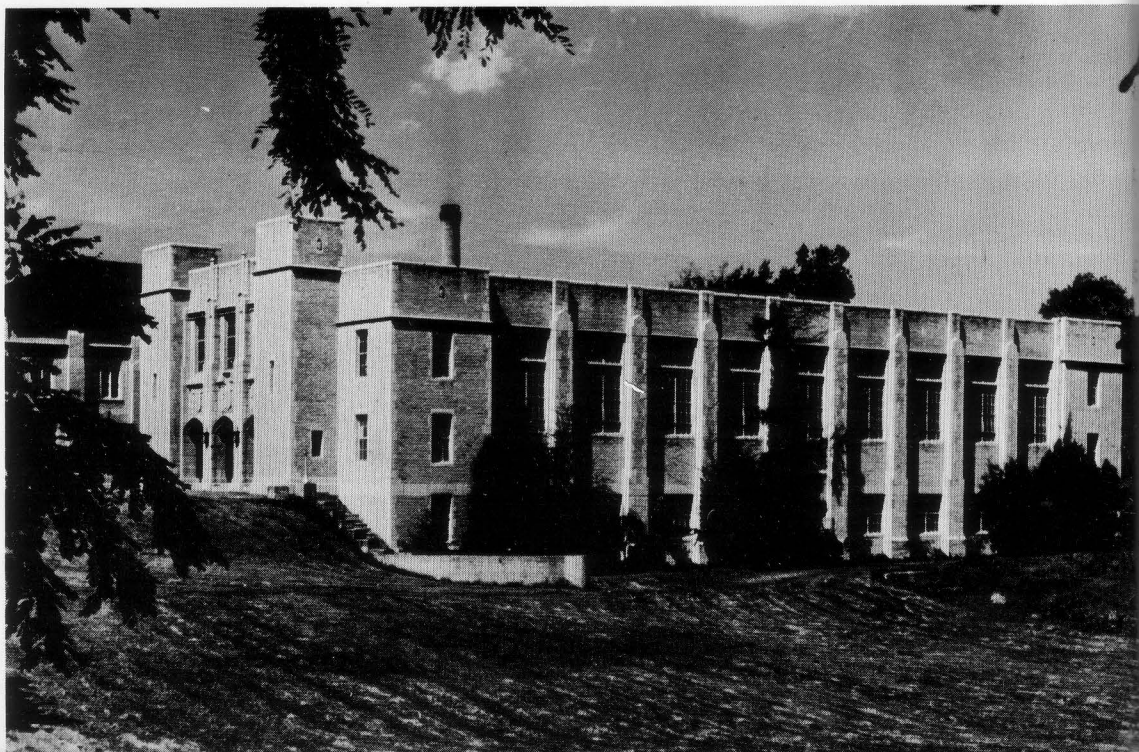

**LONG THE HOME** of academic battles and achievements, AMA's Academic Building was out-

grown in '58. Every class and lecture room was pressed into full service.

## ACADEMIC GROWTH—MUSHROOMING ENROLLMENT

**MEMORIAL GYMNASIUM** mirrored the change, as it became a blackboard scoreboard in the

mornings—a gymnasium after lunch—occasionally, a setting for night dances.

PRINCIPAL

30 May 1958

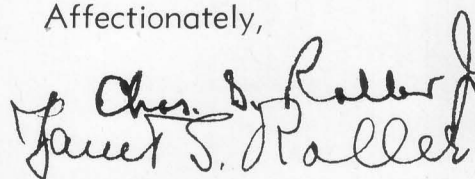

Dear Members of the Graduating Class:

We shall never forget our boys of 1958, not only because of the record they have made for themselves in academics, in sports, in military, and socially, but also, for the gratitude we have for what you have given us.

Yes, you have shown that YOU can be leaders of men. You have displayed fortitude in overcoming obstacles. You have, indeed, grown up to your responsibilities. As a result, you have made us happy this year, and now, in turn, we are reluctant to lose you.

Your record is on our hearts. Your corps is one of the most outstanding in the history of Augusta. You will always be welcome at your ALMA MATER—return to see us as often as you can.

Affectionately,

COL. CHAS. S. ROLLER, JR.

**OUR RECORDS ARE KEPT** by the gentlemen of the Academic Board. Standing: Col. Gardner, Major Kramer, Major Lucus, Major Sizer, Col. McCrum, Major Savedge. Seated: Col. McCue, Vice Chairman, Col. Deane, Chairman, and Major Hoover, Secretary.

To every one of the cadets at Augusta, the members of the Academic Board give their advice, counsel and guidance.

Not only the seniors, but also the members of each class from the third grades through the juniors in high school, find the members ready to help them when they are beset with academic problems, principally, personal problems, occasionally.

With Col. Deane as chairman, the Board

releases information on the availability of scholarships, college entrance requirements, and test information.

Under the Principal, Col. Roller, and the Academic Board, the Academy has all rules and standards set for every cadet to follow.

These men are, indeed, keepers of the records. Always do they help us. Always do they strive to make Augusta a better place.

**VMI'S SUPERINTENDENT**, Major General Milton and Col. Roller confer with First Captain Goodloe Saunders during final exercises.

**QUIET AND PEACE** on the grounds, just before the sixth period ends. All is serene, as the mili-

tary instructors finish their day of class work in the gym.

## THE LULL . . . AND THEN THE STORM . . .

**BELLS RING, CADETS RUN! SCHOOL'S OUT!** The Academic Building and gymnasium are rapidly emptied, and soupie's next. This is a part of our

record, repeated for over five hours for five (or six) times a week.

**BOARD WORK EACH DAY AND DRILL, DRILL, DRILL** in advanced algebra under Col. Roller prepare his students for college. Bob Carson learns that rules are important.

**MAJOR KRAMER IS READY TO HELP** his students during his free period or at recess. His boys in algebra, trig, plane and solid frequently take advantage of that extra help.

## FROM COEFFICIENTS AND EXPONENTS TO SINE . . .

**"I JUST DON'T UNDERSTAND!"**, states Bill Mason, but Capt. Hawpe takes time to explain basic algebra to him and to all the boys who request help.

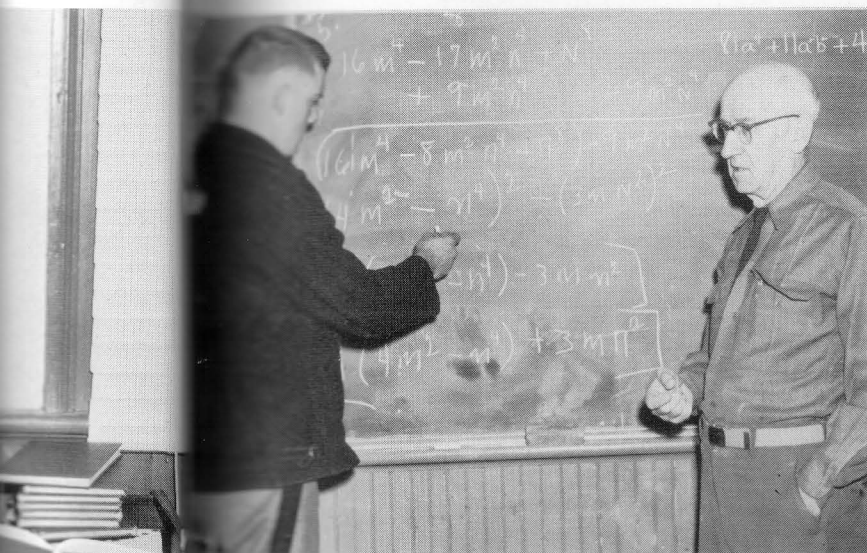

To be an engineer, a background in mathematics is as essential as biology is to pre-meds.

Since the majority of Augusta's students seem to lean toward engineering for their future careers, the strength of their success hinges on the quality of training they receive at AMA.

Each future scientist learns rapidly that mathematics is the backbone of science—to learn to reason—to desire to learn.

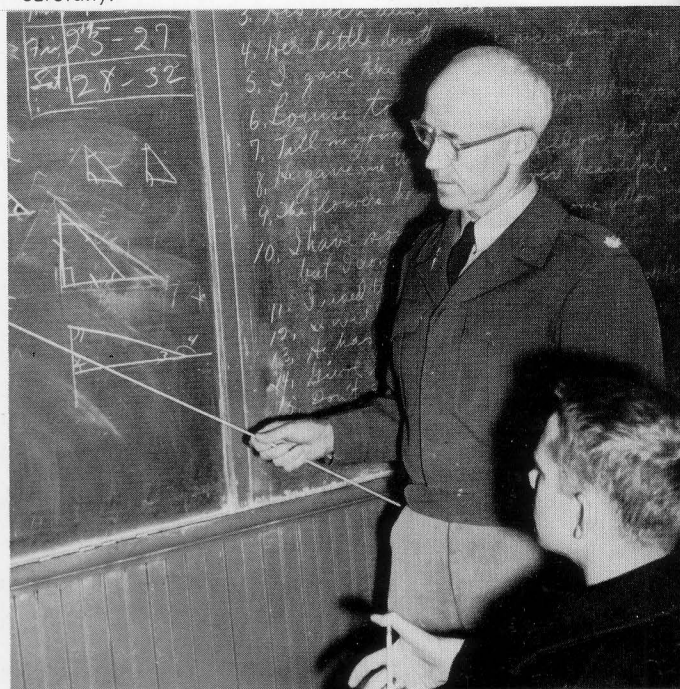

ACE tests and review sessions for college entrance boards help them to apply their learned fundamentals correctly.

**CADET WHITING EXPLAINS** his algebra problem to the class. Col. McCrum is ready to help if he stumbles.

pe takes time

**SLIDE RULE KNOWLEDGE** is as necessary as sine and tan. Col. McCue demonstrates the correct usage to McGrath and Nye.

**POSTERS, COAT HANGERS,** and pieces of wood are utilized by Major Hoover to stress the every day functions of plane geometry.

## ENGLISH—REQUIRED EVERY YEAR AT AMA . . .

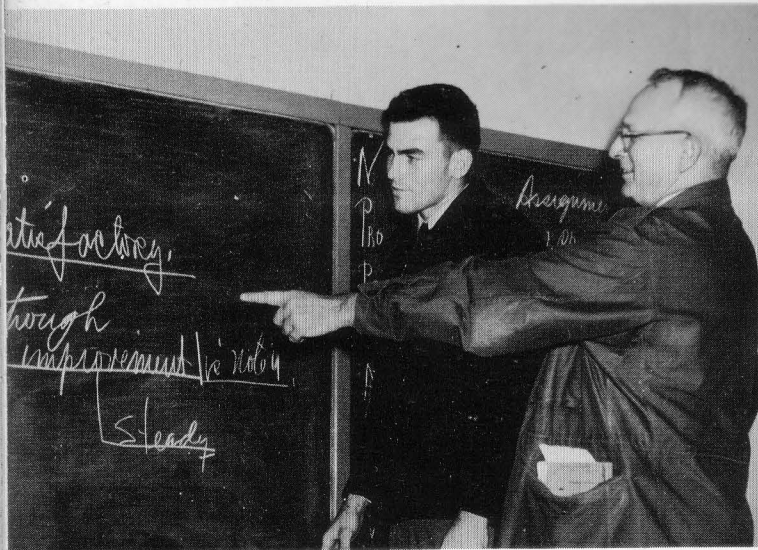

**SENTENCE DRILL** is stressed in Capt. Pritchett's class. Urbina and Usry find that they must be accurate to have full approval.

Regardless of one's ambition, without proper English usage, his chances of success are not good. Starting in the lowest grades at Augusta, stress is placed upon the importance of English in the curriculum.

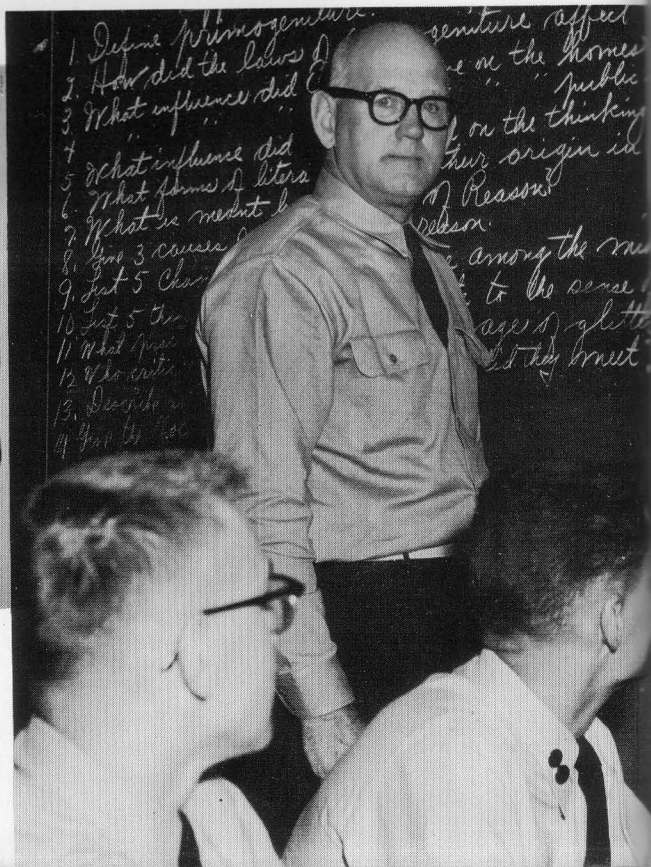

In high school, Augusta cadets have English thoroughly presented. Even with the post graduates, English is required.

Beginning with freshman English, parts of speech, theme writing, and an introduction to literature are the main features of AMA's sound program.

**DIAGRAMMING SENTENCES** never ceases! Even in English IV Col. Deane emphasizes the importance to senior Bill McGrath. Vocabulary building, themes and English literature are the other blockbusters in the senior course.

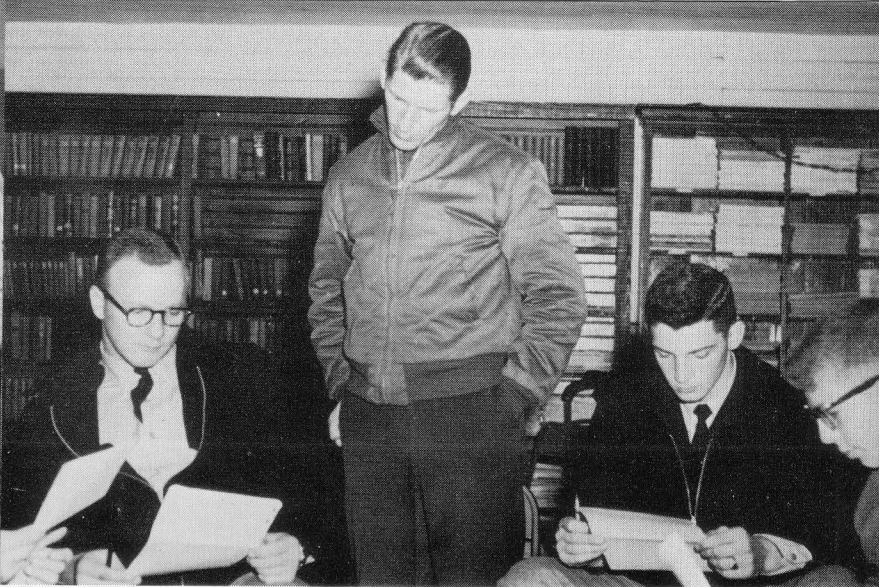

**NOTED FOR HIS REVIEWS** in every English section, Major Koogler begins to put on the blackboard those questions which will lead to the review "book" which every member of his class must make.

**"YOU ARE RIGHT!** That's the way to do it Carolina style", maintains Lt. Johnson to Williamson. Individual help is the high spot of his English I section.

**"YOU'RE PROGRESSING."** Lt. Andrews places importance on methods of expression—oral and written. Dale Powers and Dave Rubinger check over their papers to learn how to write more concisely and clearly.

## ... TO DEVELOP PROPER ORAL AND WRITTEN EXPRESSION

**"THAT COULDN'T HAVE HAPPENED!"** exclaims Lt. Saunders, but "Yank" Kruppenbacher maintains that life IS like that in the Big City—New York! Lt. Saunders, recent VMI graduate, tries to instill a liking for literature in his students.

By his junior year at Augusta, each cadet has become familiar with the formal theme. Short class themes and short stories are also utilized to help the students express themselves more vividly.

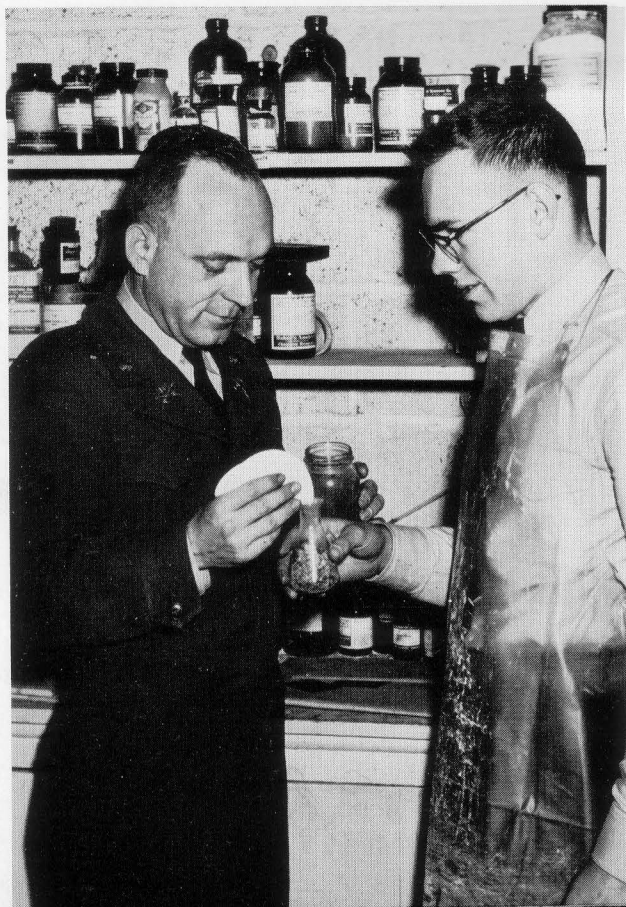

With college boards facing the seniors, each cadet in his fourth year is drilled in vocabulary, research themes, and English literature.

To the senior having the highest score on CEEB's in English, there is a purse of about \$25 and a medal given by Mrs. C. W. Parr, widow of one of AMA's outstanding alumni.

## SOUND SCIENCE PROGRAM PRODUCES WINNERS . . .

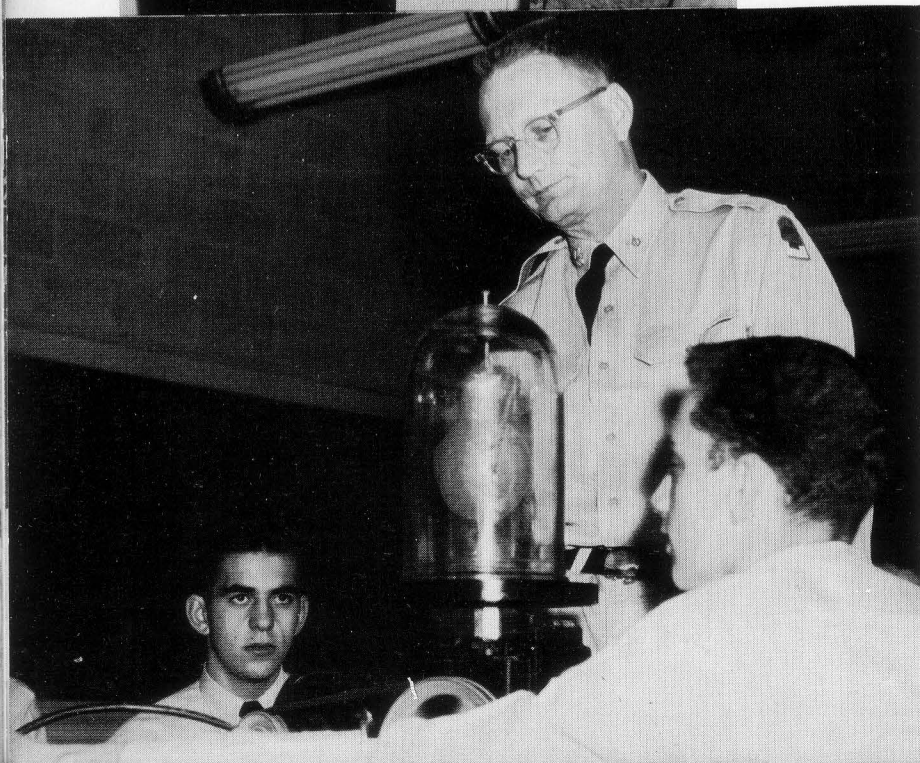

AMA was not caught napping during the recent science revolution. Every cadet is required to take two years of science, and four courses are offered.

Geology, biology, chemistry and physics each play an important role in the development of the cadets' scientific attitudes.

Frequently, speakers from industry visit the school to lecture on advantages in studying science, and opportunities in the field.

Science winners each year in state contests have maintained keen interest in keeping abreast of the latest developments in each field.

**MAJOR SAVEDGE** instills curiosity in Bob Battenhouse during qualitative analysis. Atomic energy, featured at AMA for many years, is one of the high points in chemistry.

**"PRESSURES ARE DIFFERENT IN SPACE TRAVEL".** Col. McCue illustrates atmospheric pressure differences and applies them to the difficulties encountered in rocket problems. Moros and Yates pay close attention.

**DRAWINGS, STUDENT ACQUISITION** and proper display of biology equipment is just as important as the latest microprojector. Capt. Pritchett develops interest through his board work and the student displays.

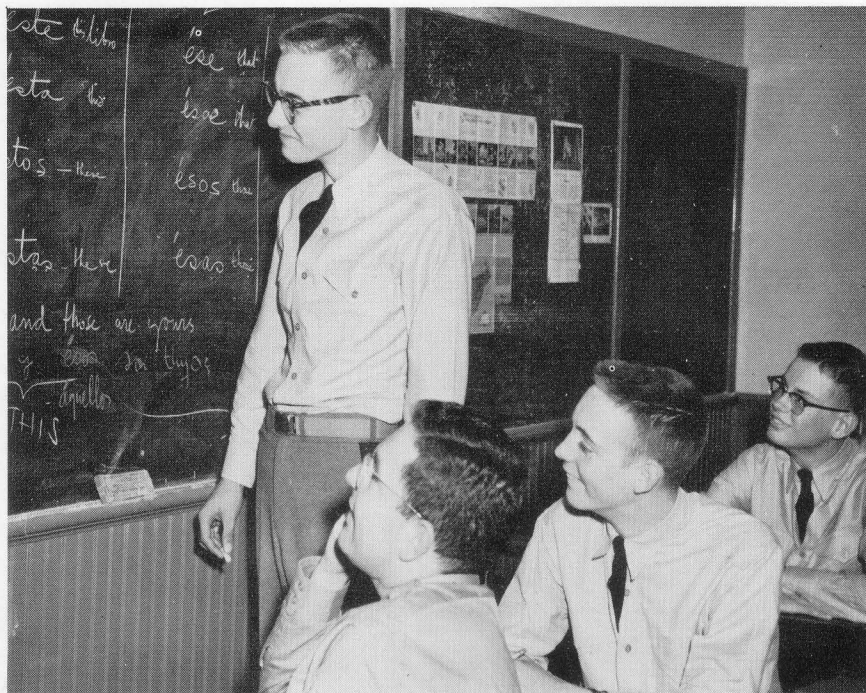

**AT GOVERNMENT INSPECTION,** Col. Roller proudly shows Augusta's geology collection to the amazed Army inspectors, Lt. Col. Ressijac and CWO J. B. Fuqua. Major Christie helps show the inspectors AMA's equipment.

## BROADENING OUR HORIZONS THROUGH FRENCH,

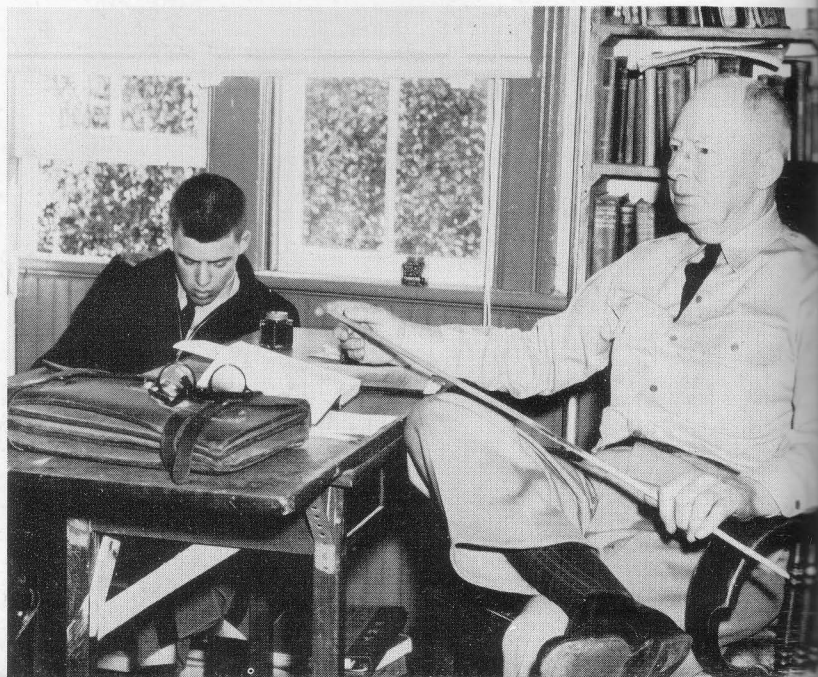

**"WHAT! EXPLAIN THIS?"** Mike Wiese seems a bit perplexed as Lt. Kreisler takes a seat and lets the star take over the class. Ushry and Whitaker believe he will do a good job.

**INDIVIDUAL HELP IN LATIN** under Major Hoover impresses Zehmer. Records are used to help the cadets learn how to pronounce a foreign language.

**MAJOR SIZER POINTS**, and Cammack begins to sound off with "Je suis." The French students receive careful supervision, and oral work gives each student a chance to learn how to converse.

NCH,

## LATIN AND SPANISH—TO A BETTER UNDERSTANDING

Cosmopolitan—with students from Venezuela, Cuba, Costa Rica and many other countries in Latin America—students born in Latvia, Bermuda, and French Canada, the language department helps bring about a better understanding of other peoples, other customs.

Each year the Modern Language Tournament in Virginia and in the East has winners from Augusta. Coulon, under the tutelage of Col. Gardner, placed first in French in the French I section.

To graduate with an AMA diploma, three years of foreign language is required (or two years of two). For a scientific diploma, two years of a language are required.

AMA, therefore, has a higher percentage of students in the languages than most schools.

Thoroughly prepared in the basic principles of the languages, AMA's graduates are ready for college work.

**LT. JOHNSON** stresses vocabulary to his Spanish I class. Schlusemeyer, Simpson, Alvarey and Dove follow carefully, as each word is pronounced.

off with

**"YOU'LL NEVER BE UNDERSTOOD** in France. It's with a nasal sound!" Col. Gardner points to Lang as Hedgepath waits his turn.

## FROM THE PAST . . . WE GAIN KNOWLEDGE

**IT'S BEGINNING TO GET CLEAR** for Strong who has lived overseas so long that the method for a bill to go through Congress must be explained by Major Davis.

As varied as the world around us are the subjects offered by the History Department. Ancient, English and American History and Civics.

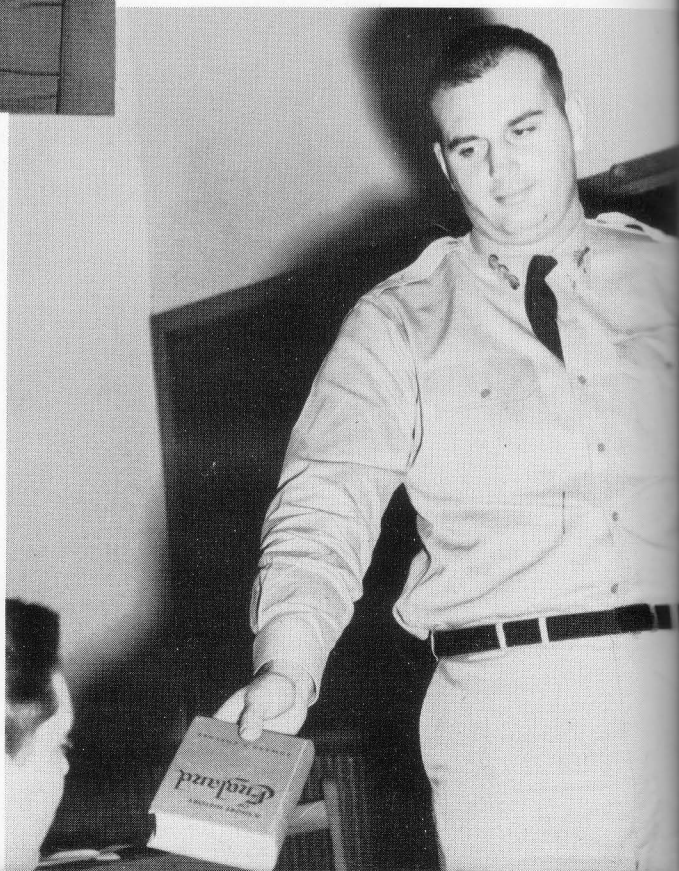

With slides, maps, charts and lectures, history becomes a living course. Every boy finds that history is a mirror of the future—important to him for his perception of things to come.

Augusta requires every cadet to have two courses in the history group, and encourages three or four, when a boy has above average grades.

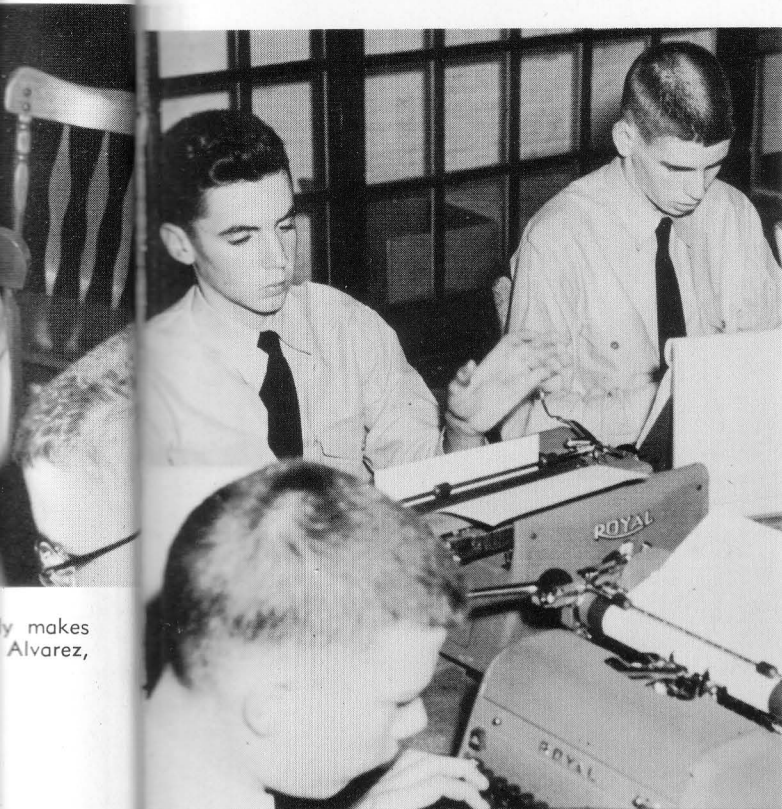

**SEMINAR IN THE LIBRARY** actually makes Ancient History live for Schreiner, Alvarez, and Palmes in Lt. Andrews' class.

**"AMERICA'S PAST BEGINS RIGHT HERE,"** states Capt. Ralph, but Anderson seems to find "A Short History of England" hard to digest.

## BUSINESS BEGINNINGS . . .

y makes  
Alvarez,

HERE,"  
ns to find  
o digest.

"WE MUST BECOME STRONGER in order to rise above Russia's recent advances." Lt. Herring seems glum as he lectures.

**CRESPO, AKERMAN AND LOWE** tap out asdf, hoping that they will exceed the minimum speed. Typing can help every cadet who enters college, as much of the work there is required to be typed.

Business courses at AMA are offered primarily to help those students who go into college. Typing and Business Law form the basic courses, and Business Arithmetic and Economics are given when demand is sufficient.

In place of two history courses, a cadet may offer two business courses towards his diploma.

Business Law and typing are taken by many seniors and post graduate students.

**THERE IS LITTLE DOUBT** that Col. Deane's Business Law is one of the most interesting courses at Augusta. Student "lawyers", "defendants", and "judges" learn much which will help them in the business world. Prosecutor Armstrong wins his case against Defendant Howell, while Judge Deane watches the technique.

# **SMALL FRY CADETS HAVE SMALL CLASSES, DEVERSIFIED ACTIVITIES**

**CLASS WORK IS FUN, TOO.** Mrs. Davis, motherly and helpfully illustrates some of the pleasures of pre-Halloween

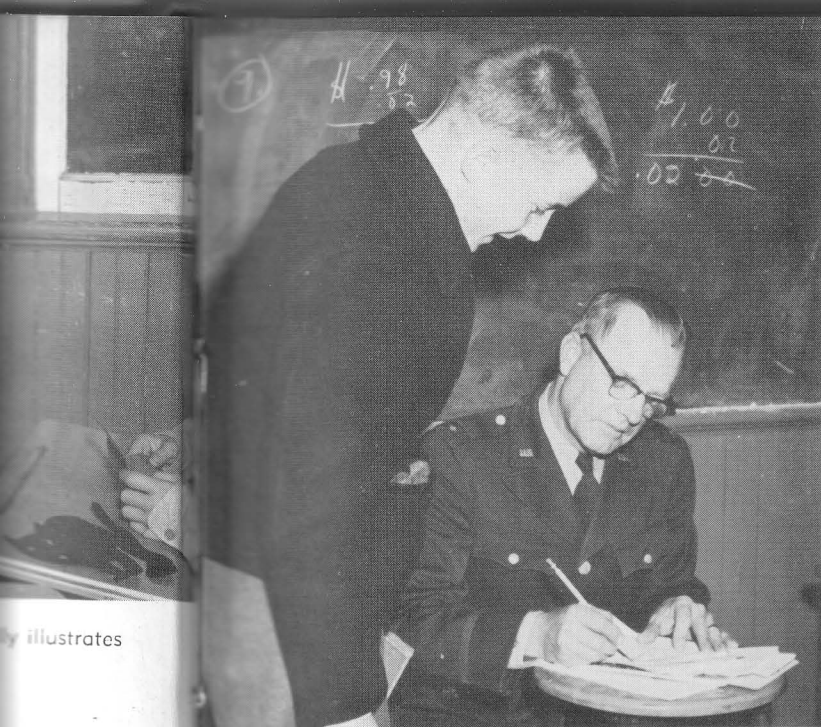

**LISTENING TO** stories is important to the small ones. Mrs. Ralph makes her class interesting with ghost tales.

**MRS. CLICK RUSHED TO THE RESCUE** when enrollment increased. Lee feels that he's fortunate to have constant attention.

**LEMLEY CAN'T MAKE UP HIS MIND** whether the fly-swatter is for him or for the potential insect study in Capt. McDowell's seventh grade class.

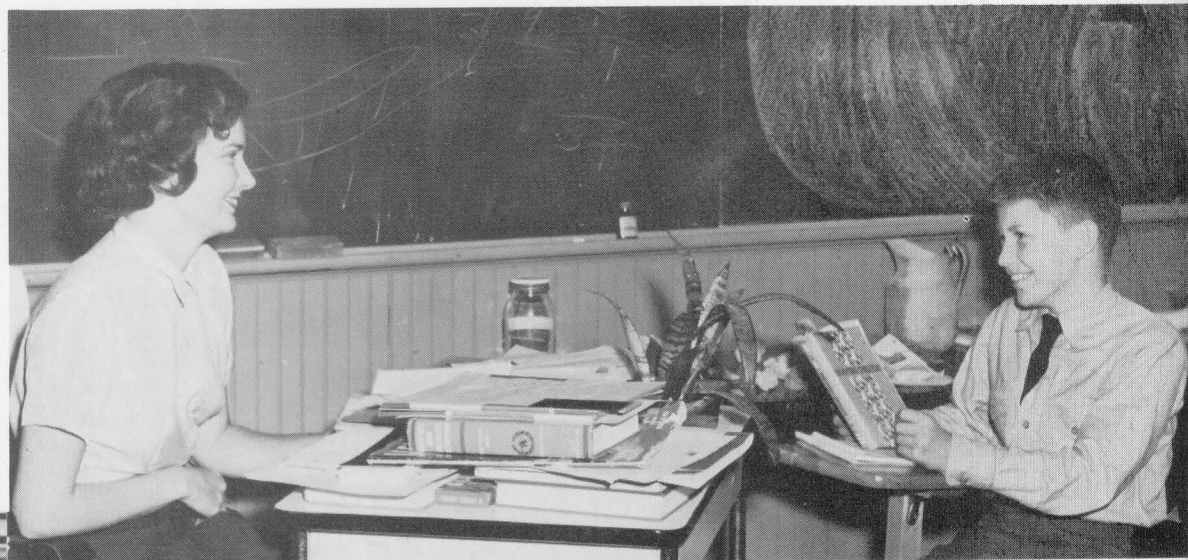

It's just about impossible to find a boy in the Junior School who isn't happy!

With Major Lucus, Capt. Hanson, Capt. McDowell, Mrs. Davis, Mrs. Click, Mrs. Ralph, Mrs. Pritchett and Lt. Steffee, the juniors have a real group of friends.

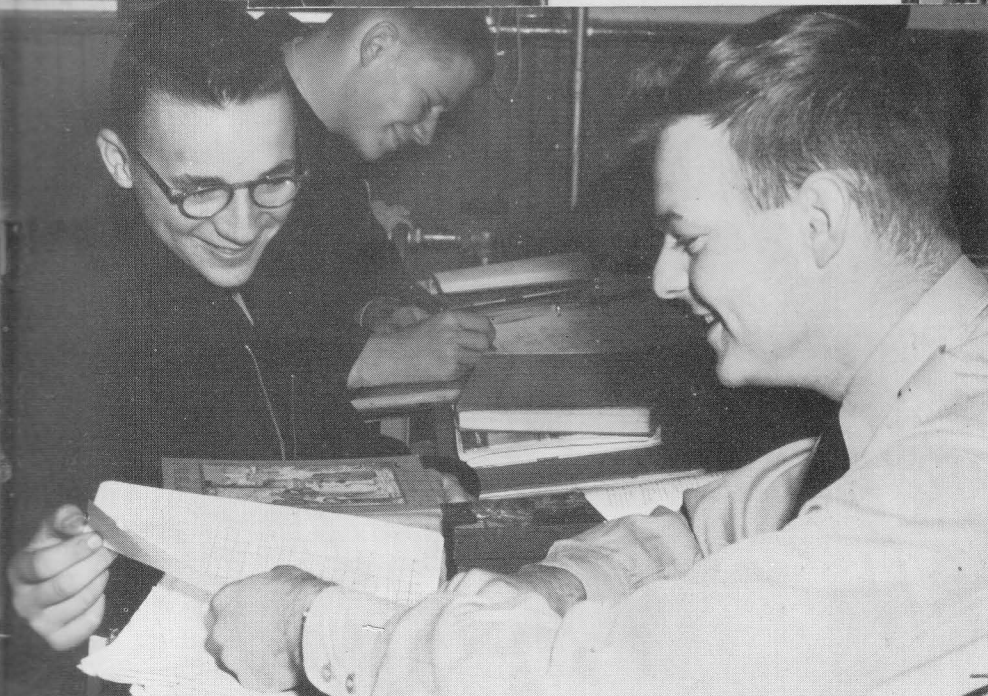

Not only do they receive top instruction during class periods, but every moment of their time is supervised.

A happy well-trained group of boys means that Augusta's future is assured.

**EIGHTH GRADE WORK** covers every part of the pre-college curriculum. Major Lucus carefully points out to Cadet Gallagher the basic principles that he must study in English.

**FRIENDLIEST CLASS** at Augusta! No Sixth grader minds doing math, when Mrs. Pritchett is the teacher. Jeff Hedden does his work readily.

**"YOU BOYS MUST LEARN** how to develop a theme!" Capt. Hanson forces theme work on his eighth grade section, and they like it!

**HUP, TWO, THREE,  
FOUR ON THE DRILL  
FIELD, BUT GRIND  
IN CLASS!**

**"22-5 IS JUST AS IMPORTANT** as your weapon, for without one, you can't take such an objective as this," says Major Stark to Bob Carson.

Augusta Military Academy—therein lies the military. Every cadet at AMA must take military if he is at least 14 years old and in the first year of high school.

The new trend is to develop leaders. As MST 1 slides into MST 2, and on to MST 4, the boys are given a chance to show their leadership potentialities.

AMA has been selected for many years as "an Honor School". Without strict classroom practice, this would be impossible.

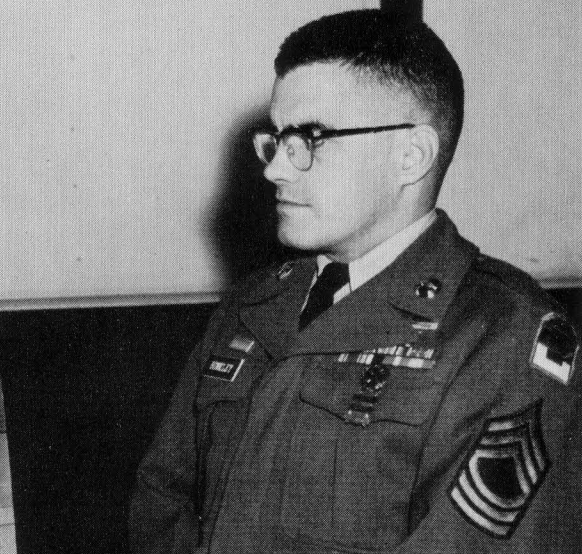

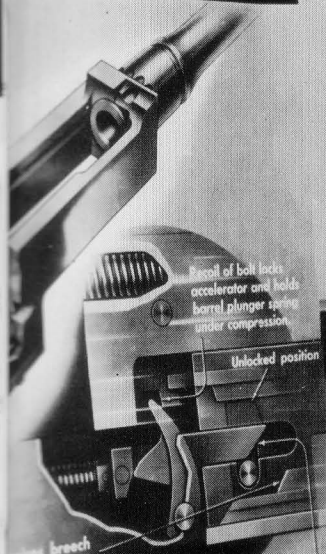

**WHEN WEAPONS,** their use and their parts, are taught by Sgt. Thornton, everyone pays close attention. Survival in the future may hinge upon what is learned in class.

r without  
Major Stark

**WEAPON INSTRUCTION** also means weapon quiz time. Linton watches Sgt. Haynie, who also teaches the MST 1 section, correct his test on the M-1.

**M-1's AREN'T THE** only weapons taught by the Military Department. Sgt. Binkley, who is also coach of the crack Rifle Team, discusses the .30 caliber machine gun.

**RECORDS MUST BE KEPT** on every boy in MST. Sgt. Cumpston checks with Major Stark for future officer material.

**INTRIGUED BY** the .57 mm RR are LaRue, Trout, McAleese, Jaeger, Tomasek, Eastlack, and Carver. Mr. Hutton checks out the salient features to the MST 3 class.

**DICTION AND PRONUNCIATION** play a big role in remedial reading. Major Hoover tapes Speciale, Pell, and Hutchinson's pronunciation to show them their mistakes.

## REMEDIAL READING . . . A BOON TO SLOW READERS . . .

Thrust to the forefront recently has been the fact that many students have not been taught to read—or have not been taught properly.

Augusta's program of Remedial Reading has gone a long way towards helping those boys who are deficient in reading.

Success has been beyond expectations. Willingly do the cadets take the course offered by Col. Gardner and Major Hoover, both of whom have Masters degrees in the subject.

**BLINK— YOU JUST CAN'T BLINK** when Col. Gardner begins to flash digits on the screen. Loson and Lopez improve in reading and comprehension.

**"PROGRESS IN READING"** . . . Gil looks over a book written by Col. Gardner and Dr. U. Leavell of the University of Virginia. The whole series is geared to help those who have not been taught reading properly.

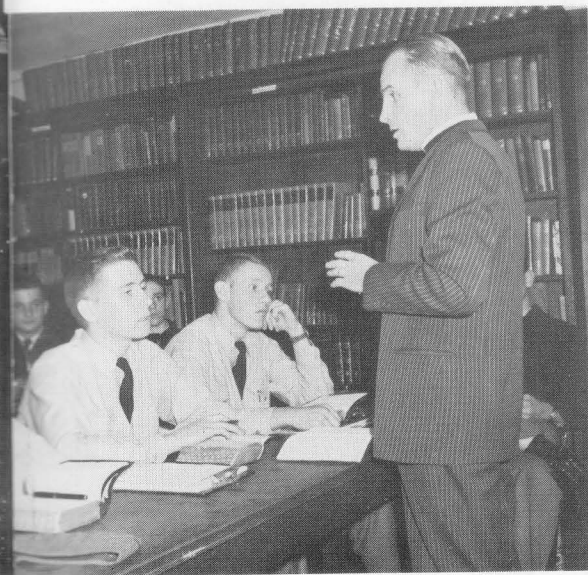

**THE P.M.S.&T.** is just as interested in a cadet's academics as the rest of the faculty are. Major Christie awards Bill McVey the trophy for highest average in military.

Without the many people who help outside of class, Augusta wouldn't be the school which it is.

Problems are solved not only by the faculty, but by the other members of the staff who help make every cadet feel at home.

**THURSDAY NIGHTS** mean Bible Class, interestingly presented by the Rev. J. A. Allison, Jr. Bryan and Ridge listen closely.

## AN INTEGRAL PART . . . OF LIFE AT AUGUSTA

**MONEY MAN CONFERS WITH STEWARD.** Major Parkins, the faculty officer who handles the cadet bank, and Lt. Peduto, our Mess Hall friend, chat about mutual problems—money.

**WHETHER IT'S "RAH, AMA!"** or "May I help you?" AMA wouldn't be the same without the avid support of Mrs. Roller. Lt. Kreisler presents "The Boss" a gift from the corps.

## THE ACTIVITIES . . .

1958—the year which flashed by with supersonic speed as four hundred cadets discovered that every month's activity pattern was different.

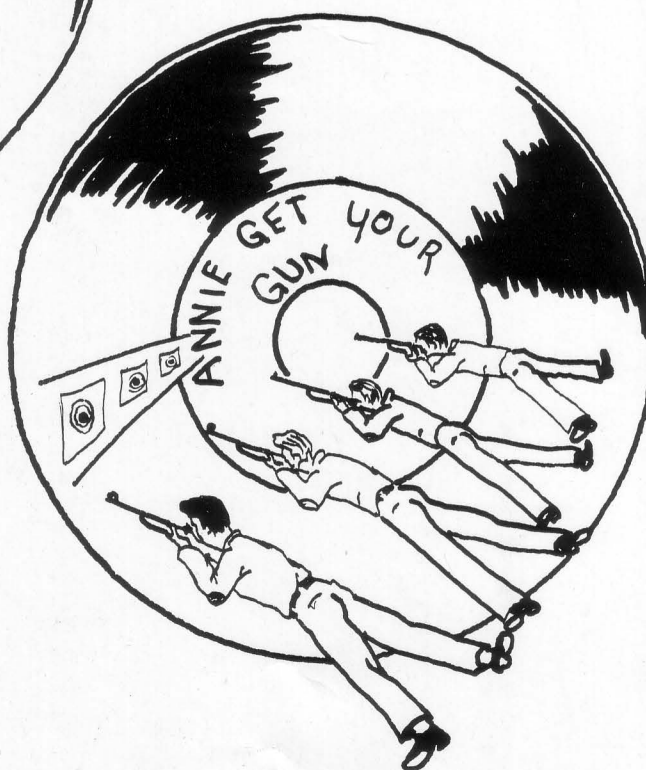

September's chaos of learning new words bounced into October, which seemed tame after the opening of school. In November, life again became hectic, with its ceremonies and parties, giving it the flavor of a holiday snack.

Exams—that was the cry as December be-

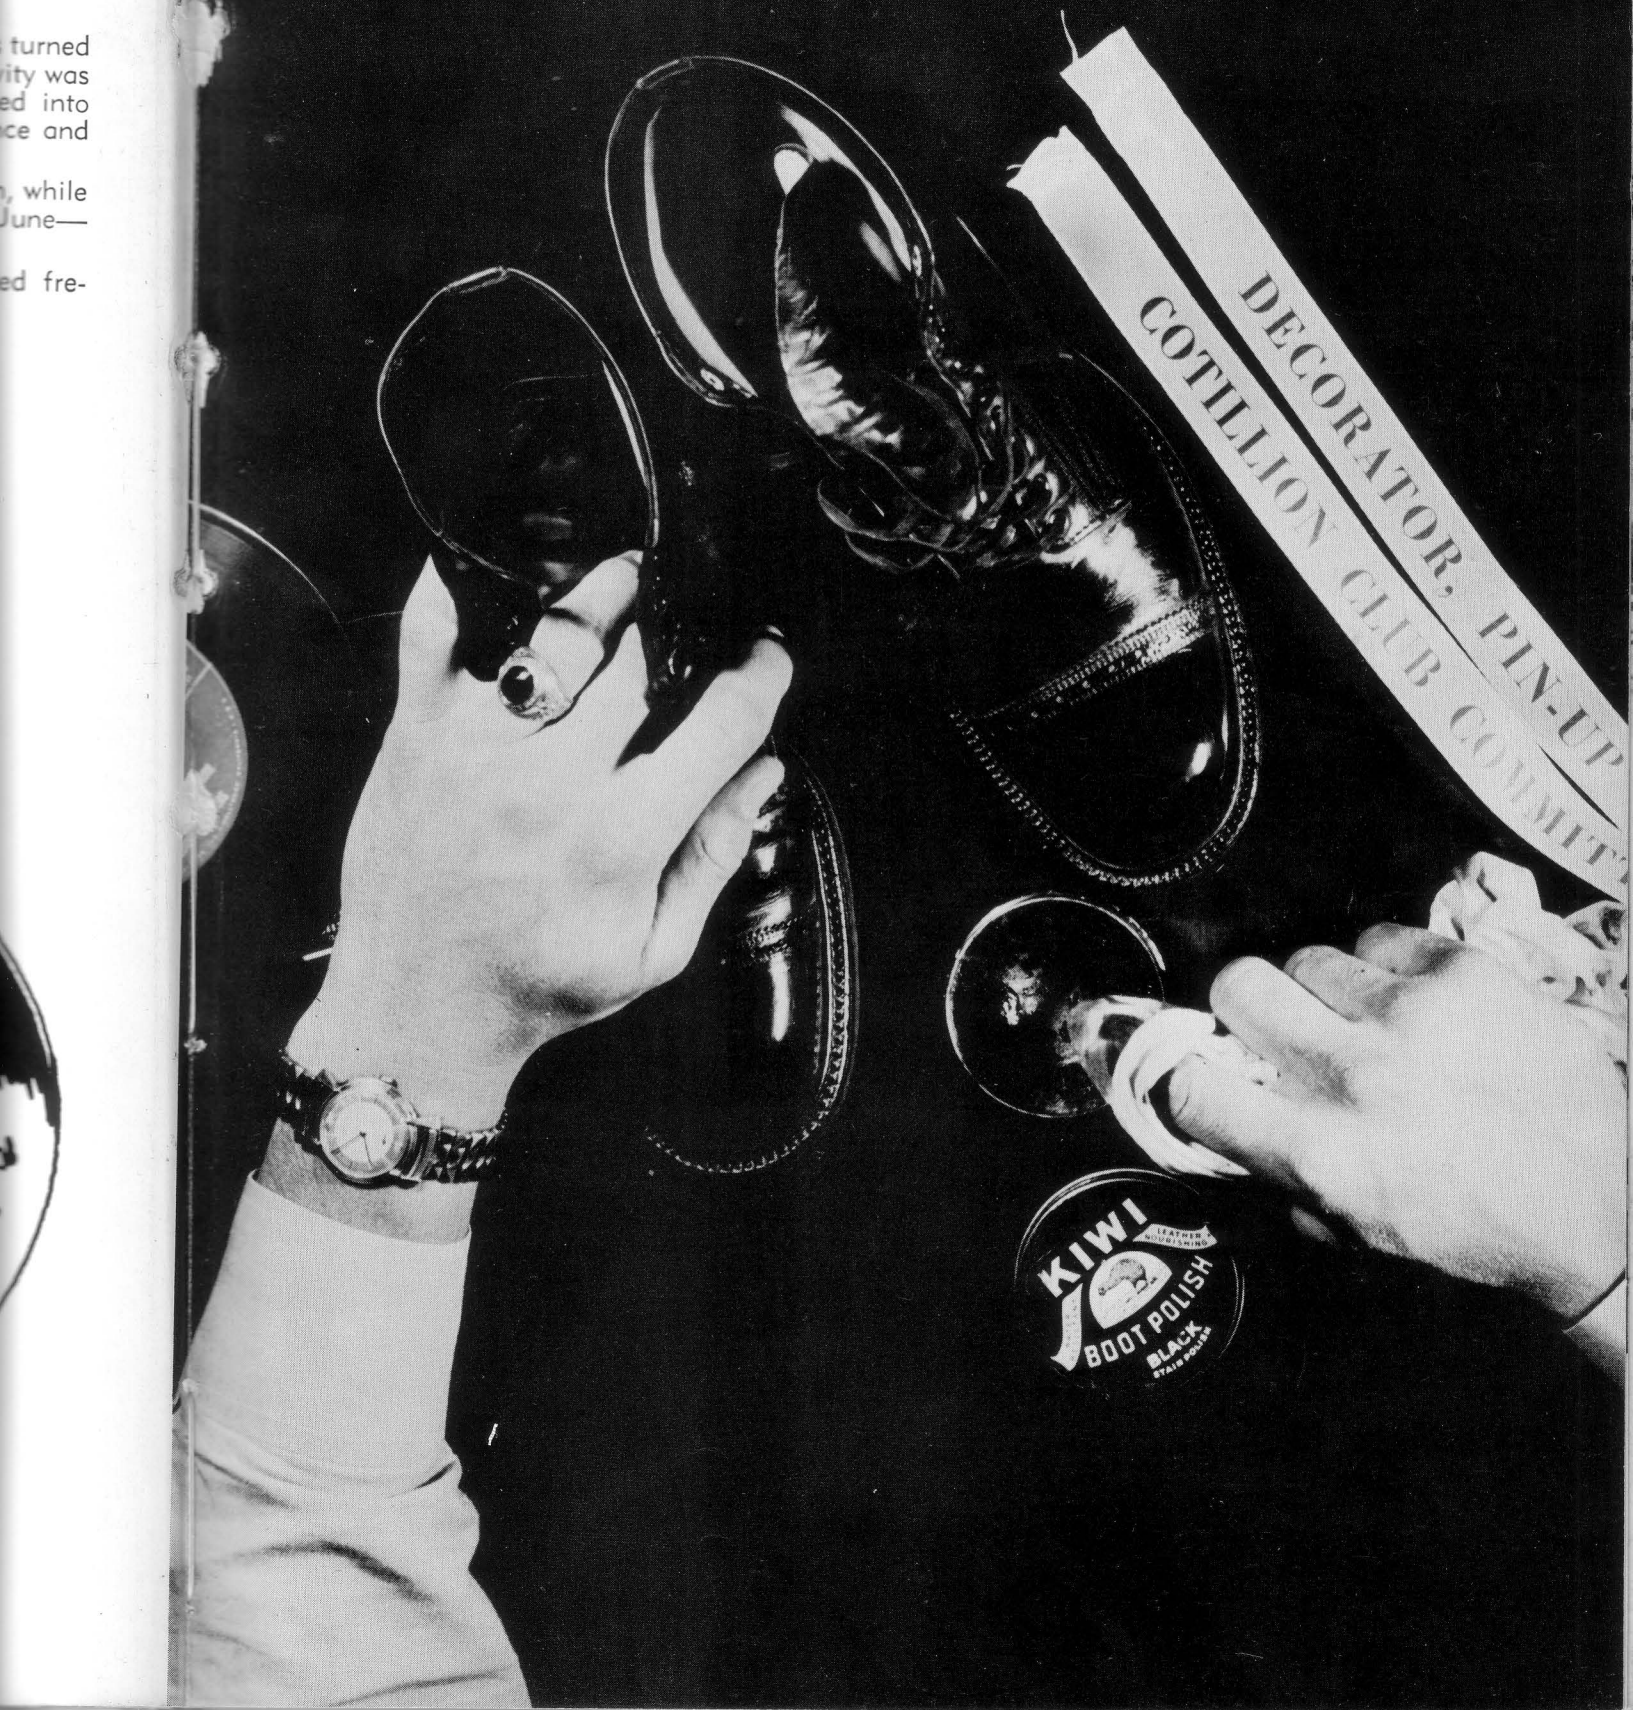

gan, but by the eighteenth, all thoughts turned toward home. Snow months, when activity was confined mainly to the indoors, melted into the exam preparations (College Entrance and spring) of March.

April meant Government Inspection, while May gave us our fullest month. Then June—Final Ball—graduation!

Yes, this record should be replayed frequently. A good year? Time will tell!

## FITTINGS, REGISTRATION, BANQUET . . .

**GREY SLACKS AND HIGH BLACK SHOES!** Mike Wiese tries on the latest cadet style at The Fort. George Petty does the fitting while Mathis waits his turn.

Bracing returns . . . With a capacity enrollment, eight new teachers, and a spirited football team, school opened on the eighteenth. A bewildered group of new cadets found out the meaning of the term "brace".

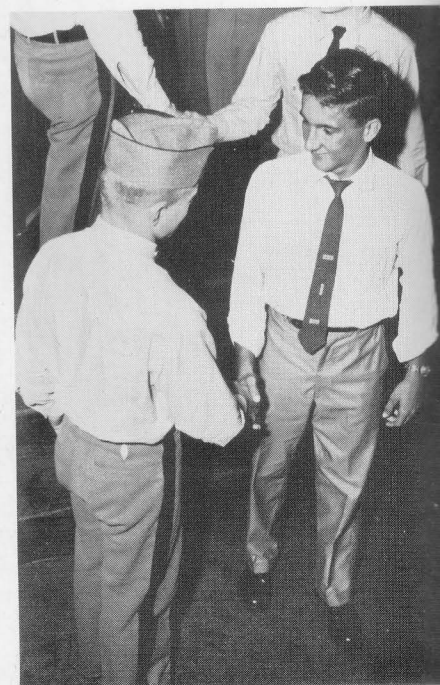

New equipment in biology, and in the other sciences assured continued interest. Class rooms were opened in the library and in the gym.

First parade, opening church services, and the banquet really caused the heads of the new cadets to reel.

Soon it was not quite as perplexing, especially when dates from the Halls began to enliven the weekends. As rapidly as September had begun, it was over. Friends had been made and the year was off to a real record—with a winning football team!

**"YOU GET YOUR WHITE SLIP here."** Capt. Hanson registers a somewhat frightened new cadet, Scotton, but Mr. Scotton finds the schedule a good one.

**ORIENTATION ASSEMBLY ENDS.** Captain Rocky Snell assures Pell that he'll have friends.

## FLOOR NEW CADETS IN SEPTEMBER . . .

**SMOOTH MEN,** Peters and Johnson, try the Warwick technique on Penny Ogden and Shala Maybud at first parade.

**"HIT THE BOOKS, MAN."** Peters receives his required subject matter from Lt. Saunders at the book room. The work comes later.

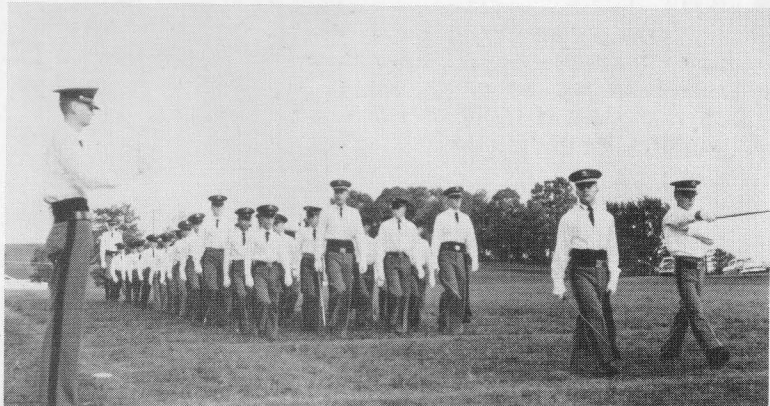

**"YOU'LL REALLY HAVE TO WORK!"** Major Kramer gives schedules out to Saunders and Nye. Holt is glad to be back "at home".

**"TO THE STARS."** Mrs. Roller assures Duke Fancher that he'll have the support of everyone, especially Stuart Hall's Joyce Phillips.

**SHIRTSLEEVES AND FIRST PARADE.** First Captain Fancher reviews E Company.

**DAILY SHINE . . .** Lt. Saunders shines his shoes to show the cadets how it's done at VMI.

**DAILY BREAD,** and meat and potatoes. Major Koogler's table looks well fed. Holland and McAleese clean the platters.

## ACTIVITY SLOWS WHEN THE BUG HITS . . .

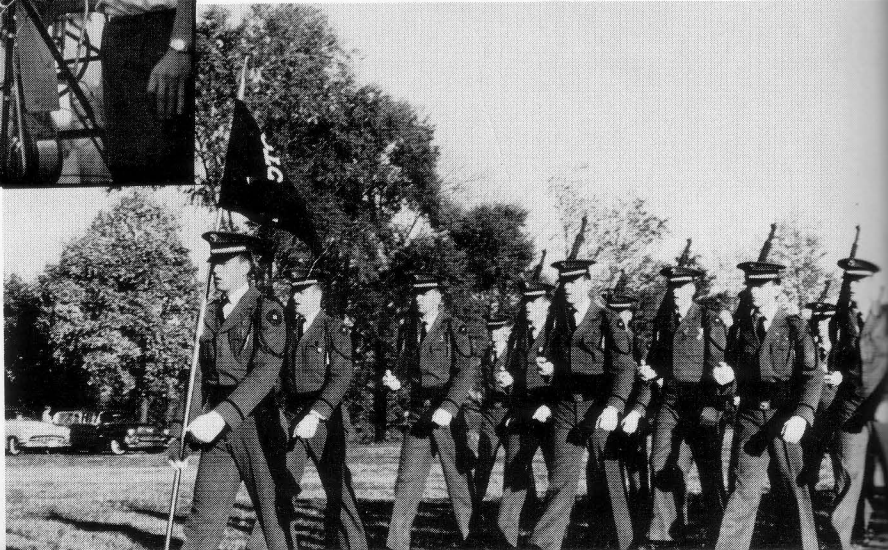

Tempo in October slowed, due to that universal bug, but with visits from 'copters, drills, and getting down to real study, the month was not a monotonous one.

Outstanding was the concert given by the VMI Commanders. It lifted the morale of all, especially when everyone realized that they'd be back for openings in November!

**EXHIBITION DRILL . . .** Roller Rifles took to the field every Sunday before parade to show their speciality—team work.

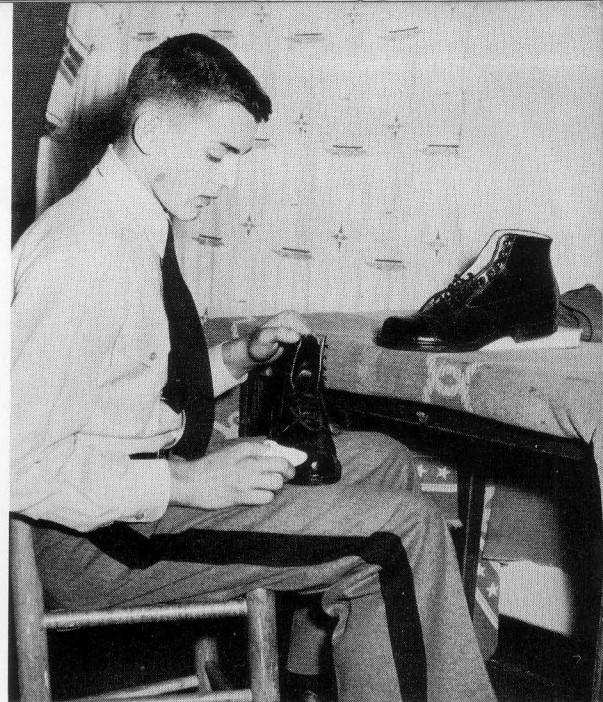

**SPACE MEN VISIT AUGUSTA!** Egg-beater dropped in one afternoon, but it was Mr. Candler. Danny is used to his dad's helicopter, but Glasscock and Nailler inspect closely.

**POSTPONED UNTIL NOVEMBER**, openings gave Conrad the time of his life, as he and Franny Price rocked a bit.

**ROCK 'N ROLL**, jazz, "Black Slacks" and "The Saints" pepped up the whole corps, when the Commanders played in concert.

## CEREMONIES, SPEECHES, PARADES CONCE

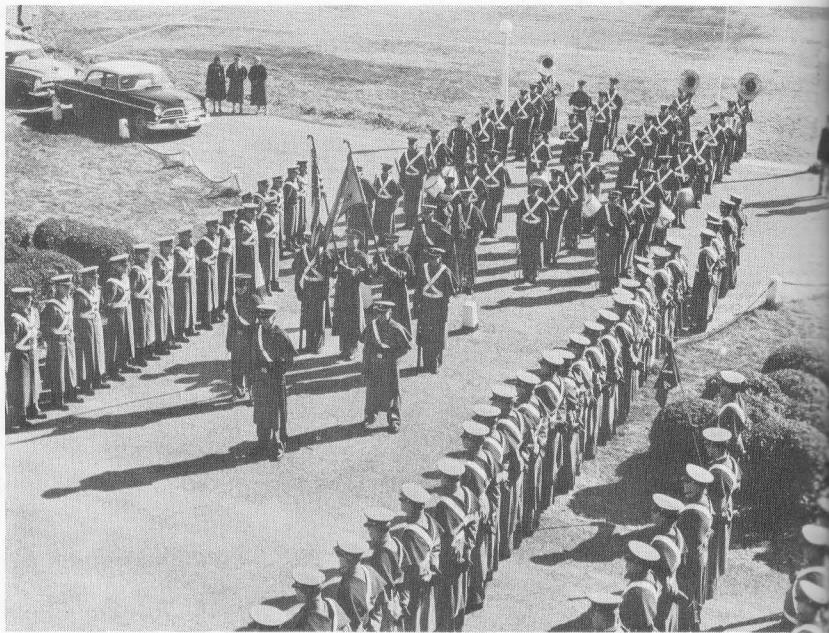

**"YOU MUST NOT FORGET** the sacrifice of our boys." Col. Roller dramatically describes that first Armistice Day.

Everyone began to feel a part of Augusta in the rush of November.

Opening Formal, sponsored by the Cotillion Club, was followed by dances at Fairfax Hall and Stuart Hall. Then came the 11th, with its ceremony, the parade, and the night off in Harrisonburg.

With a winning football team, Thanksgiving day was a smash, followed by Turkey Day banquet, and the Holiday Ball.

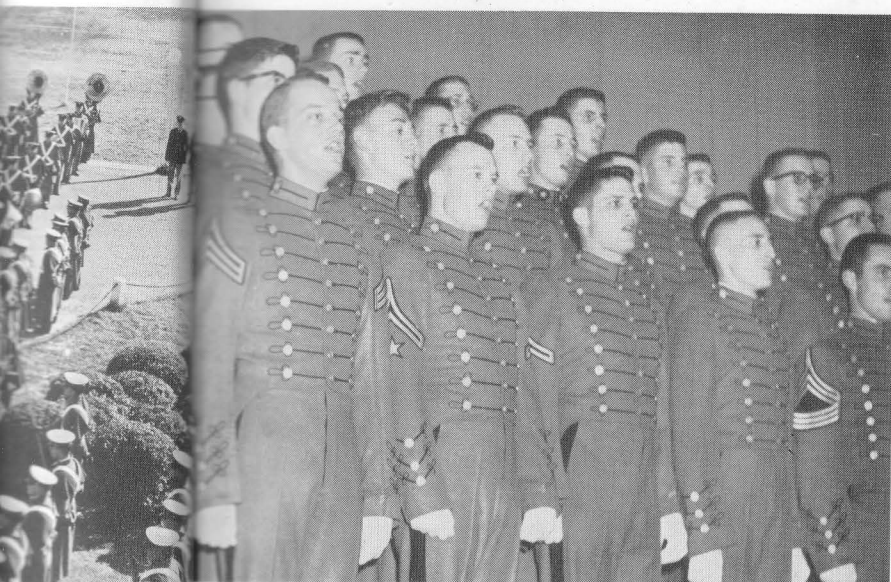

**SOLEMN FORMATION . . .** at 11 a. m. on the 11th to honor the dead of all wars.

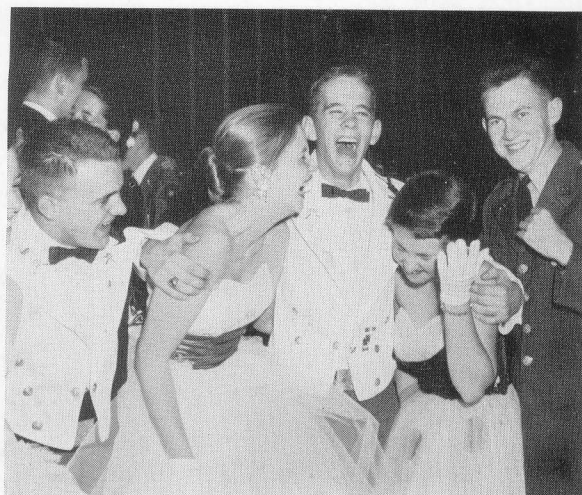

**DOWN THE STREETS** of Harrisonburg to honor and distinction. The corps receives a high rating in the parade, and the band wins more honors.

**"DIED ON THE FIELD OF honor sir!"** Dipped is the school flag for heroes from Augusta.

# PARADES, CONCERTS, DANCES, BANQUETS SPIN IN NOVEMBER . . .

**THE SPIRIT . . .** over half the corps attended the Glee Club concert given by the VMI Club at Lee High.

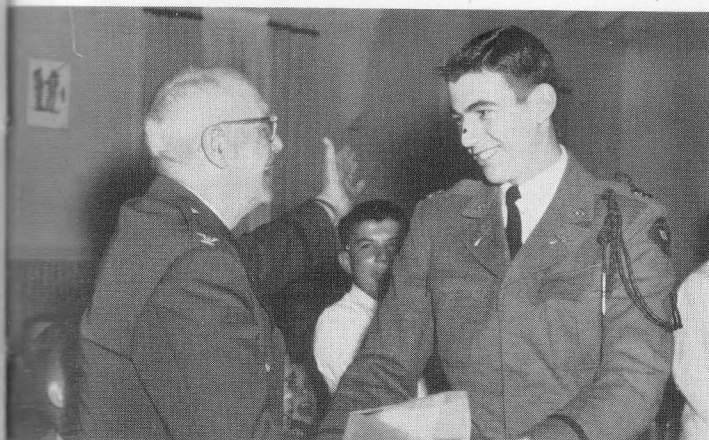

**IT'S A HOWL . . .** Cadets, dates, and teachers have fun at the Holiday Ball. Fran Price, Rocky Snell, Missy Groos, George Holt, Pat Edwards and Lt. Saunders enjoy intermission.

**STREETS** of Harbor and dis-corporps receives a the parade, and more honors.

**TENSE MOMENTS** as the Blue Streaks meet E. H. S. in the game of the week. It was a time for finger-nail chewing, as E. H. S. upset Augusta, 19-0.

**"A GREAT JOB, SON!"** Col. Roller congratulates Pete Kelley, captain of the team at the family banquet.

**FIELD OF** is the school from Augusta.

**WE DREAMED OF A WHITE CHRISTMAS**, but even tho' December came in with snow, it was an omen of a cold winter. The library, Old House, and Deane's castle look peaceful in the early morning.

## SNOW, RING DANCE, EXAMS . . .

**NOT THE OFFICIAL CHRISTMAS TREE**, but Andy Anderson and Giammaria find it pleasant at the Christmas dance.

**NOT A TOY**, but a Ruger single six. Lt. Kreisler, Snell, Boselli, Ballou, and Lampie watch Lt. Saunders open his Christmas gifts.

**BABY BLUE AND WHITE** and Fairfax Hall's Mimi Flinn turn Duke Fancher into a smiling first captain at the big Ring Figure.

**"NEVER HAVE YOU FORGOTTEN** them, and I know you will not this year," states Col. Roller in the plea for support of the Lynchburg Orphanage.

## ... THEN HOME FOR CHRISTMAS!

December—the month of expectation, joy, giving, and first exams!

Snow set the mood for the month, and for the first time, AMA had an outdoor tree.

YMCA sponsored the Lynchburg Orphanage fund and the corps gave more than it ever had before.

Then came the 18th—and home!

**"ON THE TWELFTH DAY OF CHRISTMAS"** chirp the members of the Glee Club, while the corps gives to support those less fortunate than themselves. Albert, Taylor, Eastlack, Ballou and Armstrong sing out under Mrs. Pritchett's direction.

## NEW CADETS BUY RANK—OLD CADETS BRACE!

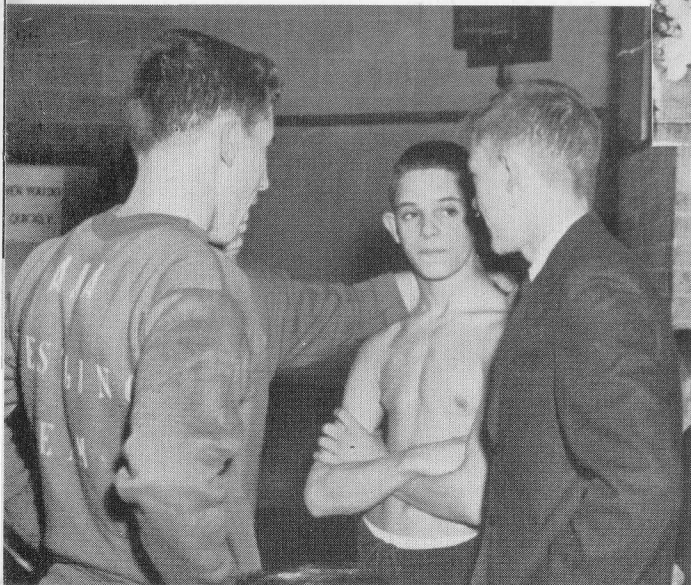

**CHICKEN FEED . . .** "C" Company men band together to buy rank for AMA's one and only Caesar. Van Evera and Conrad add to Boselli's fund.

January—month of the Polio Drive—snow, snow, and more snow—old cadets sell rank to raise money for WTON's Polio Fund—\$400 raised in one night—Sammy Mathis ranks Snell for a day—Science lecture by a Reynolds representative—wrestlers stomp Fishburne for a clean sweep in all sports!

**FISHBURNE FLOPS . . .** Calliari and Coulon receive congratulations from Lt. Saunders, as Capt. McDowell's wrestlers defeat FMS 41-10.

**SNOW MEN . . .** Don Massey and Keene Byrd stop to have their picture taken on the day of the first big snow.

## JANUARY BECOMES THE MONTH FOR POLIO!

**RAT FOR A DAY . . .** Cadet Captain Snell becomes a rat when Sammy Mathis pays \$10.20 to be "E" Company Captain for a day.

**SNOW ETCHING . . .** And this is just how barracks looked for over four weeks, as the cold fronts moved into Virginia.

"**ALUMINUM IS INDUSTRY'S** greatest help today," states Mr. Lowdon at his lecture to AMA's science students. After the lecture, which featured a picture about bauxite mining and aluminum production, Cadets Wagner, Calliari, Flores, Van Evera and

Riddle, among many others, peppered Mr. Lowdon with questions about opportunities in chemical engineering and in the allied fields. Stressed by Mr. Lowdon was the necessity for a broad education by all engineers.

February came in with a bang—Ad Astra helped the corps to raise over \$1,016.29 for the polio drive. The Glee Club and Band added over \$300 to this total, as they performed over WTON.

Bob Carson's Peytie Hamilton and Caesar Boselli's Sarah Graham became Queens for the Lions Club's Teen-Queen Hop.

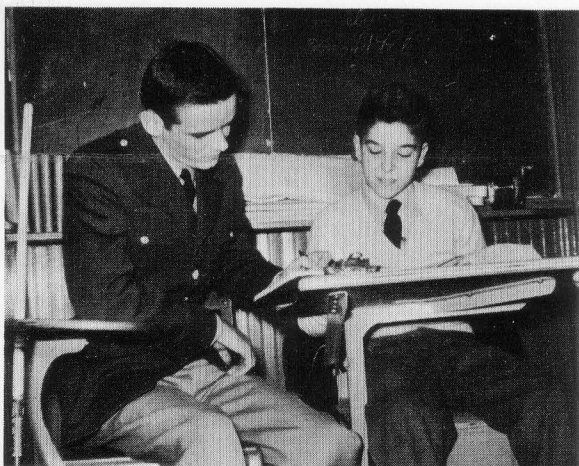

Blizzards, snow, and a bit more cold weather didn't dampen spirits, as every winter team had a good season.

**DUMBO DOUBTS . . .** but Rocky Snell and Dave Conrad assure George Holt that the corps has come through with \$1,016.29, over \$400 more than in '57.

## \$1,016.29 FOR POLIO! TEEN-QUEEN HOP . . .

**YMCA CONFERENCE . . .** Duke Fancher represents AMA, along with four other cadets and Capt. Hanson at the Natural Bridge conference.

**NIGHT FUN . . .** Lanks, Spillan, Mayne, Hall, Ridgeway and Siman take advantage of the frequent snows to sled for a while on Mr. Jordan's hill.

**NEW ARRIVAL . . .** and he pitched right in to help the juniors. Lt. Steffee shows Mac Coiner how to pick out parts of speech in eighth grade English.

**QUEEN FOR A YEAR . . .** Charlotte Birch of Staunton and Lee High becomes the Queen of the Hop. Col. Roller welcomes her and all visitors at the Lions Club dance to AMA.

**NOTHING CAN STOP . . .** the Grey Ghost. Even the year's biggest snowfall doesn't stop Col. Roller from driving over for Sunday inspection!

**AND MORE SNOW FOR FUN IN FEBRUARY . . .**

**WHEW! MAN . . .** They made a mistake! Bob Carson knows that Peytie Hamilton of Stuart Hall and Alabama is the real queen.

**SNOW, SNOW, SNOW** . . . and even 14 inches IN MARCH! Sledding became a spring sport, with spills and some thrills.

**PACK ON BACK** . . . Sgt. Haynie demonstrates the correct way to wear the pack. McAleese, Harmon and Anderson watch the expert.

**ELUSIVE LITTLE BALL** . . . but the lacrosse players don't mind. They even practiced IN SNOW! Major Hoover watches carefully.

## WE "MARCH"-ED THROUGH SNOW, PRACTICED SPRING SPORTS . . .

March . . . and it came in like a lion, acted like one, and ended like one. The heaviest snow of the year greeted us on the ninth, and another one on the thirteenth! But still, we had magician shows, square dances, spring sport practices, and EXAMS!—Then came the best part of the month, a rest period which included Easter! It was a "lionine" month.

**NEW SPORT** . . . up and over goes Urbina in his practice of hurdling. Capt. Pritchett re-initiated the sport this year, with enthusiasm from all.

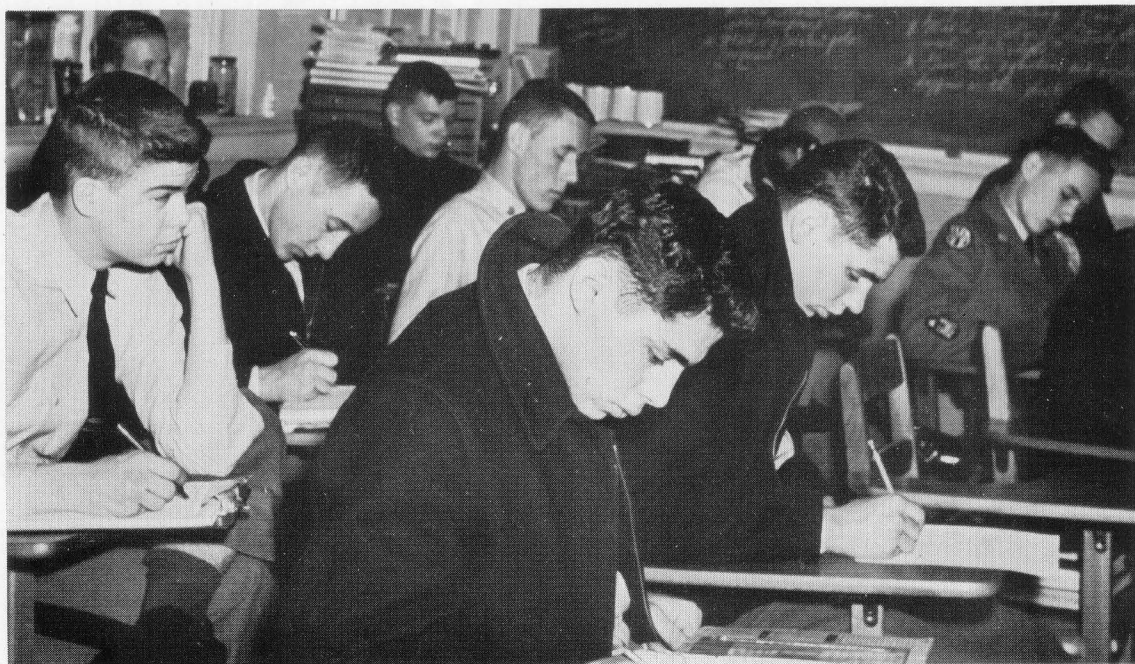

**SWING YOUR PARTNER . . .** Zehmer, Margy Ann Wilson, figure leaders, get right in to the swing of a barn dance. In the background are Fran Price, Van Evara, Ba DeBlonay and Slade Ballou, all having fun acting country for the night.

## TOOK COLLEGE BOARDS, AND EXAMS—THEN HOME!

**BRAIN FOOD . . .** Preparation for exams seems just as hard as the exams to Atkinson, Kruppenbacher,

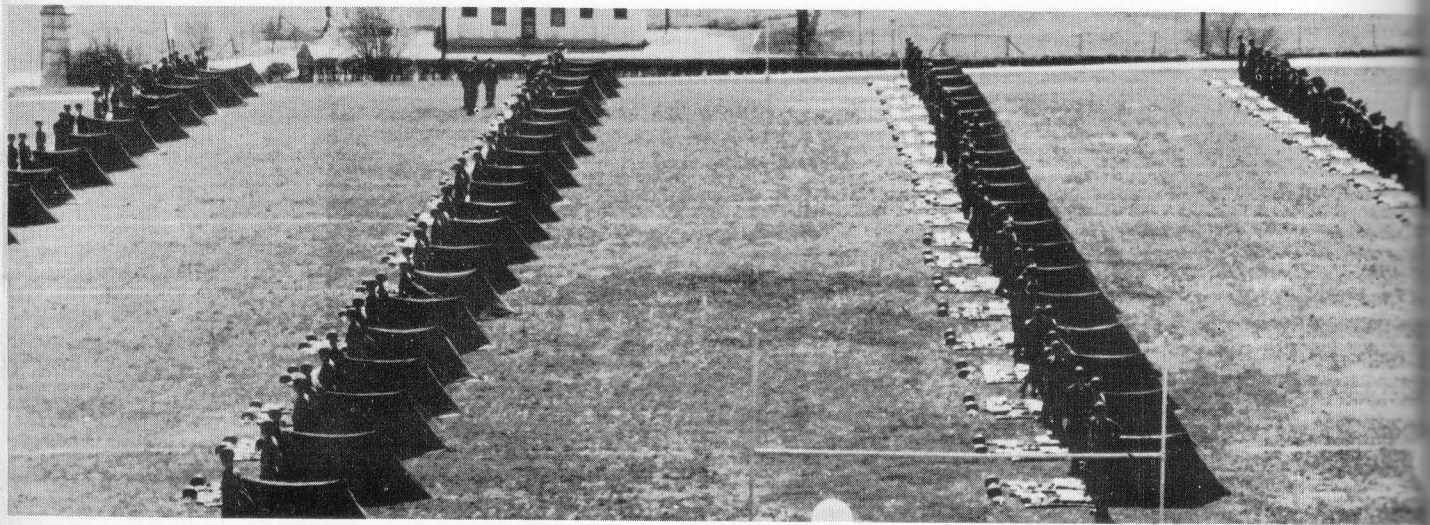

Towe, Ridge, Sefa, Steciw, and Burnite. After this, however, came the big break—vacation time!

## APRIL'S CLEAN-UP FIX-UP, SPRUCE-UP . . .

FOR GO

**TENTING ON THE OLD FRONT FIELD . . .** the troops put on a display that pleases everyone. Government In-

spection signals the beginning of spring, and a rigid inspection in order to be named—Honor School.

**SHINE UP . . .** line up. Mrs. Cumpston helps Herold, Dowdy, Hicks, Serwat and Elder get clean clothes for the big day to come.

Paint, scrape, clean-up . . . that's what happens the minute Easter vacation ends. The big moment in April is Government Inspection.

Classwork becomes rigid, and bayonet drill, tenting, and parades are the order of the day.

With G. I. successfully over, AMA becomes an outdoor school overnight, with baseball, track, tennis, and lacrosse games every afternoon.

**"SPOTLESS, SON" . . .** Col Ressijac checks Ridge's weapon at morning inspection.

**CLEAN BORE . . .** Zehmer passes inspection before the formal parade. Clark and Plazaola wait for Col. Ressimac's approval.

## FOUNDER'S DAY, PIN-UP QUEEN DANCE . . .

**SHARPEST MEN IN THE CORPS . . .** Roller Rifles, formed in memory of Capt. C. S. Roller, III, perform every Sunday during the spring. High point,

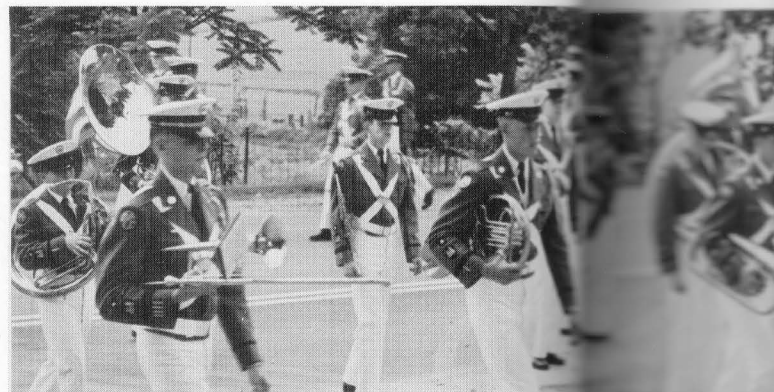

however, for the boys who practice all year, is the trip to Winchester for the Apple Blossom festival.

From the first of May on 'til the last, it's a month of activity.

On the day of rest, 8 May, the entire corps marches up the pike to Old Stone cemetery to pay tribute to Professor C. S. Roller, our founder. Col. McCue briefs a history of AMA and Mr. Allison offers a prayer.

Then comes Pin-Up Queen Dance, company banquets, and finally EXAMS!

**QUEEN MARY . . .** AMA's Pin-Up Queen in '56, Mary Louise Oliver passes through the saber arch formed by Clotfelter and Saunders. Byrd waits to escort her to the stage as Joyce Phillips looks on.

## AND MAY ENDS IN A RUSH!

### "YOU'VE MEANT A LOT TO US."

Goodloe Saunders shakes hands with Mr. Allison, after Baccalaureate services. Buchanan rushes out, knowing diploma time is at hand!

**TRAFFIC STOPS . . .** twice during the year, the Pike becomes AMA parade ground—at Founder's Day time and for the Baccalaureate services. With muted drums, the band plays hymns up the highway.

**FLAG MEN . . .** an impressive sight in every parade, AMA's color guard stands out especially during Finals. Weiner, Jaeger, Radford and Eastlack practiced for that perfection.

**QUEEN JOSETTE . . .** chosen as queen by Col. Roller from pictures submitted by many cadets, Josette Eubanks enters the arch with King Wayne Duffy. AMA's Pin-Up Queen was also Miss Stuart Hall for '57-58.

## JUNE WEEK—SPONSORS' PARADE, BUFFET SUPPER . . .

**PRETTIEST PARADE** of the year . . . Sponsors with the captains on the final Sunday. Goodloe Saunders with his mother, Duke Fancher with Frances Taylor, Steve Rodgers and his mother, and Jim Smith with his mother.

**HEARTY MEAL . . .** and a real welcome from White Hall. Mrs. Saunders and Goodloe receive a greeting from Mrs. Roller.

Exams are over . . . and from then until the diplomas are handed out, it's a round of parades, parties, meetings, and dances.

Here are memories which make Augusta's Finals different . . . this is for the record.

**THE DAY . . .** Headquarters Company marches into the gym past the seniors on graduation morning.

## AND THE RECORD ENDS!

**GOODBYE . . .** Goodloe Saunders, valedictorian, echoes the thanks of all the seniors for what AMA has meant to them.

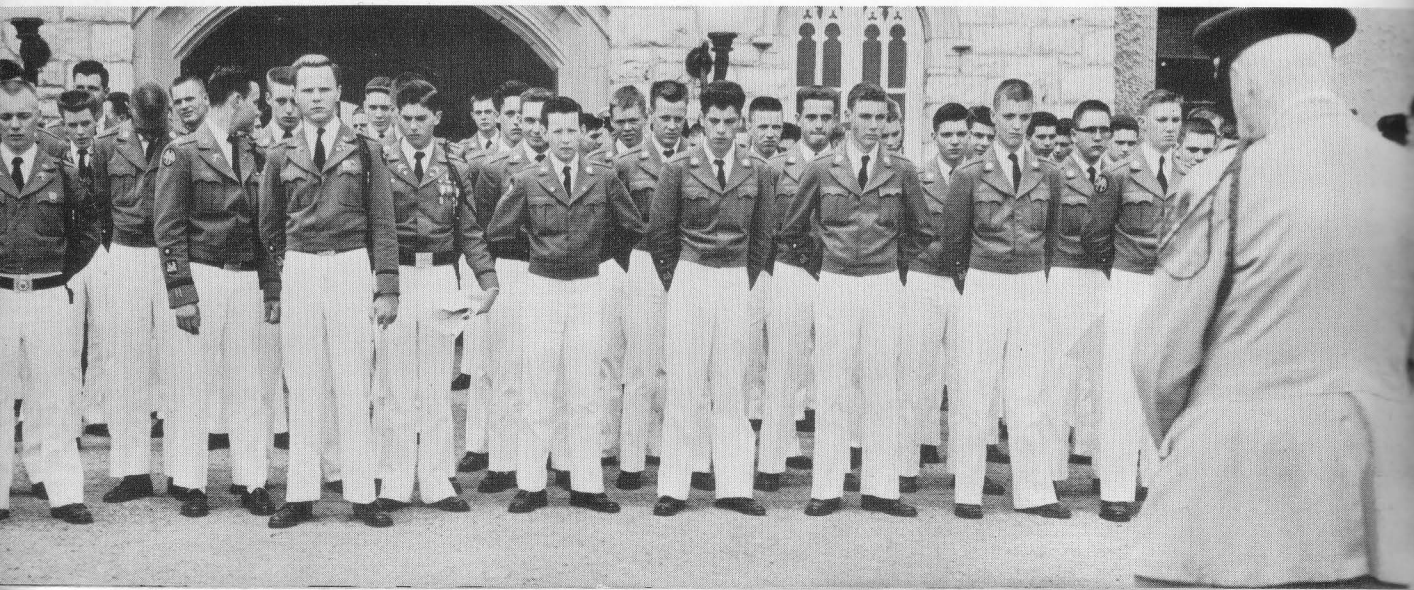

**AD ASTRA . . .** and the proudest moment possible. The ten most outstanding cadets, as selected by faculty vote, receive from Col. Roller their gold pins. Col. Roller congratulates Rodger Morris and his mother during the ceremony.

**ALGEBRA STAR . . .** Coulon receives the Algebra II award from Col. McCrum for his excellence in second year algebra. Coulon also won honors in French.

**"AULD LANG SYNE" . . .** and scarcely a dry eye in the whole corps, as Col. Roller bows his head before

"his" boys. And the sun sets on an empty barracks in Fort Defiance.

distance from Camp Kannata, but eons away in environment.

**CHICKEN FRY** . . . Saturday nights at Kannata. Kelley, Sandridge, Bryan, Clottfelder, and Ballou rip the chicken apart, and Eastlack proves that he's the chef.

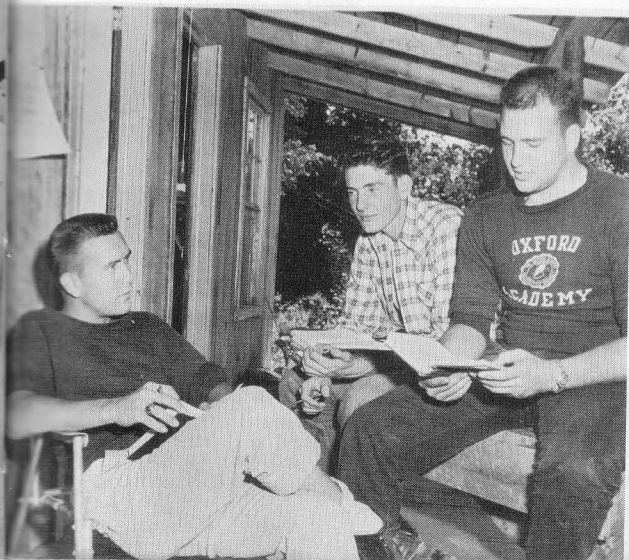

Summer time is play time, but it also can be school time.

Life at Camp Kannata goes from concentrated school work, to cave exploration, fishing expeditions, and softball games.

The boys here continue the record.

**JE PARLE** . . . do you? Massey, Sandridge and Lanks brush up on French, and find it pleasant to have classes in the sun.

## THE CLASSES

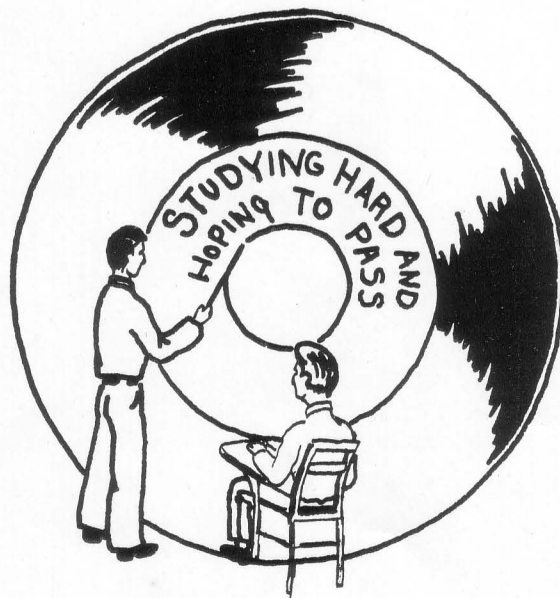

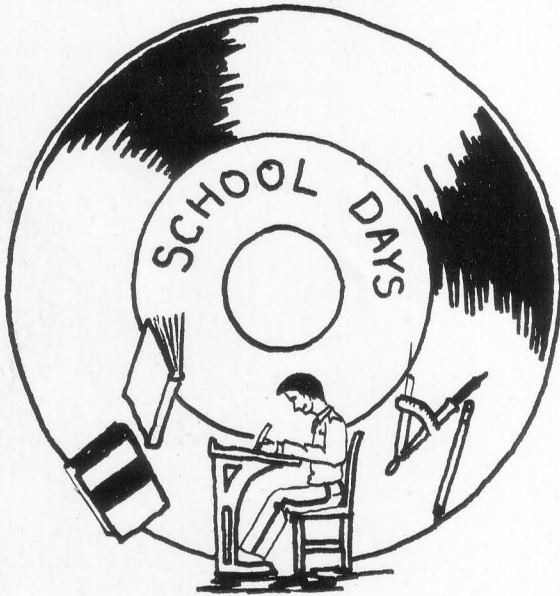

1958—the year when the individuality of the Augusta seniors became even more apparent. The record they made in leading the corps made school history. Sparked by the seniors, AMA's football team had its best season in five years.

With winners in several scholastic contests, the seniors proved that they had assimilated the knowledge which had been offered them in the classroom.

Each class in '58 had characteristics which separated one from the other. Most memorable, of course, was the record number of "rats" who made history as they "braced".

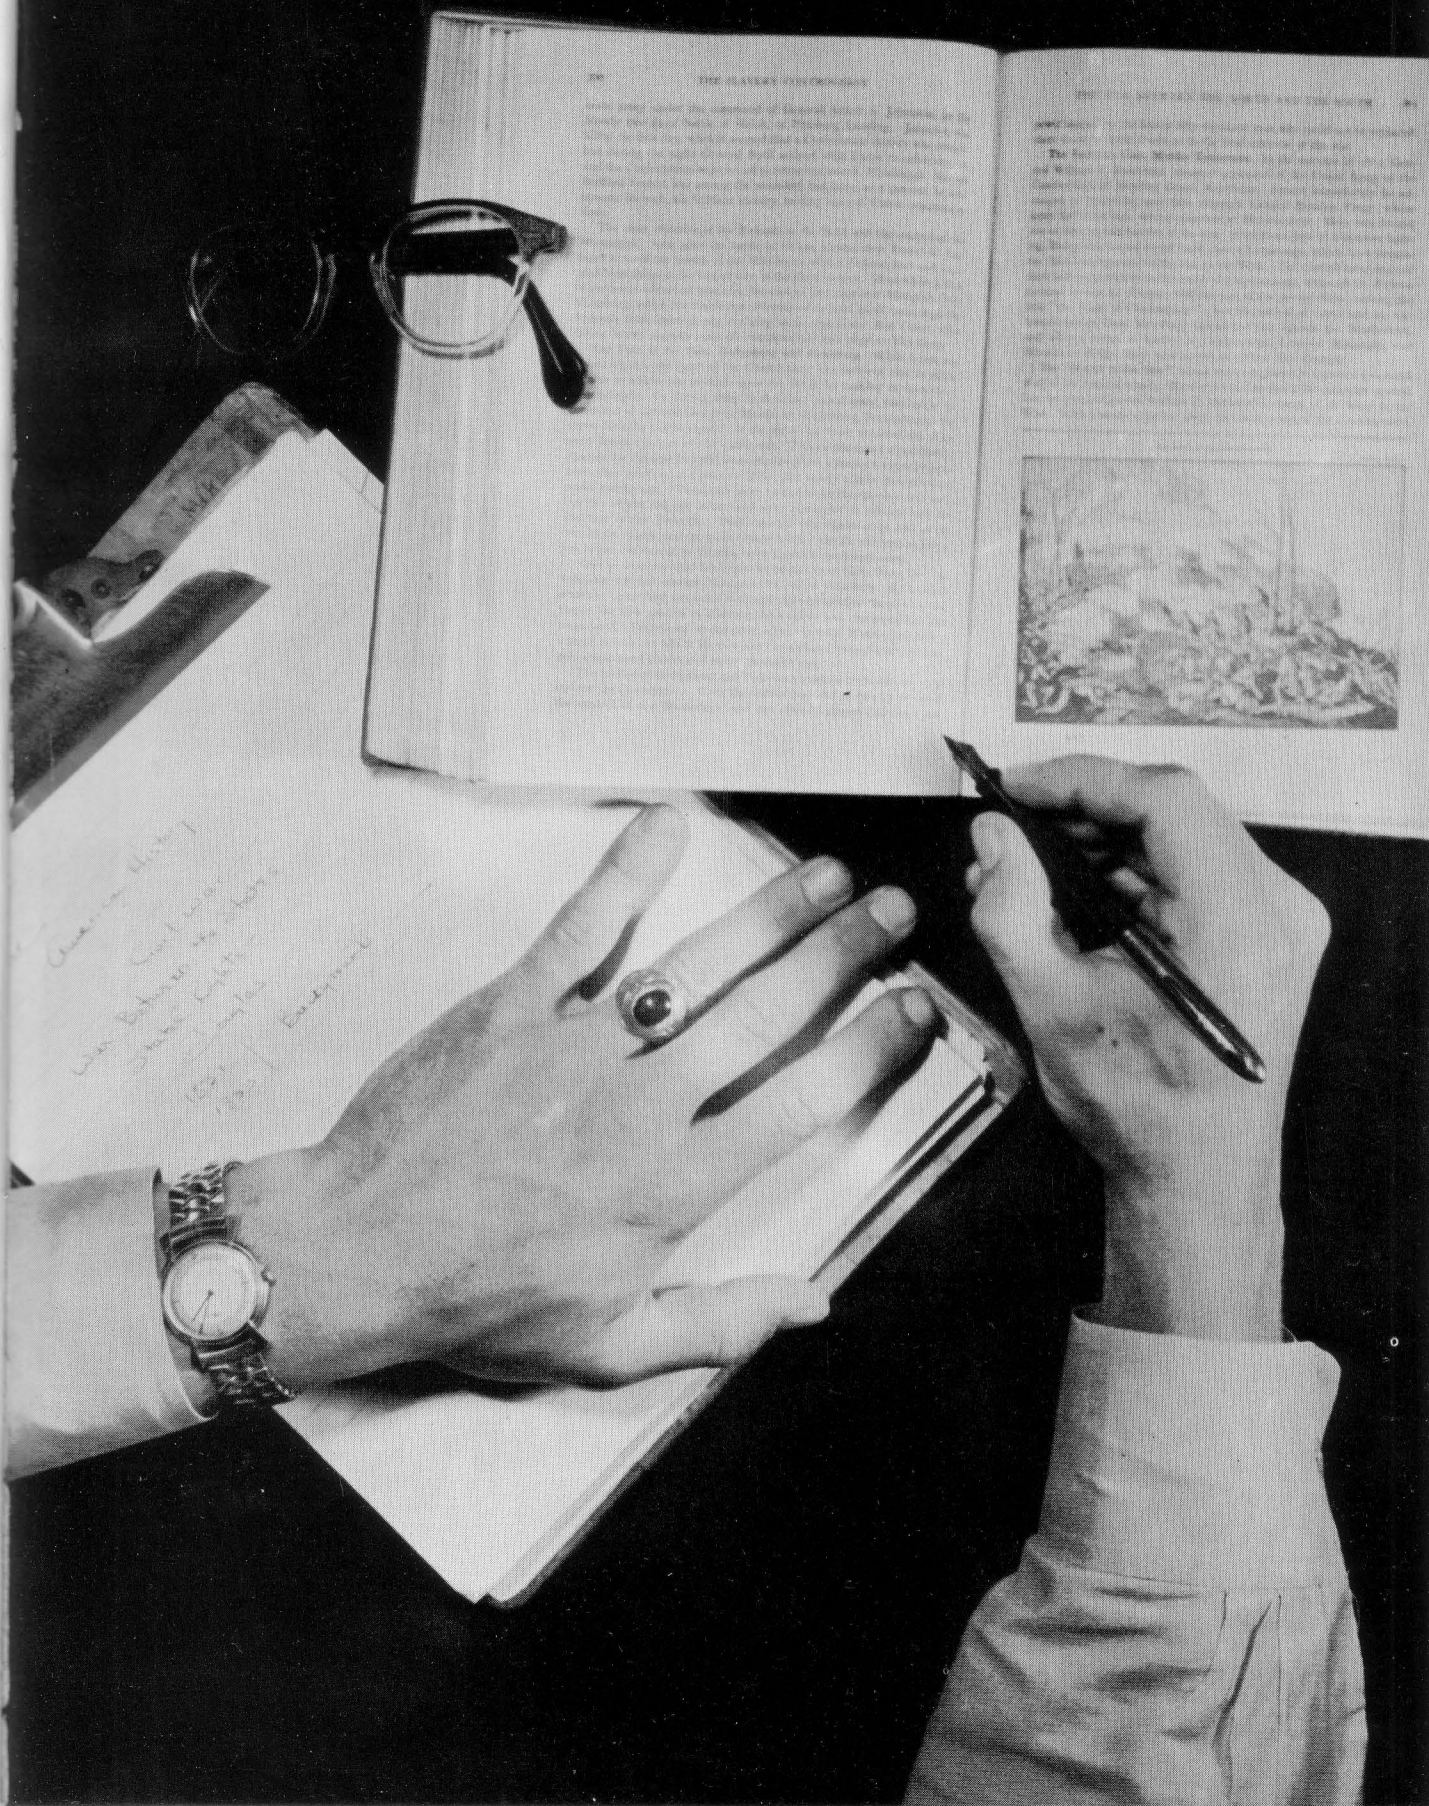

Every class arose to the occasion when any drive was needed—Lynchburg Orphanage—Community Chest—Polio.

Warm friendships have been formed by the members of the corps of '58. They will always recall one another.

# FROM SEPTEMBER TO JUNE, EACH SENIOR . . .

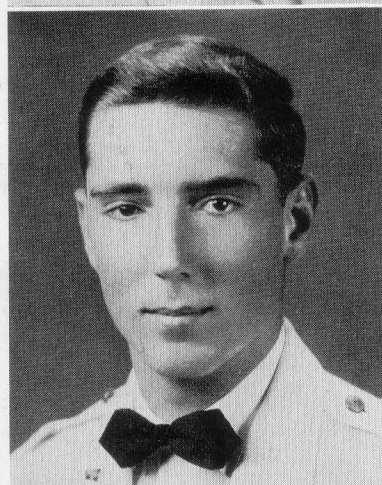

**ALEX AKERMAN, III**

Alexandria, Virginia

Pvt., 1; 1st Sgt., 2; Honor Roll, 1, 2; The "Bayonet" editor, 2; Fencing, 1; Cotillion Club, 1, 2; Roller Rifles, 2.

1958's academic king—it's bound to be Andy. For the past two years, anyone in the scholastic mire turned to Andy for the help he knew he'd get to correct his difficulties. With Andy as editor, the "Bayonet" took on a new look, proving that Alex can be the spark plug of any organization. Don't let the efficiency fool you, 'cause he's a barrel of fun. The tower crew can vouch for that!

Alex

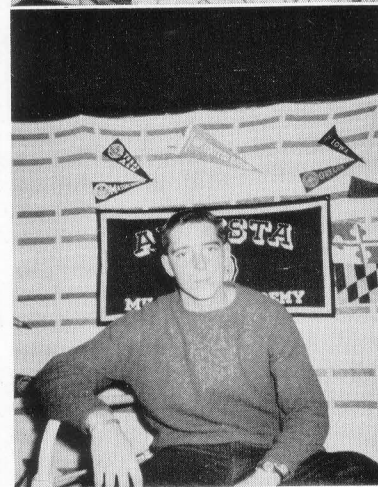

**WALTER RANDOLPH ANDERSON**

Staunton, Virginia

PFC, 1; M/Sgt., 2; Football, 1, 2; Basketball, 1, Captain, 2; Baseball, 1, 2; Golf, 2; Color Guard, 2; Honor Committee, 2; Roller Rifles, 2; Vice President 2nd Year Men, 2.

Not as a roaring surf's pounding breakers, but as the encroaching evening tide does Andi's affable nature spread. Behind that cloak of mildness lies a reservoir of matchless wit and dry humor. Andi's sensitive nature helped him in many ways, and in others, probably stopped him from realizing his full potential. A great athlete, the basketball team wouldn't have racked up the great victories without his rugged playing. Best of all, he may return!

Andi

**THOMAS MERRITT ARMSTRONG, JR.**

Dover, Ohio

Pvt., 1; Football, 1; Swimming, 1; Cotillion Club, 1; Glee Club, 1.

Pork and beans don't seem to slow up the fireball from Ohio. Tom's shower serenades paid off as he made the Glee Club. His interests aren't confined to music, however, for he is an incessant reader of popular novels and he never tires of letter writing. Of course, his record in swimming and in football proves that he's also quite an athlete. Sefa, Tom's squad leader, has helped make Tommy feel right at home.

Tom

**ALFRED SLADE BALLOU**

Oxford, North Carolina

Pvt., 1, 2; SFC, 3; 1st Lt., 4; Swimming, 1, 2, 3; Lacrosse, 1, 2; Cotillion Club, 1-4; Tennis, 2-4; Roller Rifles, 3, 4; Glee Club, 4; RECALL, 4.

Dah, dah—but carbon's valence is four! Good old Slade can be depended upon in any given situation to ask about a billion questions. That's, of course, when he isn't before the mirror preparing to slay Stuart Hall. Typically Southern, Slade's a noted dancer, participant in bull sessions, and a big-hearted fellow who will always help when needed. We don't need a record to recall his drawl—maybe that's what the Hall liked!

Slade

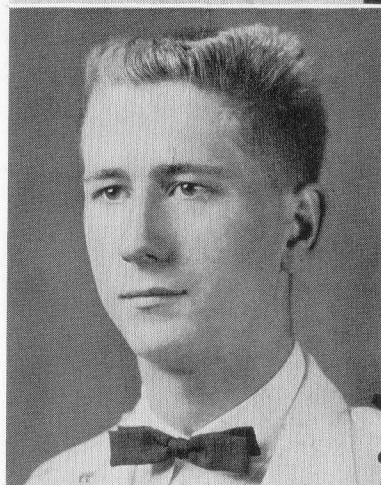

**WILLIAM STURGES BRYAN**

Oxford, North Carolina

Pvt., 1; Sgt., 2; Swimming, 1, 2; Cotillion Club, 1; Privilege List, 1, 2.

Much sadness in Oxford—well, there was when Sturges came NORTH to AMA, but it was Stuart Hall's gain. Now it's back to Carolina for this swimming flash. His record is embedded in the minds of all of his friends who'll never forget our little old "Scrooge," as one of his nicknames goes. Sturges can really hit the books, and his standing proves he's done a mean piece of studying.

Sturges

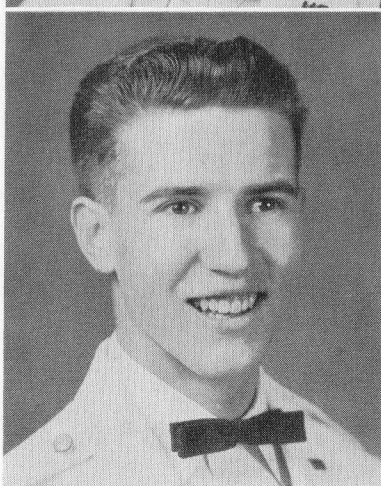

**LUIS ERNEST CALLIARI**

San Jose, Costa Rica

Pvt., 1; Wrestling, 1; Tennis, 1; Cotillion Club, 1; Honor Roll, 1.

"Man, it's cold"—and so rules, or no rules, down came Cal to every formation during the snow months with that flamboyant scarf to ward off the icy blasts. "Coolie babie" is a natural athlete and he proved that wrestling was his dish during the winter. Sports and academics didn't deter his letters from down under—(or from his answering them). Cal's a true friend. He'll back out of an argument to save a friendship.

Cal

## SOME SENIORS ENTERED AMA . . .

### ROBERT ARTHUR CARSON

Lynchburg, Virginia

Pvt., 1; M/Sgt., 2; Capt., 1, 3; Cotillion Club, 1-3; Football, 1-3; Basketball, 1, 2; Honor Committee, 1-3; President 1st Year Men, 1; President 2nd Year Men, 2; President 3rd Year Men, 3; Baseball, 1-3; Roller Rifles, 2, 3; Rifle Team, 3.

"Sweet lips" goes right on making friends, conquering Stuart Hall, and firing on that championship rifle team. Bob was born a leader. Not a day goes by that he doesn't prove that his men do follow him. Another year at AMA hasn't taken the sparkle out of his champagne personality—it's just added to it! The fourth stoop tower will never be the same!

Bob

### FRANK WAYNE DUFFY

Roanoke, Virginia

Pvt., 1; SFC, 2; President 2nd Year Men, 2; Cotillion Club, 1; Honor Committee, 2; Football, 1, 2; Wrestling, 1; Lacrosse, 1, 2.

22-5 has really found an advocate in Duffyville's pride, Wayne. He has taken to the military like a duck to water. Little needs to be said about his achievements with the opposite sex; his girl was Pin-Up Queen last year! Wayne's a real stickler for cleanliness and a clean room. Yet, Wayne's a shy and unconceited cadet—but he does think that he's a real lover!

Wayne

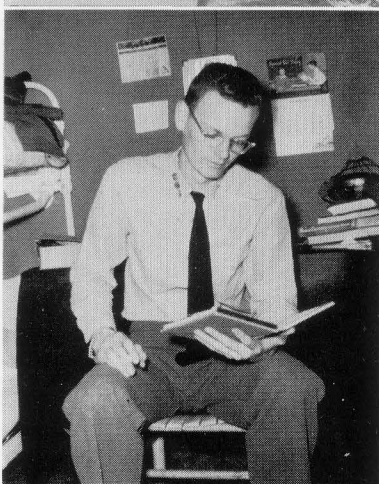

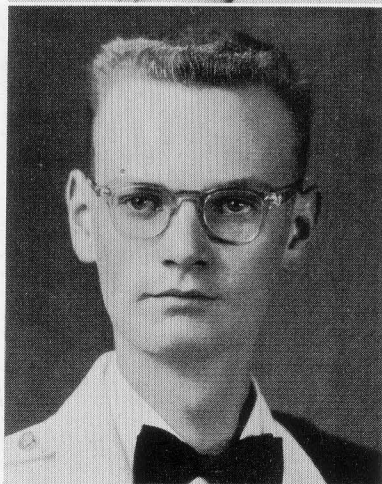

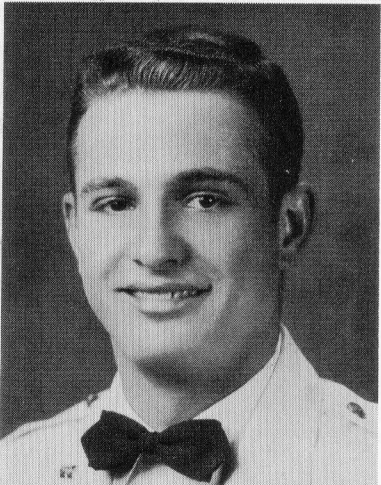

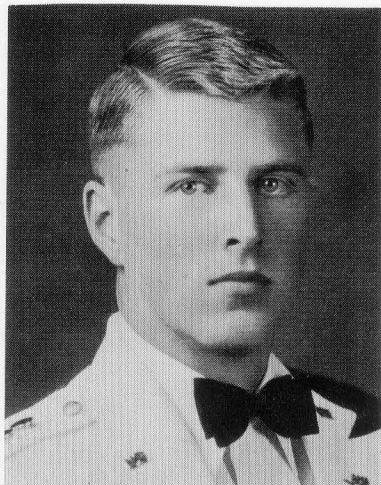

### TRION DUKE FANCHER, JR.

Silver Spring, Maryland

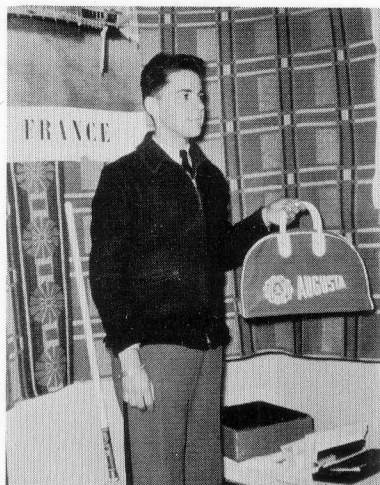

Pvt., 1; SFC, 2; Capt. Adj., 3; 1st Capt. and Batt. Cmdr., 4; Student Body Vice President, 3; President, 4; Editor RECALL, 3; Roller Rifles, 2-4, Cmdr., 4; Final Ball, 2-4; Cotillion Club, 1-4; Decorator, 2, 3; Quill and Scroll, 3, 4; YMCA Officer, 2, 3; Tennis, 2; Cheerleader, 2, 3; Ad Astra, 2-4.

Tops—4.0—done most! Few cadets ever deserve the honors more than Duke. He's endured every nickname in the book—from "Toothpick" to "Telephone Pole"—'cause he is tall (6'4") and rather thin (152 lbs.). Still Duke's on fire to do his best. He has the distinction of having the biggest corps at AMA in ten years; his year-book won top honors. Yes, Duke, you WILL BE MISSED!

Duke

# LA . . . . . FOUR, FIVE, AND EVEN SIX YEARS AGO . . .

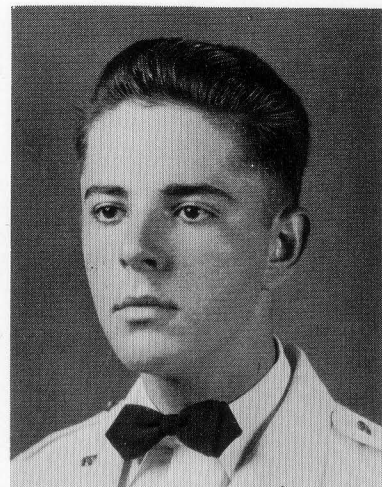

## LEON FISZMAN

Honduras, C. A.

Pvt., 1; Cpl., 2, 3; Honor Roll, 1-3; "Bayonet" Bus. Mgr., 3; Privilege List, 1.

Honest, sincere, and good . . . therefore, we've teased him to death, but he's considered a true friend by those who know him. The "Bayonet" did better financially than it had in years under Leon's management. Record collecting has become his hobby and through it all, Lee's stayed right up there in the academic race. We'll always recall that head of hair, which never seemed to be cut—that was his pet peeve—having haircuts!

Leon

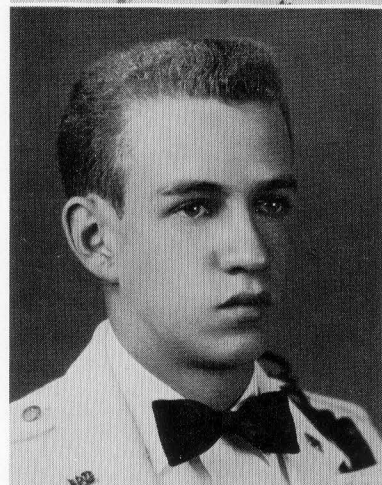

## CARLOS LLANOS FLORES

Caracas, Venezuela

Pvt., 1; Sgt., 2, 3; Football, 1-3; Tennis, 1-3; Student Body, 2; Decorator, 1; Honor Roll, 1, 3; Roller Rifles, 3; "Bayonet", 2, 3; Cotillion Club, 1-3; Basketball, 2; Baseball, 2, 3.

First of three—that's right, AMA has three Flores from Caracas, and Charlie's the first to lead the invasion. From the top of his head to the tip of his shiny shoes, he's spit and polish. Polite, understanding, and helpful, he's respected by all of the Spanish boys and liked by everyone. He'll soon need someone to catalog his record collection and his dance steps. During the summer he's a real fisherman!

Carlos

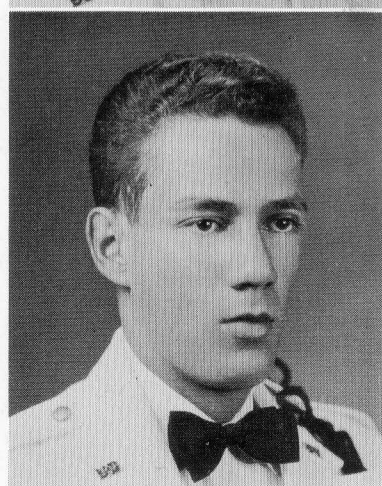

## EDUARDO LLANOS FLORES

Caracas, Venezuela

Pvt., 1; Sgt., 2; SFC, 3; Baseball, 2; Cotillion Club, 1-3; Roller Rifles, 3; "Bayonet", 3.

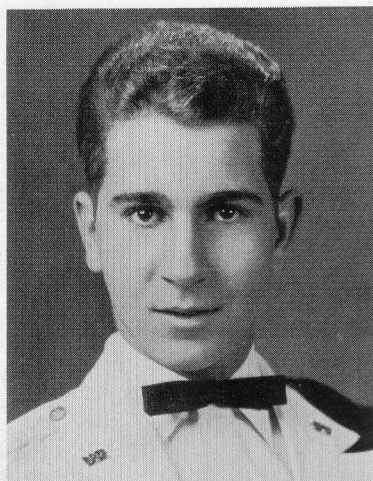

Coco's a bit reserved, but he's every bit as popular as his big brother. President of the local "Spanish" Club, he leads the jam sessions held there daily after drill. A wiz in trig, Coco likes anything which deals in numbers (including money), and he is a real perfectionist. That can be seen readily by the amount of English he's learned in three years—in fact, he's phenomenal. You can count on him to be neat and spotless, always!

Coco

# ... AS SENIORS AT AUGUSTA, THEY ...

**ALFREDO GARCIA**

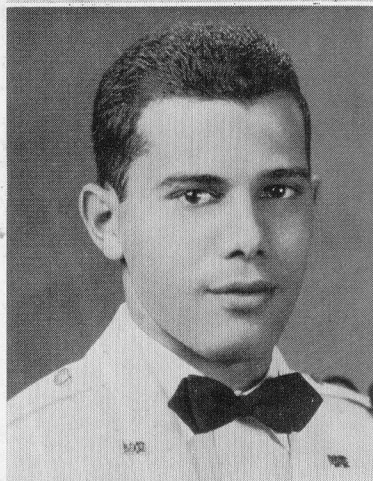

Habana, Cuba

Pvt., 1; SFC, 2; Sgt. Major, 3; 1st Lt., 4; Privilege List, 1, 3; Honor Roll, 1-4; Swimming, 2, 3; Rifle Team, 4; Roller Rifles, 3, 4; "Bayonet", 4; Ciceroian Literary Society, 4; 1st Place, Nat'l French Contest, 2.

"So-so" will have to pay duty to take all of his medals back which he's won in everything from first place in the National French contest to his numerous rifle team awards. For two years, So-So won best in competitive drill. He's also won a place at Fairfax Hall! Good natured, he's been a help to all of the Spanish boys, and he certainly does shine in academics. To top it all off, he's only 15, and he'll be graduating toward the top of his class!

Fredo

**RAUL GONZALEZ, JR.**

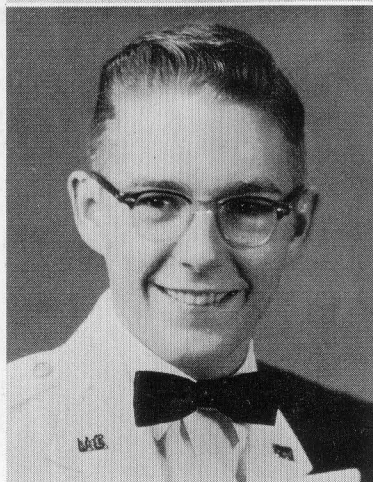

Caracas, Venezuela

Pvt., 1, 2; Baseball, 1, 2; Cotillion Club, 2; Roller Rifles, 2.

Clown—joker—prankster. When anyone sees Raul, he's bound to start laughing, because our Coco-liso is just about the clown of the corps. No one at camp will ever forget his "shows" with Uncle Bob Eanes! Ask him any question about baseball, and he'll come up with an answer, especially about those Yankees. Actually, he'll argue about anything, just to keep the conversation interesting, and the bull session long.

Raul

**J. HUGH HARMON**

Bethany Beach, Delaware

Pvt., 1; Cpl., 2; Sgt., 3; SFC, 4; 1st Sgt., 5; Capt., 6; Capt., 7; Junior Athletics, 1; Cotillion Club Treas., 6, 7; Roller Rifles, 4-7; Fencing, 1-7; Capt., 5-7; Honor Committee, 7; Pres. 4th Year Men, 7.

When "songs" begin to pour forth from the second stoop tower shower, EVERYONE knows it's five, and that it's H-2—but that's the only time of the day when he doesn't have on his crisis hat. The fencing team will be practically "foiless" without him; he's been captain for three years. Romeo, jeep boy, and great man—all apply to Hugh.

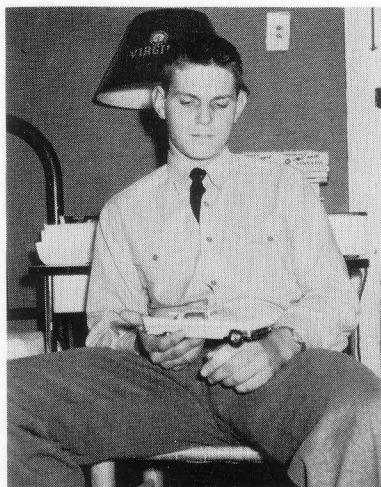

H-2

HEY . . .

**HERBERT WINFIELD HAUSMANN, JR.**

Yardley, Pennsylvania

Pvt., 1; Football, 1; "RECALL" sports editor, 1; NROTC Scholarship winner, 1; Honor Roll, 1.

"Beep, beep, I'm a jeep!" No worry—it's just H-2, Jr., pretending to be an automobile. That's a holdover from his summer occupation of test driving cars for Firestone. He and Linton are the only two new cadets to have NEW cadets working for them! Herb has won an NROTC scholarship. That shows what real ability this red hot fireball has. He's been an expert in chemistry, in addition to his coercive leadership.

Herb

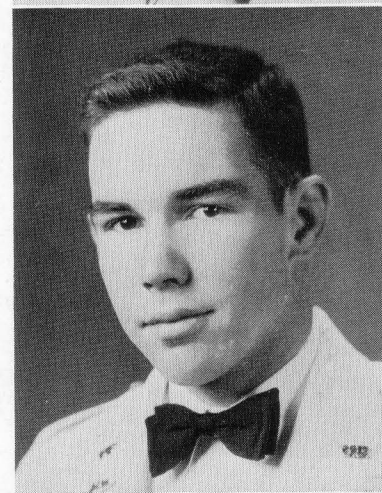

**WILLIAM FRED HEDGEPATH, JR.**

Conway, South Carolina

Pvt., 1; Band, 1; Cotillion Club, 1; Honor Committee, 1; Best New Cadet, 1; Swimming, 1.

Bill plays the sweetest trumpet this side of heaven. He's been the difference to a large extent of the band's new sound this year. Best new cadet—Honor Committee—that gives an indication of the respect which he has earned for himself in such a brief time. Maybe it's that quiet, even disposition and the friendly smile he has for everyone that's given him so many friends.

Bill

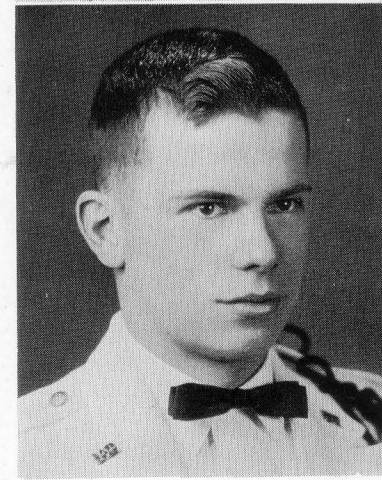

**JOHN MICHAEL HEROLD**

Charleston, West Virginia

Pvt., 1; SFC, 2; Tiger Football, 1; Fencing, 1; Decorator, 2; Roller Rifles, 2; Cotillion Club, 1, 2; Honor Roll, 1, 2; Baseball, 1, 2; Best New Cadet, 1.

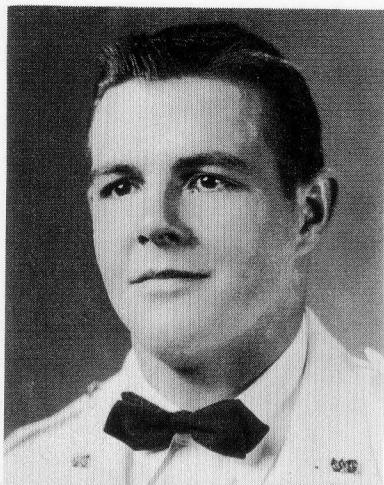

"There's only one car—Chevrolet!" At least, that's what our military mite who's also a ridge runner, says. Conservative, sincere in his studies, and ever anxious to do better in military, he's called "father of wisdom" by his roommates. He's been an excellent platoon sergeant and best NCO at many inspections. Mike's done mighty well at Stuart Hall—in fact, he can do well in everything.

Mike

## EACH AMA SENIOR FINDS . . .

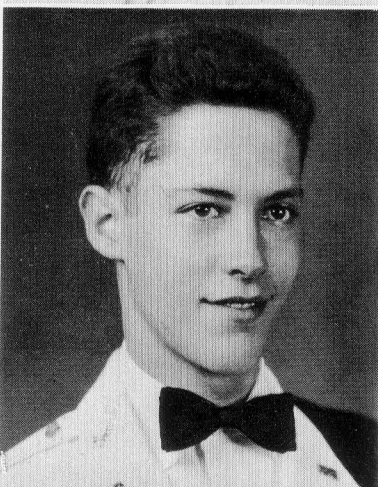

### JOHN ELBERT HOLDER

Hillsville, Virginia

Pvt., 1; Honor Committee, 1; Football, 1; Baseball, 1; Cotillion Club, 1.

Undoubtedly the biggest eater at school is our massive guard, John. At least, all of that food does some good, because Little John's been scouted as a possibility for a big league baseball team. Puzzlement—how does one who is often late to formation get his tours removed? Only L. J. can answer that. It's also a puzzle to some how John can go around with a wad of tobacco in his mouth!

John

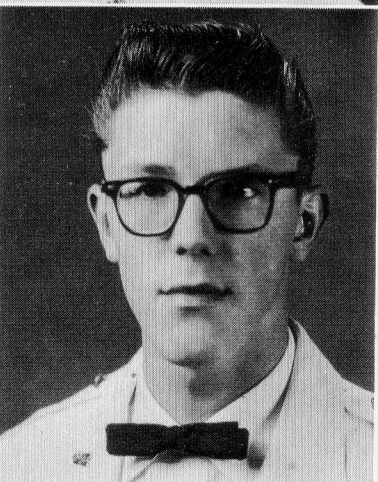

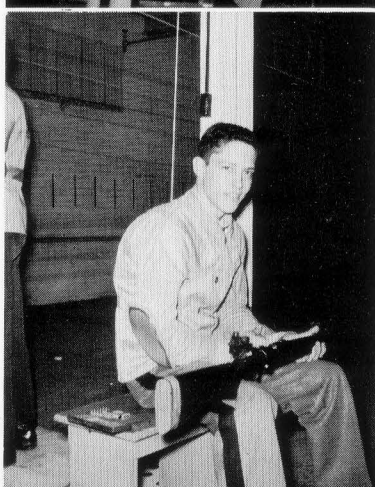

### DAVID CULLEN HOLLAND

Alexandria, Virginia

Pvt., 1, 2; Sgt., 3; 2nd Lt., 4; Rifle Team, 1-4; Decorating Committee, 3, 4; Privilege List, 1-4.

Buffalo Bill of AMA—that's Dave, last year's state rifle champion. In fact, his eye has been on that bull's eye for four straight years. An avid member of the Decorating Committee, he's always coming up with an idea to improve the decorations. Industrious in extra-curricular activities, Dave's well known also at Stuart Hall. Still, he manages to do well in his classes, even though French has been something of a problem.

Dave

### DONALD A. HUBER

Pittsburgh, Pennsylvania

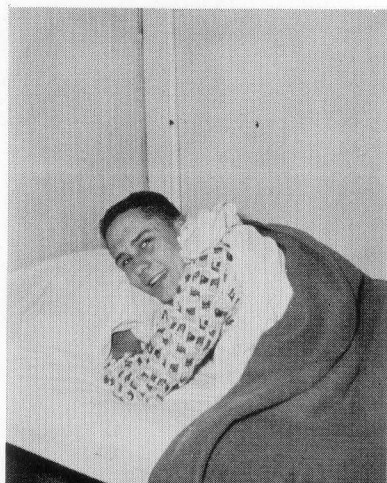

Pvt., 1; Sgt., 2; Cotillion Club, 1; Fencing, 1; Honor Roll, 2.

With his nose constantly stuck between the pages of a book or magazine, Don's breezed through two years at AMA. A hot rod addict, he's seldom without a book on the subject. He hopes to build his own machine, since he's also interested in engineering and mechanical drawing. Ole Hooper's a hi-fi fan, but like most, he has to be content with a few hot records. Quiet, yes, but there's a lot of depth in ole Don.

Pvt., 1, 2; M/Sgt., 3; 1st Lt., 4; Football, 1; Basketball, 2, 3; Lacrosse, 4; Roller Rifles, 3, 4; Cotillion Club, 1-4.

Congo—just one of Bill's nicknames, but he bears up well. Dean of men who date at Fairfax Hall, Bill's made a record there which will be hard to beat. Conscientious and quiet, generally, when Congo breaks down that reserve, he's the life of the party. Few boys have worked any harder, and it's shown in his everyday achievements. Bill's philosophy—"Life's a banquet. Why starve? Make a feast out of it!" He is!

# **EDWIN BURTON KELBAUGH, JR.**

Lanham, Maryland

Pvt., 1; Cpl., 2; 1st Sgt., 3; Lacrosse, 1; Rifle Team, 3; Roller Rifles, 2, 3; Cotillion Club, 1-3; Decorating Committee, 1-3; Chairman, 3; Cheerleader, 3; Glee Club, President, 3.

Pete's on fire—to do his best in everything. Master of repartee, double talk and innuendo, you just have to laugh when Pete's around, especially when he's wearing that Ivy League cap. It's been a little hard to keep him in uniform, but he's had no trouble at Fairfax Hall, in decorating, or in helping make HQ the best we've had in a few years. Dynamite, that's Pete, a loyal Rebel from Maryland.

Pete

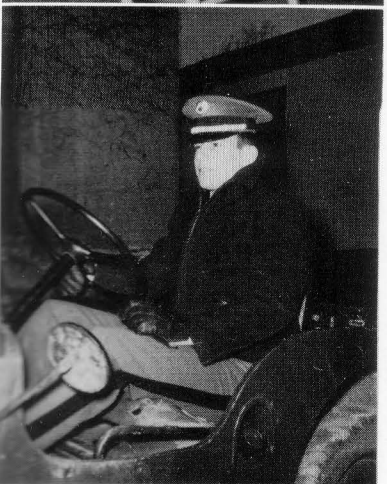

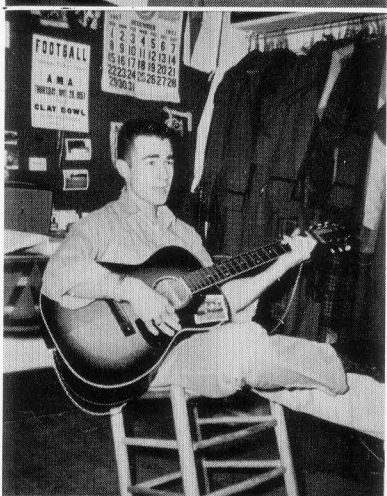

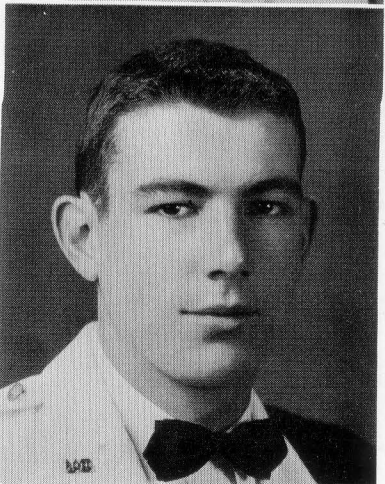

# **WILLIAM CALHOUN KELLEY, JR.**

Brooke, Virginia

Pvt., 1; Sgt., 2; 1st Lt., 3; Band, 1; Football, 1-3, Captain, 3; Lacrosse, 1-3; Cotillion Club, 1-3; Decorating Committee, 1, 2; Basketball, Manager, 2; Roller Rifles, 2, 3; Honor Committee, 3; Student Body, 3; Cotillion Club, Final Ball, Secretary, 3.

If personality were money, "Jeep-boy" would be one of the richest men alive. Noted for his sharp wit, southern charm, and easy way with the women, he's blazed a trail all over the valley. For a while, the "most busted" man in the corps, Pete's changed, and has worked to be most military, done most, and biggest help. He's combined every known activity to achieve this. Pete can't miss being popular anywhere.

Romantic entanglements come as easily to Jumbo as does his laugh—and that's one thing we'll surely never forget! Jim started right out to conquer Mary Baldwin, and at 15, he was still leading the field. As a senior, he has discovered that he is batting 1.000 at MBC and all other schools. Friendly, polite and sociable, Jim's led his company to the top, proving that he is versatile and capable.

"I hate Elvis!" Wesley Amos makes no bones about it and also about the fact that he's a true son of the Confederacy. He's tolerated Yankees (like Moffatt), but he's whole hog on the subject, and willing to debate at any time. Another jokester, Wes has been the butt of many of his own jokes, but he just laughs trouble away. Wes really likes ancient history (!) and decorating for dances. And since he started dating, it's been hard to hold him down.

Wes

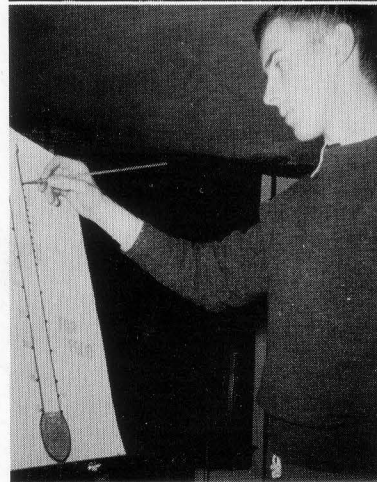

**THOMAS FRANKLIN MANNs, II**

Glenside, Pennsylvania

Tom can certainly draw, and he's been willing to help with every project from drawing polio posters, art work on the RECALL to social events in the neighborhood. Tom's about as quiet as a mouse. He certainly wouldn't be noticed, except for his desire to help when he's needed. A sports fan, too, he enjoys track and fencing. He found a real friend in Manor, and they are alike. Tom plans to continue in art—he should.

## JOHN PARSONS MANOR

Alexandria, Virginia

Pvt., 1; Cpl., 2; Lacrosse, 1, 2; Fencing, 1, 2; Football, 1; Honor Roll, 1, 2; Privilege List, 1, 2.

Our worrier, John is always concerned about other people. He's just born to look out for the underdog. Quiet, he is a listener, and so, many talk to him, but few know John. On the outside, a real metamorphosis occurs—he is cool, man, cool. Physics challenged John's curiosity; he's about decided this may be his field. We've enjoyed those cookies he gets each week from his girl back home. Man, SHE's loyal!

## DON KENNEDY MASSEY

Hagerstown, Maryland

Pvt., 1; SFC, 2; Football, 1; Basketball, 1-2; Lacrosse, 2; Cotillion Club, 1, 2; Roller Rifles, 2; Decorating Committee, 1, 2.

"Fords are best!" Words of wisdom such as this pour forth from J. V. basketball's fireball, Don Massey. At the drop of a hat, he's ready for a bull session or a party. He can be serious and few men are as loyal to his friends as Don is. His table in the mess hall is the fastest one there. Study—when he gets down to work, nothing stops him. He likes his farm just as well as he does Fords.

Don

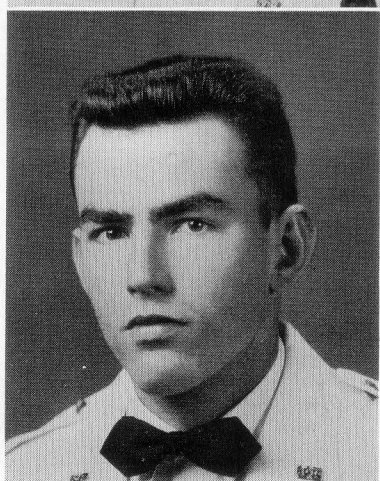

## WILLIAM McDONALD McGRATH, III

Warwick, Virginia

Pvt., 1; Football, 1; Fencing, 1; Baseball, 1; Cotillion Club, 1.

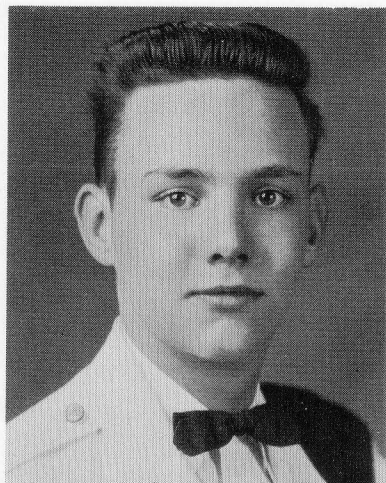

When "Poodle" braces on the stoops, you can see he is really enjoying it, and he readily admits that he likes the military and all that goes with it. He has one rather unusual liking, also; that is—cuckoo clocks. Bill even has one in his room. Unusual, too, is the fact that he played on two football teams, the Tigers and the varsity. Guess he'll always recall that Annapolis trip!

Jim doesn't search for trouble; it just seems to seek him out. Strangely enough, he probably could win best new cadet in his fourth year! With an inquisitive mind, Jim's spent a lot of time on the books this year. It shows, especially in monthly averages. Athletic, studious, and certainly sociable, Jim is a perfectionist—even at having fun!

Jim

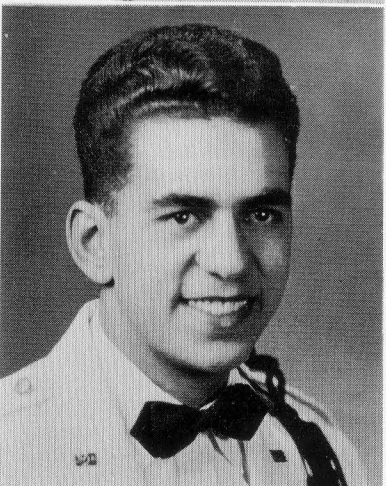

**CARL VAUGHAN MILLER**

Amherst, Virginia

Pvt., 1; Sgt., 2; Cotillion Club, 1, 2; Baseball, 1; Band, 1, 2.

Determined to get everything possible from the books, Carl's spent every spare moment that he can in studying. To study that hard, of course, requires coffee, and he can furnish that at any hour. It's best not to bring up "military" to him, for that's one term he doesn't like. When he isn't hitting the books, he indulges in reading—every type of literature from hot rod magazines on up. He aims to be an engineer; he won't be stopped.

Carl

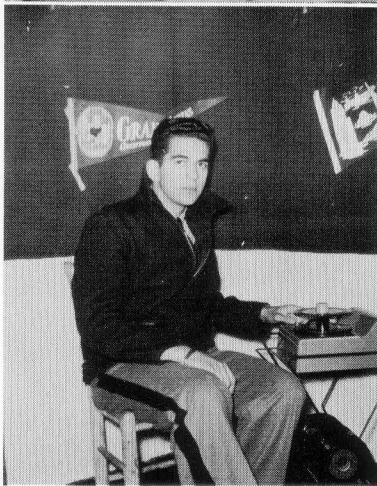

**PEDRO C. MOROS, JR.**

Caracas, Venezuela

Pvt., 1; Sgt., 2, 3; Cpl., 4; Cotillion Club, 1-4; Roller Rifles, 4.

Good-natured Perucho has had no struggle at Augusta. It's because he's reserved, quiet, and inclined to be a bit lazy, except when it comes to teasing anyone. This is Perucho's favorite sport. His ability is shown by his clever execution of some of his stunts. For a while, it seemed that he wouldn't date, but a certain lass at Fairfax Hall changed all of that. Since that time, he's majored in the art of dating!

## RONALD WALKER MOYER

Staunton, Virginia

Pvt., 1; Football, 1; Baseball, 1.

You've really got to look hard to find Ronny. It's not because he's exceptionally quiet; it's because he's one of our day students. That hasn't kept him from proving that he's a sport. His performances in football and in baseball was tops. Ronny's done quite a bit of studying this year. In fact, his friends call him "studious" behind his back. Unknown he may be, but far will he go.

Carona, New York

Pvt., 1; Sgt., 2; Cotillion Club, 1, 2; Baseball, 1, 2; Fencing, 2; Golf, 2; Decorator, 2.

"Cagney" has still been fracturing the boys with his imitations of the tough man in the movies. He's still imitating everyone—even the "Ajax" salesmen. With that "Lonkislund" accent, the striped suspenders, and **that** sweater, Vince even puts in a lot of time on the books. In ranks, he still pulls that "Cagney" bit, and that means he's done a good job as a squad leader, and when he's on guard.

Vince

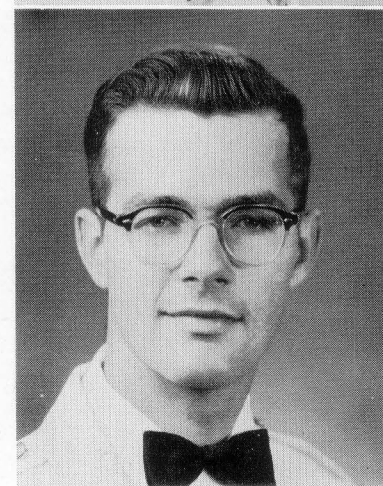

## MELVIN ROBERT PETERS

Warwick, Virginia

Pvt., 1; Glee Club, President, 1; Rifle Team, 1; Cotillion Club, 1.

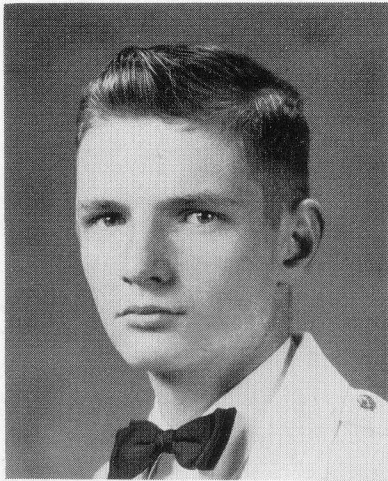

"Melvin's" a telephone pole modeler in the summer. He's picked up as many nicknames as Duke, and he has deserved each one of them. With his help and interest, the Glee Club came to life this year, and under Bob, as president, it made quite a wonderful showing over radio and in concert. Bob's ever ready to try some "finesse", and frequently, he succeeds. He is a real man, 'cause he's kept Pete on the ball!

Pvt., 1-4; Day Student; Basketball, 1, 2; Lacrosse, 1; Wrestling, 3, 4.

Local boy makes good! That statement holds for each member of the Petty family. George, the middle man of the Petty trio, has starred in academics, politeness, and hard work. Youth leader at the Old Stone Church, George has developed into one of the top men in the Presbytery. "Fill 'er up?" Daily, George lends his service to the Fort's southern service, but those grades are right up at the top.

## DALE POWERS

Staunton, Virginia

Pvt., 1; Veteran; Football, 1; Baseball, 1; Day Student, 1.

Hats off to one of the finest veterans AMA has ever had! Dale decided, after his service in the Marine Corps, that he wanted more high school education, and right to AMA he came to gain that needed background. No one at school has worked harder and been more sincere in his efforts. Quiet, gentlemanly, and friendly, Dale is respected by every faculty member and cadet at AMA. As for football, there was no stopping him.

Punchy describes Don, but not completely. Don wanted to get an education, and nothing has side-tracked him. 'Course, some of the questions he asks, and some of his exploits do cause his numerous friends to wonder, but they don't doubt his loyalty, his honesty and his ability. In athletics, Don has excelled, and he is a born leader. If he stays on the right track, he'll be as successful after graduation as he has been at AMA.

## JOSEPH EDWARD RADICAN

Elyria, Ohio

Pvt., 1; Basketball, 1; Cotillion Club, 1; Lacrosse, 1.

Joe's another of those boys who doesn't fit the description of "big, dumb athlete". Desiring extra schooling before entering VMI, Joe's about decided that the military will be too tough, but that will not stop him, if he decides he's going to make the grade. Our Ohio Yank had to come south to find out that lacrosse is a BIG game. One place he couldn't be controlled was in the mess hall. Man, can he eat!

He just can't take any kidding about that great band—and about the fact that he made the biggest jump in the corps—from private to lieutenant in one year! He deserves every bit of the praise he receives—yes, it's our country boy, Corky! As one of our biggest cadets, he's the leader of the smallest platoon in the corps, but he's a true disciplinarian there and in barracks. Added to all this, Corky's a favorite at Stuart Hall.

Sometimes, it's taken years for an officer to develop, and in Sandy's case, it was a tad tough. Right now, he can take a bow as one of the best officers in the corps, full of good school spirit, and anxious to have the band better than it has ever been. Before this year, Sandy's record was somewhat scarlet, but this year, it's all white! That boy does like sack time!

Big, happy-go-lucky, considerate, kind, and polite. That just about sums up this man-mountain from Michigan, Joe. This boy's middle name must be tease, and he does just that with all of his friends. When it comes to sports, there you'll find Joe. He was a star on the football team, a gung-ho player on the basketball squad, and a plugger in track. Search ended—here is a "nice guy."

## MORRIS LEROY SMILEY, JR.

Glasgow, Virginia

Pvt., 1; Football, 1; Basketball, 1; Baseball, 1.

What did the poor other new cadets have to face every morning at the crack of dawn?—a clown—Leroy—every day, regardless of weather, ole Lee was there to have a ball, bull session, and general gab "fest." Smiley's another plugger, and he set his mind to succeed in getting a few of the difficult subjects. Results—satisfactory. He does live up to his name, and we've yet to see him when he's not smiling.

Weyers Cave, Virginia

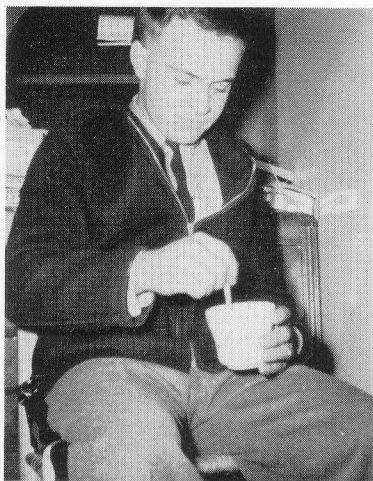

Pvt., 1; Day Student, 1; Cpl., 2; Sgt., 3; "Bayonet", 3; 2nd Lt., 4; Electrician, 2-4; Projectionist, 3, 4.

"Hey, the lights just went out—call for Smoot!" "Want to see the movie again?"—get Smoot! This boy's been on the go every moment, and he knows electricity as well as J. P. did. No one could be more helpful to the benefit of the whole corps as is Larry. He deserves a little of the credit for getting us Cinemascope! Larry's mild, quiet and easy to get along with, but he sparks up around electronic equipment.

Rocky's roommates swear that they taught him to wear shoes when he came out of those West Virginia hills, but if West Virginia has more boys like this, please send them right on. He's led the little tots this year to distinction, because he wants to do his best always. Many's the picture he's shot for the '58 RECALL, and he's excelled there, too. Wacky, full of life, and full of fun, Rocky's personality is miles high.

## THEODORE FRANCIS STRONG

Dominican Republic

Pvt., 1; Sgt., 2; Swimming, 1; Football, 1; Tennis, 1, 2; Roller Rifles, 2; "Bayonet", 2.

Ivy League Ted collects Frank Sinatra records, stamps, and guardian angels. No kidding, Ted's guardian is "RED", and to judge by Ted's outstanding achievements in academics, he's been well watched. An ardent disbeliever of rock and roll and Elvis, Ted's strictly old-fashioned. He's a student, a gentleman, and a social athlete. Ted's favorite subjects are chemistry and biology, excellent preparation for his ambition to become a doctor.

## DON LEE THOMA

Westlake, Ohio

Pvt., 1, 2; Cotillion Club, 2.

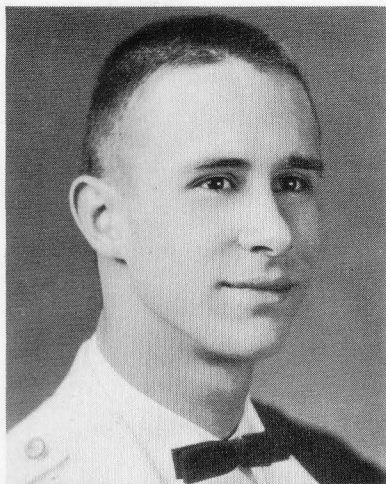

Never will Don be accused of being an athlete, but his ability to study has amazed all of the cadets who know him. Black jacketed and black booted at home, Don's a motorcycle fan who, naturally, likes rock and roll. He's noted for his mischeviousness—short sheeting friends, and yet, he's quiet, quick-witted, and ready to help Zeke in geology at any time, even if he has to march tous!

Crowbar can yell—and his men know that he means what he says in ranks. Ed's number 14's are going to be hard to fill, and undoubtedly, the third and fourth stoop towers won't be the same next year. Pride of the military department, Ed's really on the ball at every formation, and quite correctly, was voted Best Cadet O. C. His senior write-ups for the '57 RECALL were superior. We'll recall them and that southern drawl!

Bob's future lies underground. From his first day in geology, Bob decided that he was going to become a geologist, and he's headed in that direction ever since. Ability, intelligence, and the will to work gave Bob leadership on the Honor Roll for three straight years. Efficient and rapid, Bob has been an ideal worker in the laundry room. The Geological Survey will get a good man!

## LYLE MONROE WAGNER

Pvt., 1; Sgt., 2, 3; 2nd Lt., 4; Football, 1; Fencing, 2; Cotillion Club, 2; Baseball, 4.

Get a dictionary when you're around Lyle. Of course, it would have to be a dictionary of the latest "cool" talk, dealing mainly with that automotive language. Lyle's also a collector of records and he is a definite asset to the infirmary. He is a good student, for his mind is inquisitive. That's how he's gotten out of many tight situations!—by using his knowledge and his wit. And he does get in a lot of horizontal lab time!

## ANSELM LYNCH WARD

Lynchburg, Virginia

Pvt., 1, 2; Football, 1, 2; Tennis, 3; Baseball, 3; Squad Leader, 3.

"Good night, fool!" or words to that effect, crept into AMA's lingo when Lynch put in his reappearance this year. A true Southerner, Lynch is sharp with the wise cracks and wit. It must be the Lynchburg atmosphere that sends us the boys with the sparkling personality, for Lynch shows he's a hill-city lad. Every C. W. swears that he's a character, but exactly what is meant by that has not been determined.

Lynch

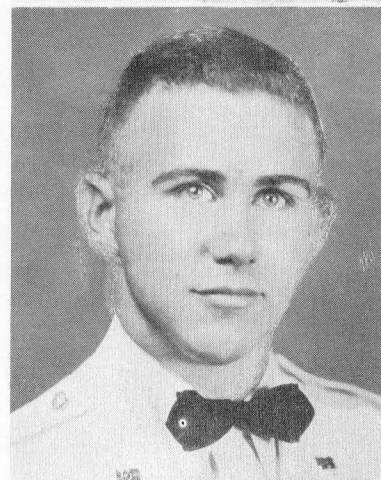

## BARTON PALMER WEEKS

Richmond, Virginia

Pvt., 1, 2; Wrestling, 1, captain, 2; Football, 1; Lacrosse, 1, 2; Cotillion Club, 1, 2.

One of the neatest boys at Augusta turns into a rugged wrestler every winter season. Barton's a champion, in more ways than one. As captain of the team this year, ole BB was defeated only once, and then by another champion who had moved down a class. Quiet and rather studious, Bart's kept to himself quite a bit, but there is no one who has any more respect than he does.

Bart

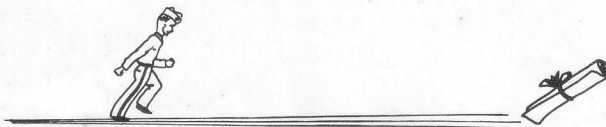

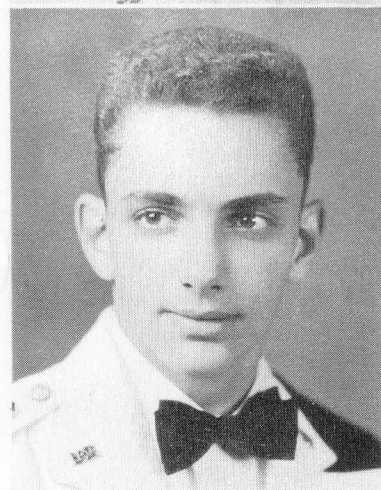

## JAMES WILLIAM YATES

Deep are the roots of the Yates family at AMA, and Bill's lived up with honor to every tradition. Proud as a peacock is the captain of HQ Company over his having been on the championship rifle team this year. You've got to stay on your toes around Bill, because the wisecracks come fast, and so does the fun. He'll leave behind him a good record . . . and it will be hard to duplicate.

## THE CORPS . . .

1958—The year of the record corps—the largest in ten years, and one of the largest in the history of Augusta. Militarily, the effects could be felt in every way, as the officers of the corps became leaders of men.

Under the leadership and guidance of the Military Staff, the corps drilled, had inspections, paraded, and hiked over the countryside. With encouragement, the officers developed

into leaders, the new cadets into true military men of Augusta.

Herein is presented those cadets who form this military system—each and every member of the corps. Some are officers; some NCO's; and the majority, privates. Through the efforts and interests of all, a heterogeneous mass has been transformed into record-breaking homogeneous unit—the 1958 corps of Augusta!

## SALUTE TO THE STAFF

When faced with double the enrollment, fifty per cent new faces, and "bracing", most First Captains would give up without the whole-hearted support of every officer.

To Duke Fancher, however, this meant that he would do some welding, and in short order, every cadet officer, NCO, and private were looking up to Duke's 6'4" height for guidance and help.

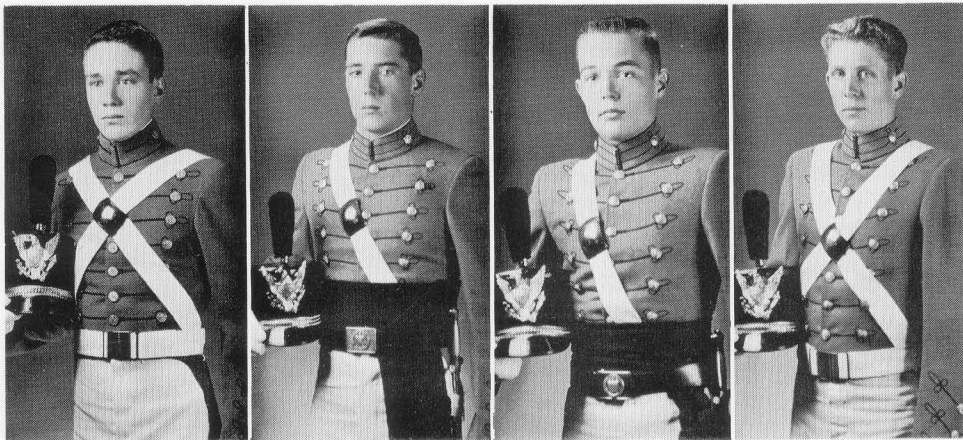

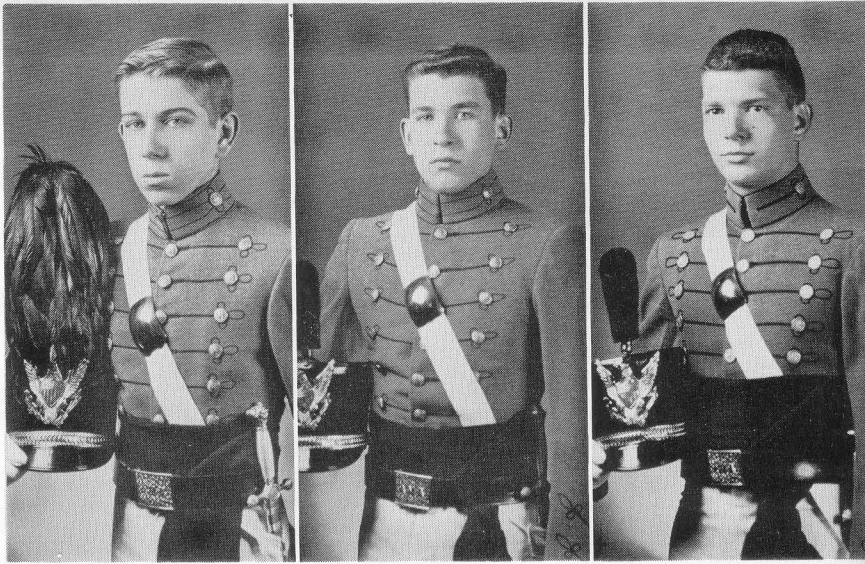

Trouble was bound to appear, but with an efficient First Captain, an able Battalion Adjutant, and helpful staff members, every rough spot was smoothed over with as little uproar as possible. It has been a hard year, but with Duke Fancher's leadership, it has been much easier.

## THE ATHLETICS . . .

1958—the year of the upswing in athletic records—the policy of amateur athletics, good coaching, and interested participants and spectators began to show results.

No longer did the corps say "We're just playing for the fun of it!" WE HAD BEGUN TO WIN! For the first time since 1951, the Blue Streaks had a season of wins, topped by a victory over FMS. To add to that taste of

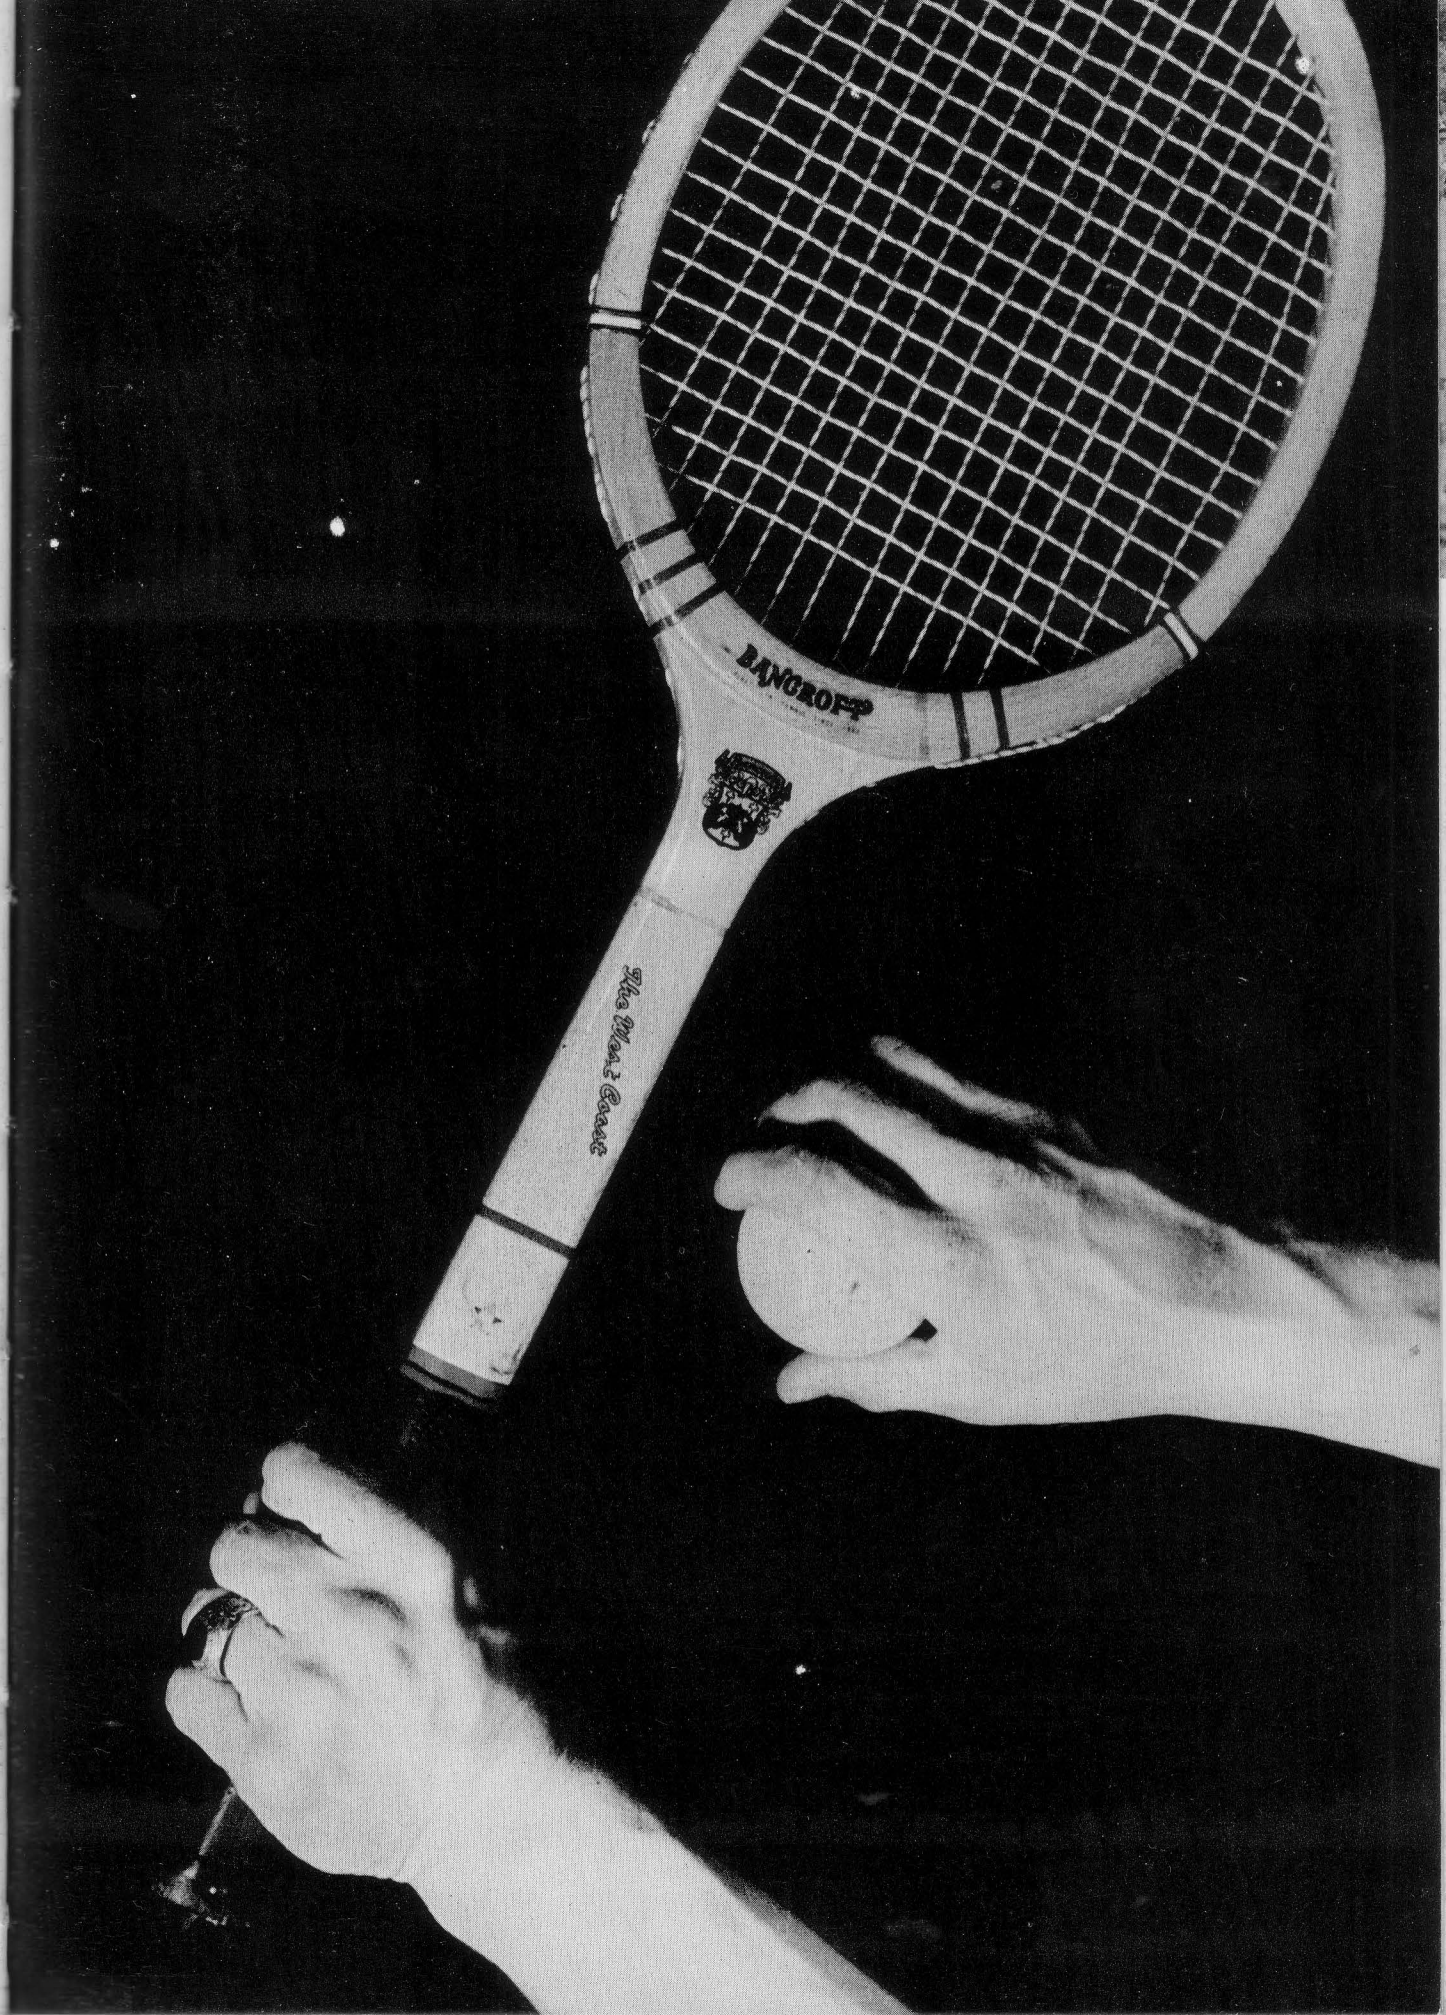

success, EVERY AMA team defeated Fishburne in '57-'58.

Again Augusta could shout—"Best rifle team anywhere!", as the crack shots won the Second Army championship for the third time, the State championship for the third time, and the William Randolph Hearst trophy. It's been a record year for all sports!

**BRONCO BUSTER . . .** Pete Kelley tries to hold back the Woodberry line in the season's opener, as Albert fires and completes a long pass to

Howell for one of AMA's gains of the day. Spoiled were the Blue Streaks hopes, as W-F won 12-6.

## "WAIT 'TIL NEXT YEAR . . . REALITY IN '57!"

A worthy opponent and the "bug" changed the smiles again when AMA was downed the following week by St. Christopher's win 14-7. With two more wins—one over Bridgewater's JV's, and a lopsided 50-6 victory over Miller—the next game was a major disappointment as EHS scored a 19-0 victory over the Blue Streaks.

Sweet smell of success was too much, and an inspired team defeated Randolph-Macon 26-19. Retaliation, revenge, and Turkey Day became a whopping success when the big Blue edged Fishburne, traditional rival for over fifty years, in the hair-raiser of the season, 14-13.

That old familiar cry "wait" blossomed into an unbelievable reality this year, as Augusta's Blue Streaks racked up an impressive 5 to 4 record, the first winning season in six years in varsity football.

Predictions of a winning season seemed errant after the Blue Streaks lost the first two games by only one touchdown in each try. However, the next game proved a pleasant change, as the AMA cadets hit the win column, to the delight of the corps and the team. This win, the first in four years on home territory, brought forth shining black headlines in the Staunton papers.

**SO NEAR . . .** and yet so far . . . Albert carries for a fifteen yard gain against the Foresters, and a tie score at the half.

### WOODBERRY SPOILERS

From the opening whistle, it looked as if the Blue Streaks were going to chop down the Foresters for the first time in recent history. As Dale Powers constantly ripped through the Woodberry line, and as AMA drew first blood with a 6-0 lead, it appeared that all predictions were true. As the tie game began in the third quarter, Woodberry forged back, striking fast, and with a dramatic goal line stand, held on to defeat AMA 12 to 6.

## BLUE STREAKS WIN ONE, LOSE ONE . . . PROGRESS

**TENSION TIGHTENS . . .** and the crowd presses right up to the sidelines to see the Streaks win their first home game in four years.

**STRONG ARM . . .** Johnson uses might to push one of the Saints away and gains a first down before the half.

**BALLET THEATRE . . .** Fleet man Johnson carries against Bridgewater in the second game to spark a win this time out.

### BRIDGEWATER FRUSTRATES

Jinxed . . . that's what the Cadets felt during the first game with the Bridgewater JV team, as time after time, they rolled down the field, only to hit a stone wall somewhere inside the Bridgewater 20-yard line. Led by the speedy runs of halfback Clay Johnson and the ripping line assaults of Dale Powers, the Blue-men penetrated within the 20-yard stripe six times, just to pick up one touchdown. Final score—13 to 6 for the Eagles of Bridgewater.

### BLUE STREAKS SHOCK VES!

From the opening kick-off, it was evident that AMA had realized its potential at last. Moving mostly on the ground, the Cadets picked up 16 first downs to 5 for the Bishops of VES. Defensive-wise, the Blue Streaks held VES to 41 yards in rushing. With two touchdowns in the bag, it looked like a shut-out until late in the fourth quarter when the stunned men from Lynchburg steamed forth for a six pointer. Jubilation reigned, for this was AMA's first win on home ground in four years!

## SAINTS SINK THE STREAKS

With a team weakened by the "bug", the Blue Streaks still managed to hold the upper hand for the greater part of the opening half against the Saints of St. Christopher's. Driving down the field on short line plays, the Cadets drove for that marker, and within minutes scored a TD and made the conversion on Sefa's kick. As the first half faded, the Saints began to drive, and just before the whistle blew, scored their six points and tied with the conversion. Weakened by sickness, the second half became a different story, as the Saints pushed the Cadets around at will. With valiant goal line stands by AMA, the score was held to 14-7, in St. Christopher's favor.

**POWER DRIVE . . .** Big John Holder blocks and Lanks (9), tries to pull VES's 66 off of Powers, but was unsuccessful. The game, however, ended with a Blue Streak win!

## . . . WIN A HOME GAME . . . AVENGE BRIDGEWATER

**MILLER MIGHT . . .** but Powers dives! Powers falls into the end zone with another of the TD's against Miller School. The Blue Streaks smother MS 50-6.

### BLUE STREAKS CLIP EAGLETS

Seldom does a team get a chance to play the same team in the same season, but the Bridgewater JV's ventured back to Fort D for another game and a different story. Outplaying the JV's in every period, the AMA machine ground out two TD's to win 12-6 over the Eaglets.

### CADETS SMOTHER MILLER, 50-6

Scoring from the kick-off, the Blue Streaks began their scalping of the Miller men. Although Johnson added four TD's to his collection, and Dale Powers came through with two, the subs were the stand-outs of the game. Bill McGrath made a spectacular catch on the Red Devils' ten-yard line, just as the game ended with the Devils downed 50 to 6.

## MAROONS BLACKEN BLUE STREAKS

Held scoreless in the first half, the Maroons of Episcopal High School broke loose in the second half, scoring on the first play from scrimmage. Utilizing the two platoon system, EHS relentlessly battered the Blue Streaks' defense to a pulp.

An intercepted pass ruined AMA's best scoring opportunity. With overwhelming depth, the Maroons scored twice in the last period, handing Augusta their last defeat of the season and the sole shut-out of the year.

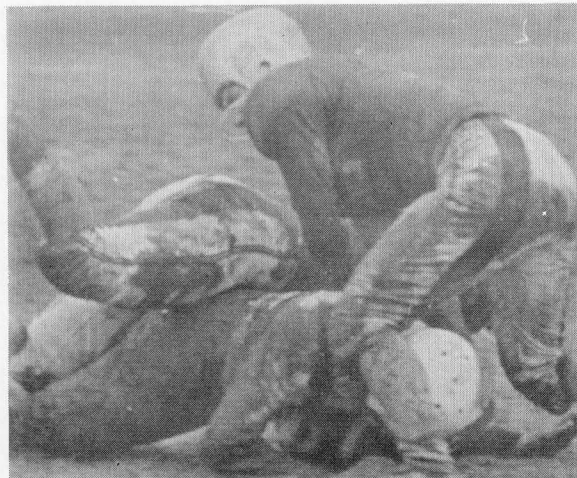

**DOUBLE REVERSE . . .** and the EHS defense clobbers Johnson on the line of scrimmage. Powers (23 white) and Howell try to clear the path.

**MUDDY THURSDAY . . .** but victory's complete. Blaylock plows over as AMA edges FMS, 14-13.

### STREAKS STING THE JACKETS

Inspired runs by Joe Sefa, and powerful line smashes by Dale Powers brought Randolph-Macon's Blue Jackets to bay in mid-November. The see-saw battle, tied during the third period at 19 all, broke open in the final three minutes of play, as Joe Sefa broke through the RMA line to set up the final touchdown. Powers rammed over from the two, and the Blue Streaks added RMA to its win column, 26-19.

### CAISSONS CRUMBLE . . . AMA WINS!

Entering the Thanksgiving day classic on its home field, AMA's record stood at 4-4. With Dale Powers sidelined in the first period, and a rapid touchdown success by FMS, the outlook seemed dim for a winning season. AMA retaliated late in the period to tie the score 6-6, but at half-time, the score was 13-6 for the visitors. A Carson to Johnson pass in the fourth quarter was good for 50 yards, and on the next play, Johnson went over to give AMA 12 to FMS's 13. With time running out, FMS's Trinkle faded for a pass in the end zone, only to be assailed by Howell and Zehmer for a two point safety and a victory for the Blue Streaks, their first in five years against FMS.

**THANKS FROM ALL . . .** and a trophy from the team. Capt. Ralph, head football coach, accepts a trophy from team captain, Pete Kelley at the football banquet.

## FUTURE VARSITY STARS START WITH THE TIGERS AND PEEPS

Playing a reduced schedule, the Tigers, meeting a heavier team in the opener, went down to a sound defeat. Spark-plug of the game was McAleese, who starred on the 1956 team, but this time out, Mac couldn't stop the boys from Natural Bridge.

Buena Vista journeyed to Fort Defiance to give the Tigers a surprise, but with the fast end runs of Mike Snell and the fierce blocking of Bill McGrath paved the way to a sound 20-0 victory over the Vista-ites.

Meeting Miller School on home ground, the fighting Tigers avenged a 52-0 trouncing last year by smashing the baby Red Devils 40-0. Again, McAleese, McGrath and Snell starred for the Fort Defiance lads. Tomasek, Blaylock and Meier were additional stand-outs for the Tigers.

"BANZAI" . . . Tomasek bulls his way through the Miller line as AMA's Tigers smother the baby Red Devils 40-0.

Notorious was the word for the unnamed AMA player who lost his pants in the "vicious" Peep vs. Harrisonburg YMCA game. The small fry, however, can claim the distinction of being the only AMA team to play under the lights!

With Major Lucus and Lt. Andrews as coaches, the small boys received basic training in their climb up the ladder to the varsity. And one day, this will happen.

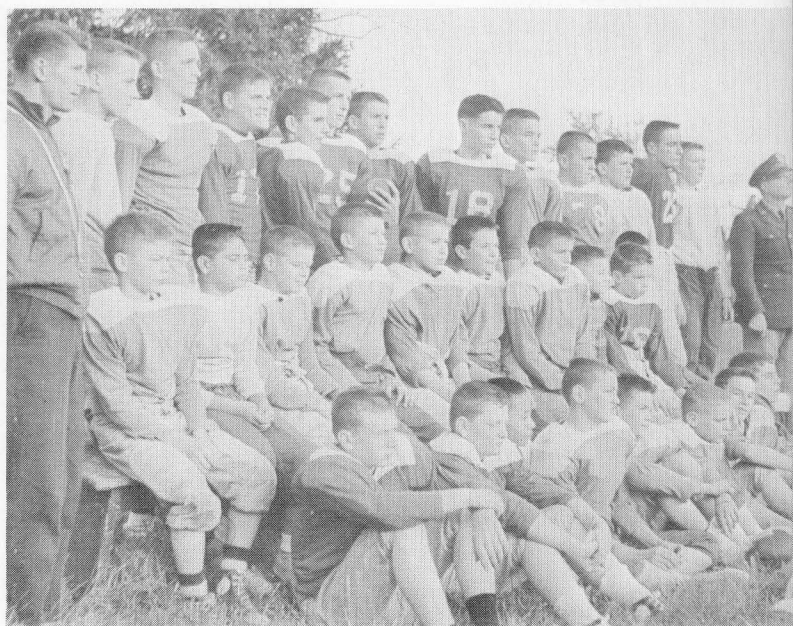

**SHADOWS CREEP . . .** but not the Peeps. Every day, Lt. Andrews had his boys out for practice. Here he briefs one of his giants for the Harrisonburg game.

**DREARY DAY . . .** and the spectators seem just about as dreary. Van Evera, Palmes, and Coach Hoover watch the opening Tiger game which ended in defeat for the home team.

# HARDWOOD MEN IMPROVE OVER '57 TEAM . . . WITH

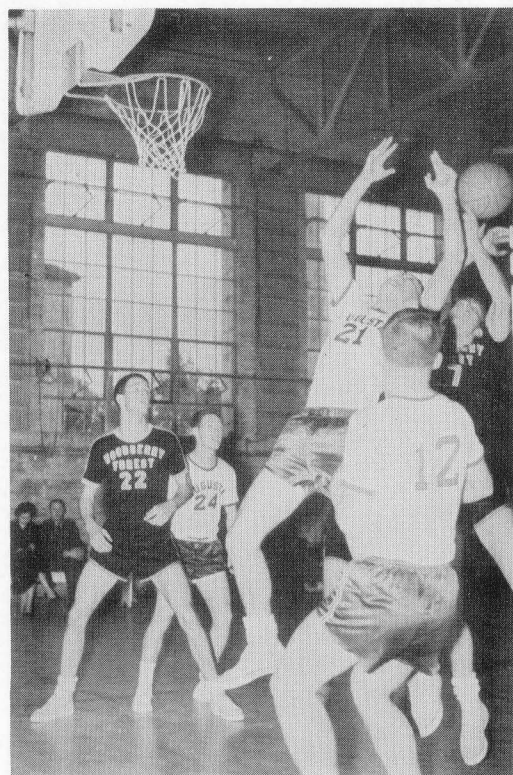

**HANDS-UP!** . . . Johnson and Radford wait for the rebound along with Miller men in the Red-Devil massacre, as AMA wins by 75-27.

Winning season—that was the record of the varsity cagers this year under the coaching of Capt. Ralph. Even though frequently playing against teams with greater height, the Blue Streaks pulled through with agility, speed, and sharp ball handling.

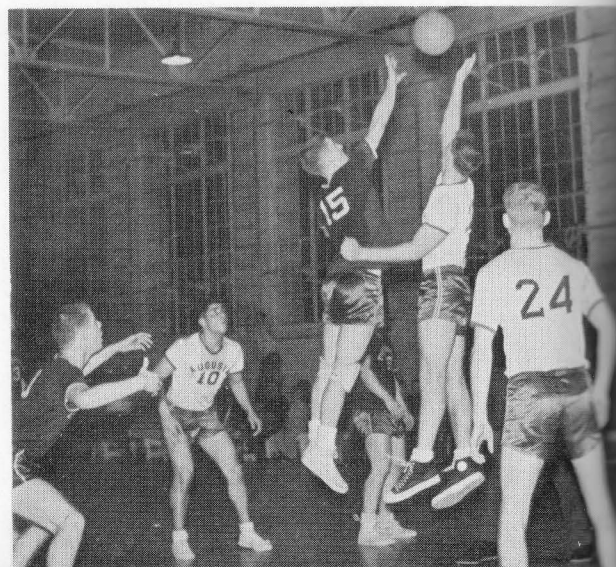

Few of the games lacked excitement, except for the one-sided slaughters (some AMA's, some our opponents'). In mid-season, Joe Sefa showed that his potential had become kinetic, as he pulled through game after game when that extra basket was needed. Unforgettable was Sefa's pumping in of points in a double overtime against RMA, assuring a win and an avenge for an earlier one point loss.

Having three men averaging double figures in the final scoring race the Blue Streaks this year proved that they were a balanced team.

**NEAR MISS** . . . Tabor just misses the ball as it falls into the hands of a Woodberry player to advantage—WF 65, AMA 35.

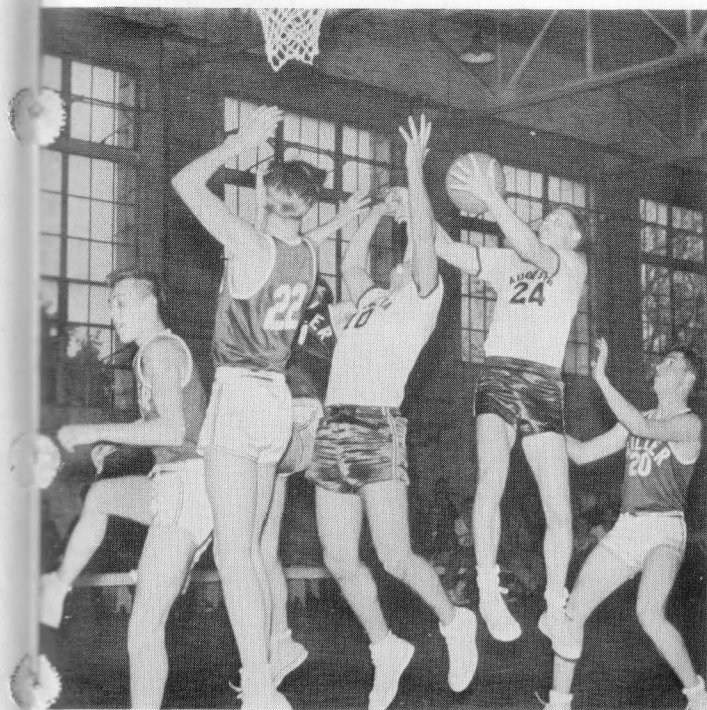

**SEFA'S WAITING** . . . Anderson and a Fishburne man jump-ball, but Sefa's ready, and rapidly sinks in one for two, as AMA wins, 84-69.

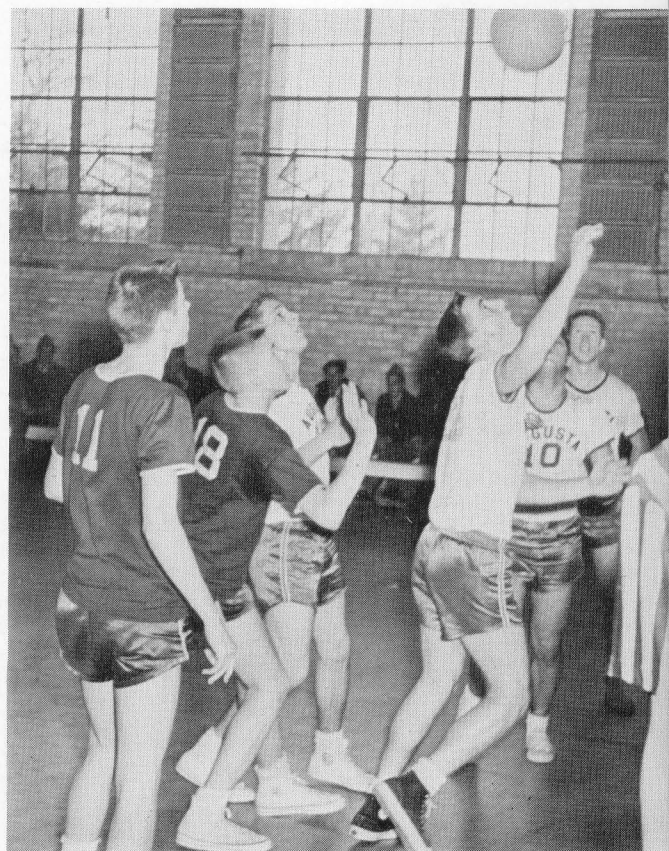

**TISKET-A-TASKET** . . . Clay the gridiron, against Miller.

TEAM . . . WITH NO INDIVIDUAL STARS

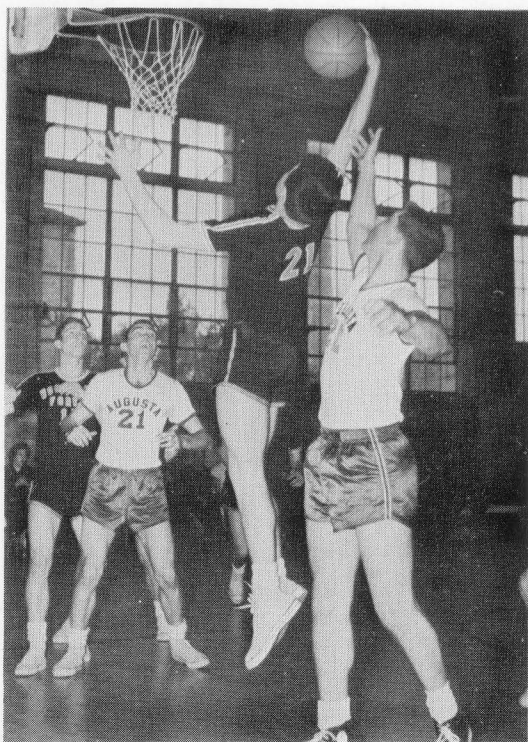

. . . BUT GOOD TEAM WORK!

**TISKET-A-TASKET** . . . Johnson's gonna make that basket. Clay (24), just as agile on the hardwood, as on the gridiron, snatches a rebound and sinks for two against Miller.

**GREAT BALLS O' FIRE** . . . doesn't look as if it will ever come down, but sure-shot Anderson has his eye on the ball and he'll make that basket against RMA, even though we lose a heartbreaker, 49-48.

Strangely enough, this year's team had no star; so the by-word was "team work". Unfortunately, the lack of a play-maker was evident in many games, especially those against Woodberry and St. Christopher's.

Prestige-wise, of course, the two wins which really helped were those against RMA and the final one, a victory over Norfolk Academy on their court.

With 10 wins, 6 losses, and a forfeit to VES because of a misunderstanding of prep school rules, AMA's hardwood Blue Streaks pulled through with the best season in five years.

**FOUL, BOY** . . . Looks as if Anderson is fouling Woodberry Forest, but the score shows expert firing on their part, as the Blue Streaks lose by 30 points.

h Ralph,

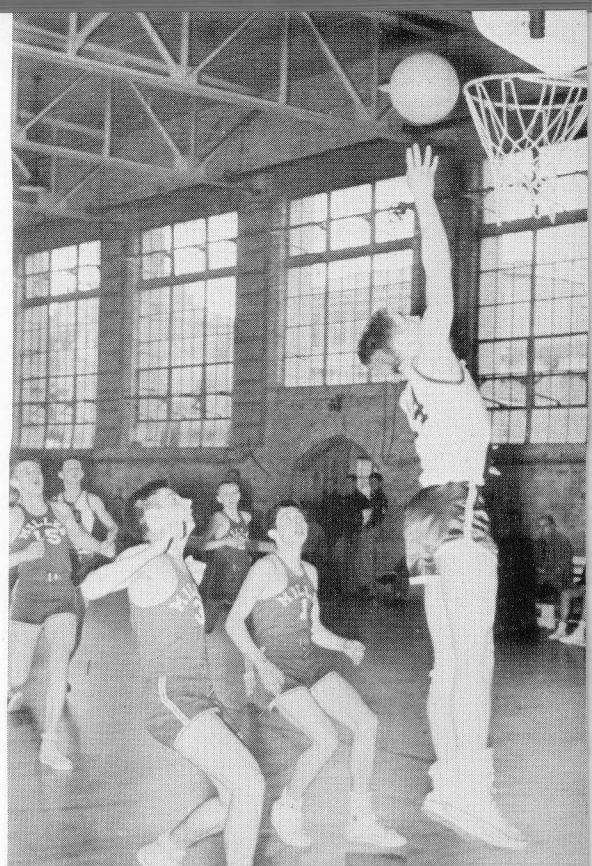

100 per cent—that was the record of the '57 Baby Streaks, but they played only two games. The record of the '58 team may not be THAT good, but with more games, each player had a chance to show his capabilities.

Spark-plug of the team was Keene Byrd, dubbed "Coach" by his fellow players. Strictly enforced were the rules by this player-coach.

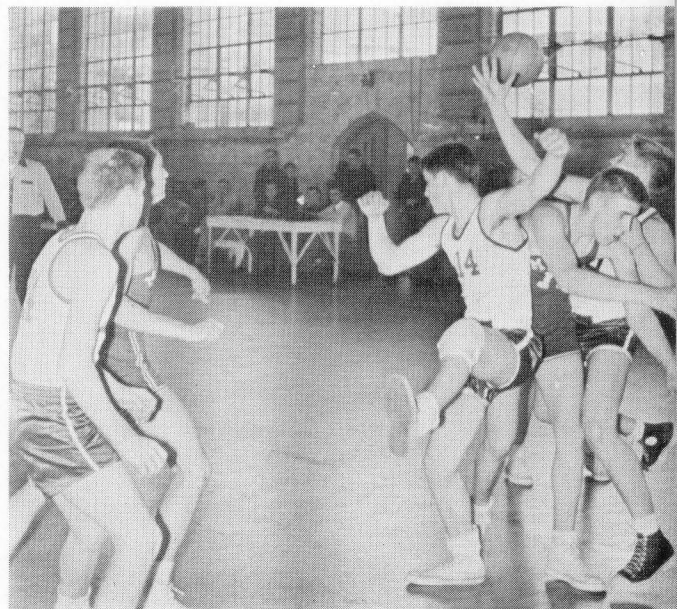

With a nine game schedule, the JV's won the opener, but lost by 49-65 to Woodberry. Winning the next two, the JV's, coached by Sgt. Thornton, lost a heartbreaker to RMA. Two more wins, another loss to Woodberry, and a spectacular win over RMA for the closer gave the JV's a 6-3 win record.

Stars for the JV's were Byrd, Massey and Townsend.

## TIGERS PRACTICE . . . FENCERS SLASH . . .

Under AMA's amateur program of athletics, all men have a chance to participate in every sport, and in every sport, there are a variety of teams.

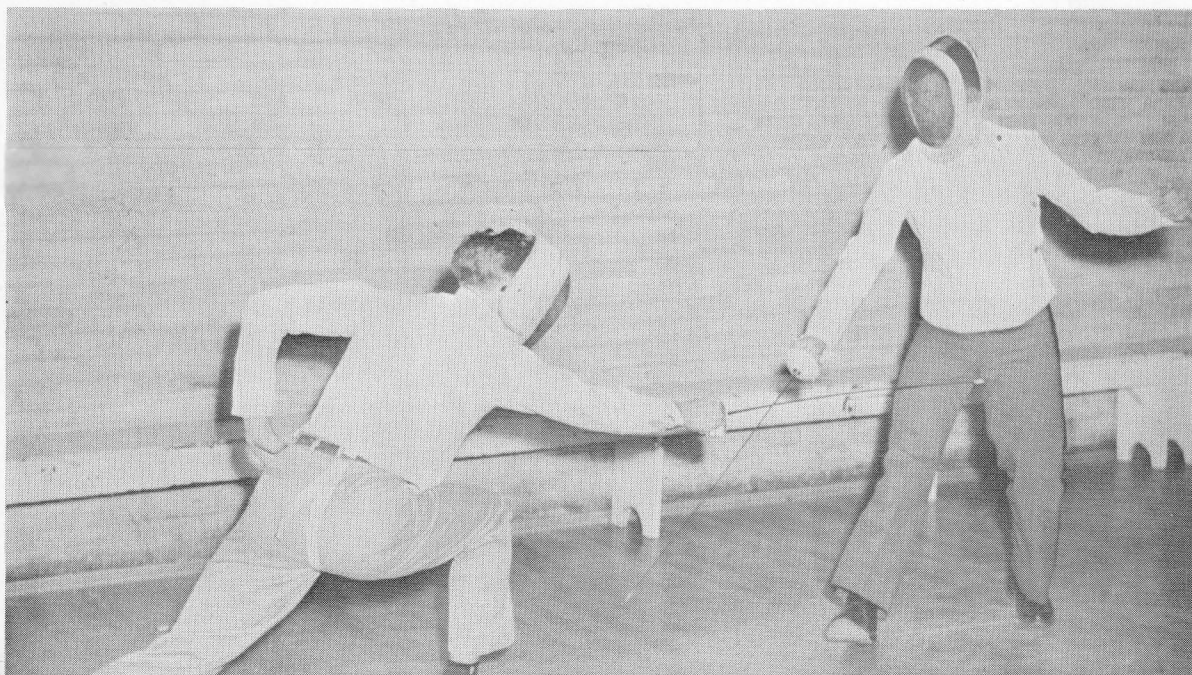

The Tigers, beginners in the ladder up to the JV and Varsity, practice daily under the coaching of Major Kramer. With this incentive to learn, future stars are made. While they made no record this year, they well might in the future!

AMA's blade carriers have the most enthusiastic group at Fort Defiance during winter sports, and no team practices more than do the epee, saber, and foil men.

With a limited schedule, due to a shortage of teams in the vicinity, the bladesmen received a trouncing from the U. S. Naval Academy which didn't stop them in their determination and drive to have a winning season.

**FOILERS BOTH . . .** Harmon and Towe practice up for the USNA meet. It paid off as the Middies lost

Highpoint of the year was not the victory over U. N. C. or over VMI, but was the smash of a nine year record at the Naval Academy—AMA's foilmen, Harmon and Towe, won three and two respectively.

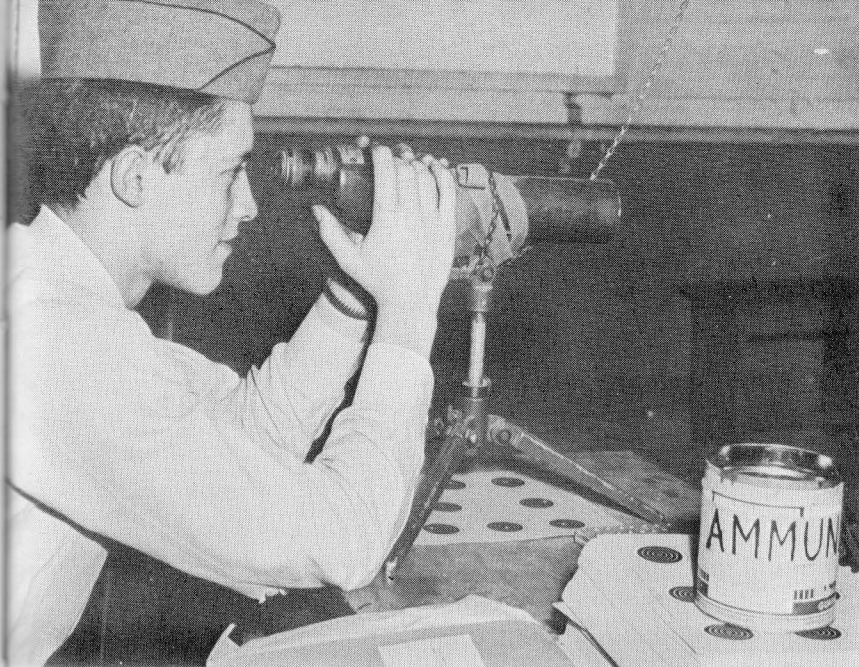

Winning against the University of North Carolina, Harmon and Towe took three apiece, and with the meet against VMI at AMA, the Fencing Blue Streaks trounced the Keydets as Harmon made it nine straight victories, the only unbeaten member of the Augusta team.

Bleak, indeed, looked the prospects for the 1958 Rifle team, with only three members of the 1957 State Championship team returning. Difficult seemed the task to live up to the record of the previous year.

Facing the toughest schedule ever encountered by an Augusta Rifle Team, the boys went to work. When the smoke had died, not only had they lived up to the '57 team's reputation, but they had set records of their own. The 1958 team had smashed every record established previously, and had become the outstanding team in Augusta's history.

## NINE LETTERMEN HELP THE SWIMMING RECORD.

Hopes were high for a winning season in the water, when nine lettermen appeared for opening practice. Shattered was a winning prognostication as the aqua-men lost their first three meets by close scores.

With two consecutive wins, the outlook began to brighten. When the Aqua-Streaks met Norview, they left a stunned and beaten team in their wake, only to lose two on the

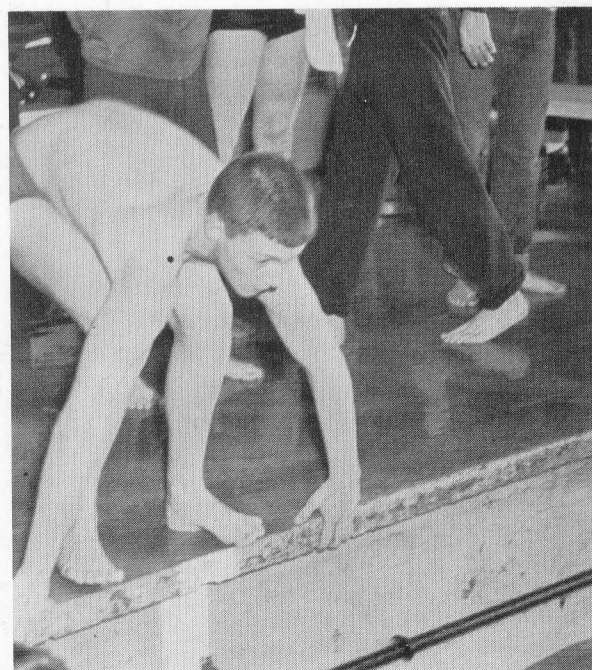

same weekend to Maury and Granby. Finishing the season with four wins, three victories of which were against arch rival Fishburne, new records were set by Borrero in the 50-yard free style and by Armstrong in the backstroke.

Armstrong, entered in the State Meet, scored a double win in Charlottesville, the only man to have two medals to his credit, a fitting climax to a fairly successful season.

Drive, good coaching, and team spirit kept the wrestling team together during the most rugged season that any Blue Streak team had in '58.

Downed in their first two outings, the grapplers came back to avenge an earlier defeat by Covington by whipping them on their home mats.

Other bright spots on the record, were two trounces over Fishburne, and the almost perfect record by team captain Bart Weeks.

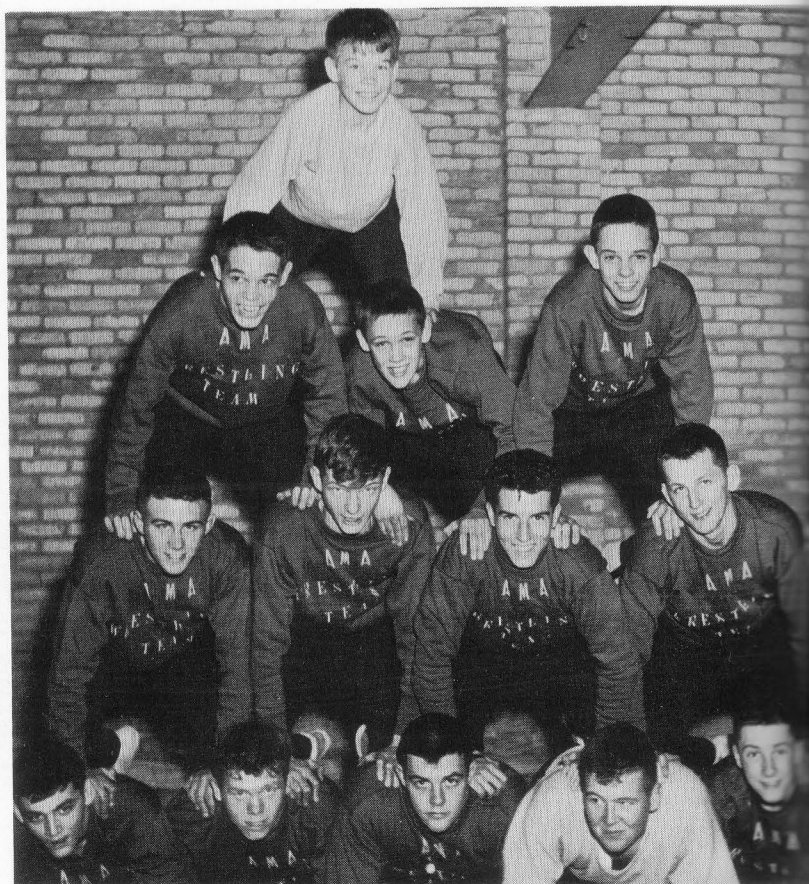

Facing a highly touted W&L Freshman team in the finale, the streaking grapplers pulled through with a mere six point defeat.

DIAMOND MEN PRACTICE INDOORS

Kneeling: Ramsay, Mgr., Coach Ralph, Gray. Standing: Plazaola, A., Blaylock, Anderson, W., Zehmer, Morris, R., Johnson, Smiley, McGrath, Armstrong, Rodriguez, C., Sefa, Holder, Tomasek.

About all that can be said for spring sports, baseball, junior softball, lacrosse, golf, track and tennis, is that every team practiced! A statement such as this does not sound good, but when weather conditions are considered, it means a lot! 1958 will go down as the record year for snow, and the blizzard extended even into March and April.

However, the baseball team held sessions in the gym. From every appearance, the 1958 edition of the Diamond Streaks promises to be the best baseball team AMA has had in many years. Particular promise has been shown by pitchers Rodger Morris, veteran team member, Plazaola, A., and star athlete, Ken Coyner. Holder, who has been scouted by the big league teams, has been effective in the catching de-

partment.

Snow has been no deterrent to the lacrosse team's daily practice sessions. In 1957 the stick wielders had an excellent season, and with most of the '58 team made up of veterans from that year, the boys should have no trouble with our traditional foes in Maryland and at the neighboring colleges.

Newcomers Shaffer and Radican have been outstanding in early practice, and veterans Bell and Simpson have lived up to the promise they displayed during the 1957 season. Small, quick goalie Larry Spillan should be particularly valuable in the defensive play. This all adds up to what should be another successful lacrosse year.

## THE ORGANIZATIONS . . . . . . AND HONORS

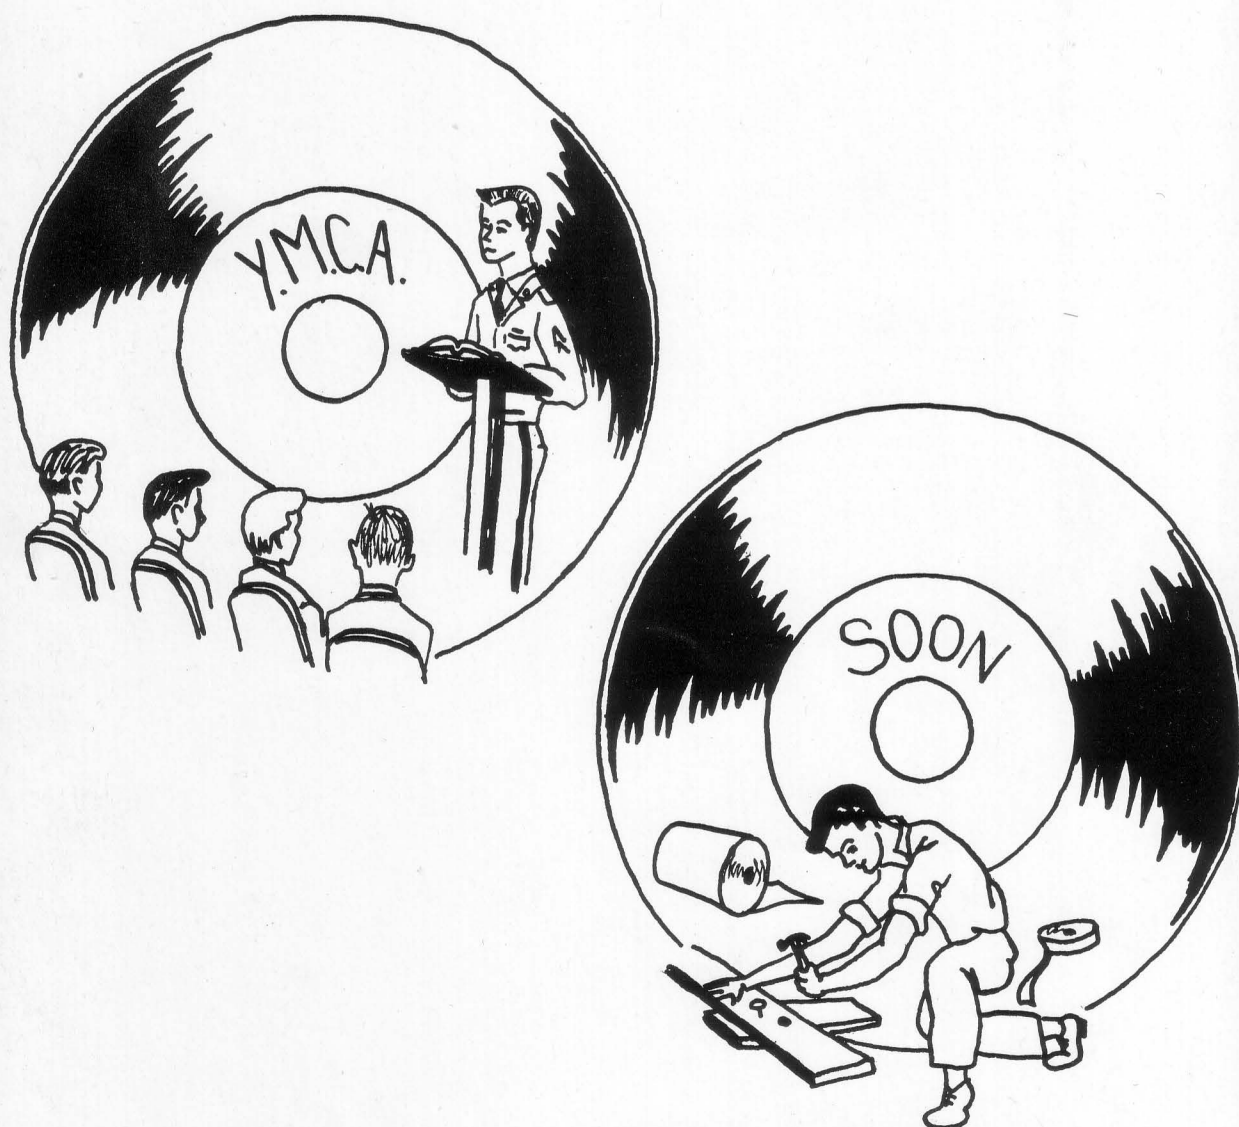

1958—the year when a new organization was born at Augusta, and every other organization took on a new look of vitalization and modernization.

"The Bayonet" changed format, size and editorial policy. With Lt. Johnson as faculty advisor and Cadet Akerman as editor, the 1958 "Bayonet" became an integral part of cadet life.

Singing cadets—that's what happened

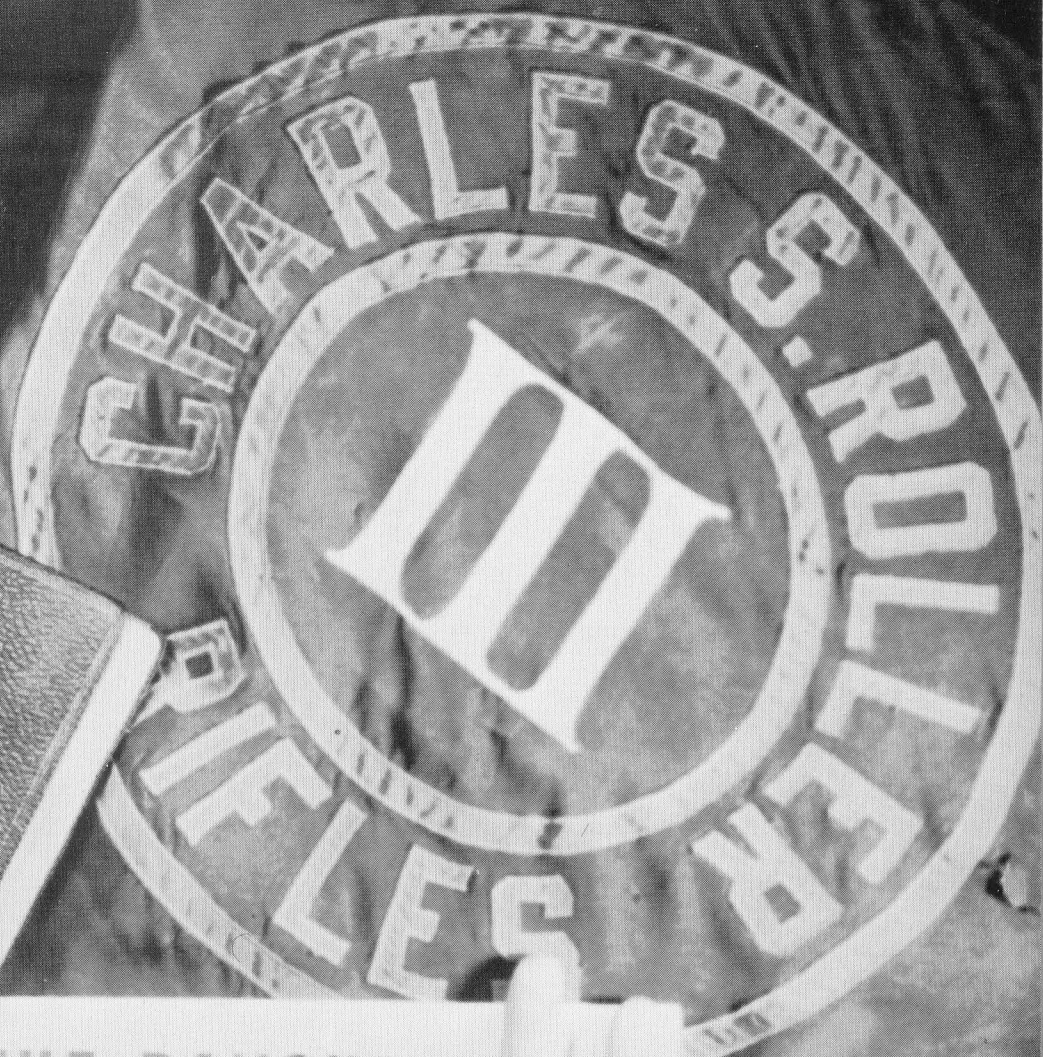

when Mrs. Pritchett joined the faculty—AMA blossomed forth with a Glee Club, one which was invited to sing over WTON, at the Kiwanis Club and at neighboring schools.

"Swing yer partner!"—and off we danced to a real square dance orchestra. Holiday Ball, Pin-Up Queen Dance, and Final Ball each provided fun; each was different. As the corps changed, so did the organizations at Augusta.

**ANOTHER CASE FOR THE STUDENT BODY OFFICERS . . .** this year offenses against Student Body rules have been handled with efficiency and alacrity by Treasurer Rodger Morris, Secretary Pete Kelley, President Duke Fancher, Sgt.-at-Arms Mike Snell (all seated), and Carles Giammaria, Second Vice President, Bill Yates, First Vice President, and Zeke Zehmer, Sgt.-at-Arms.

## STUDENT BODY OFFICERS

President of the fourth year men, Hugh Harmon, consults with his other officers: Lanks, treasurer; Tomasek, vice president; and McVey, secretary.

Unusual is the organization assigned to the Student Body Officers, for not only do these men control discipline and regulate the rules of the school, but they are also the officers of the Honor Committee.

Rules regulated solely by the Student Body Officers are those which are not concerned with honor rules (lying, stealing, cheating). Duke Fancher has been a particularly good president and he has had the support of the other six officers. Internal discipline has improved under the surveillance of these seven men during the school year.

AMA's Honor Committee is composed of the officers of the Student Body and the officers of each class, with three representatives from the first year cadets, who have no vote.

Every matter of honor comes under the jurisdiction of these men. A case is tried before them with Col. McCrum as faculty advisor to see that the accused gets a fair trial, and a faculty defendant to help the cadet on trial.

Cases tried by the Honor Committee are submitted to the Academic Board and to Col. Roller before approval is finalized.

The record of the Student Body Officers and the Honor Committee has been outstanding. Every man brought before either group has been given every opportunity to clear himself of the charges against him, and discipline in barracks has been better this year than in many other years because of the vigilance of these men.

Three men from the first year class were selected to serve on the Honor Committee this year. These men are considered the best in their class by the officers of the Student Body, and this year, the three men have done outstanding work in their liaison with the Honor Committee.

First year representatives confer with old records in the library. Selected by the Officers of the Student Body were Bill Hedgepath, Mike Villareal and Mike Wjese to represent their class.

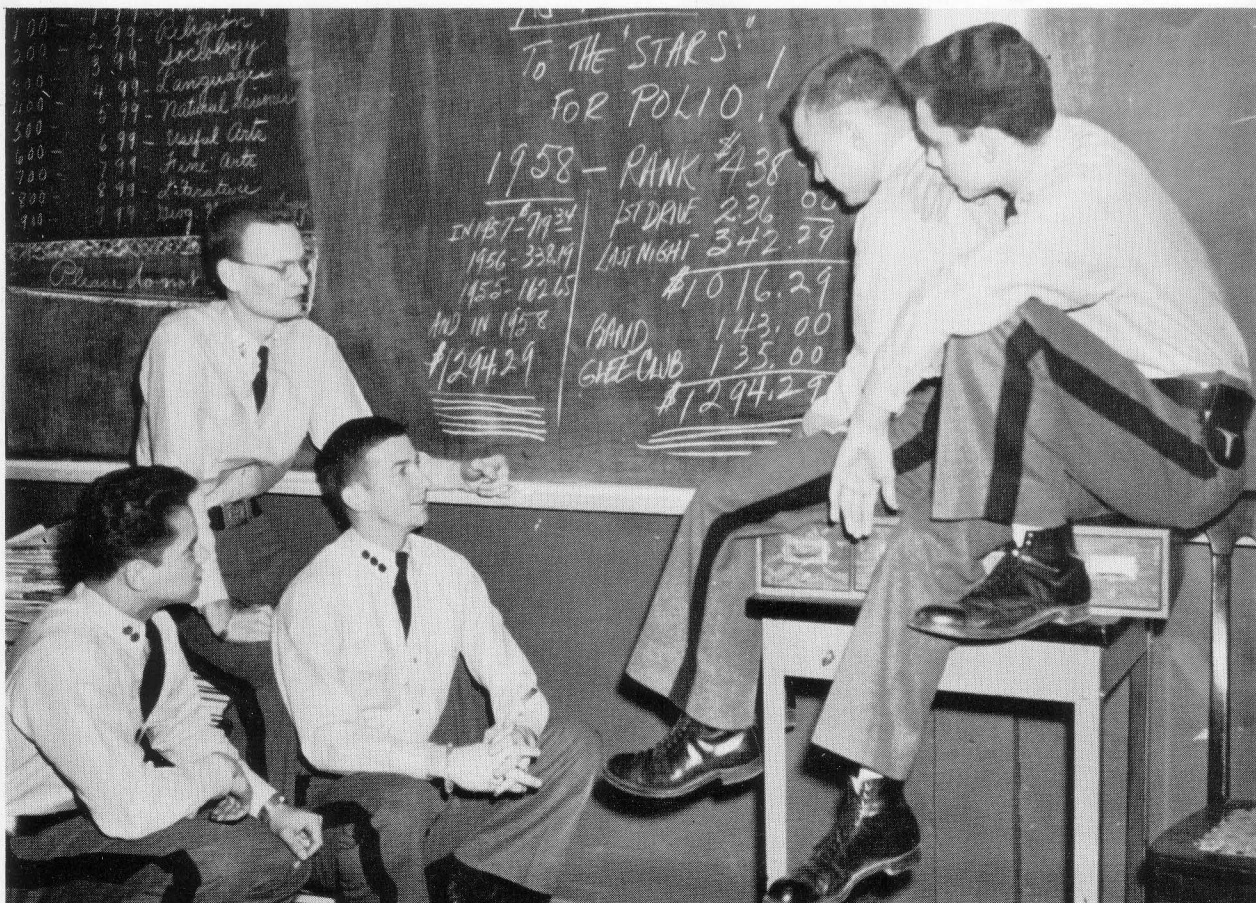

## ... AND THE TEN OUTSTANDING MEN ENTER AD ASTRA EACH JUNE ...

It's a thrill to be nominated to Ad Astra Per Aspera Fraternity and an even greater honor to be elected to this, the only fraternity at Augusta. Founded in 1925 by Col. Chas. S. Roller, Jr., old cadets and boarding scholars only are eligible for this honor. Each year, ten men are selected for this honor. Among the faculty, Col. J. C. McCue, Jr., Col. H. D. Deane, Col. H. B. McCrum, Major P. V. Hoover, Major E. W. Parkins, Major C. E. Savedge, Major F. M. Sizer, Major S. S. Wales and Lt. John Herring share this honor with the cadets.

**PROUD OF A WORTHY ACHIEVEMENT . . .** Cadet Ad Astra members, selected in past elections, look over the results of the Polio Drive which they sponsored—and a rousing success it was! Giammaria, Rodger Morris, Duke Fancher (behind Morris) and Rocky Snell and Bill Yates (on the table) seem pleased with the \$1,294.29 collected this year.

**IN THE PINK . . .** is Col. Roller, founder of Ad Astra and the most enthusiastic supporter of this honor.

**SOLEMN AND IMPRESSIVE . . .** the sentiments show on the faces of the boys elected as officers of the YMCA. Major Lucas, faculty advisor, admonishes each officer to do his job well. Secretary Ridge, Vice President Rodger Morris, Board member Eastlack, President Ramsay, Sgt.-at-Arms Zehmer, and Spanish Representative Giammaria, take the oath of office.

## AMA'S YMCA—A REAL RECORD OF HELPFULNESS TO ALL.

During 1958, the YMCA has had some programs which have stressed devotion to duty and the worthiness of helpfulness to one another.

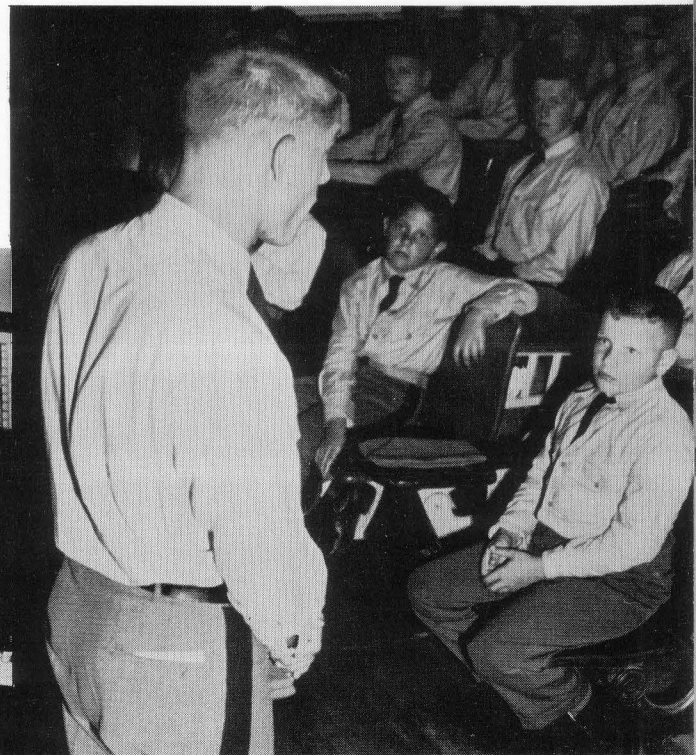

Outstanding programs have included Col. Roller in an oral reading, the Roanoke College Glee Club in concert, the Christmas YMCA program, and the Finals "Y".

In February, AMA representatives Fancher, Giammaria, Ramsay, Ridge and Capt. Hanson attended the state meeting at Natural Bridge.

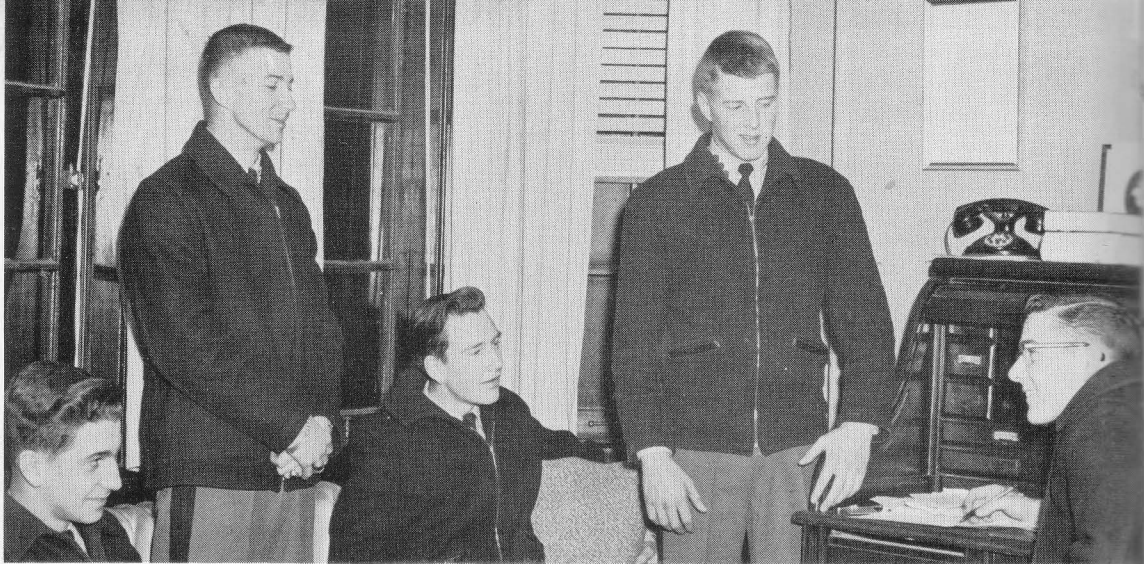

Climax for many cadets was the generosity displayed by the AMA YMCA members at Christmas when the Lynchburg Orphanage benefited by over \$500 as AMA's cadets opened their hearts to help those less fortunate.

**A REAL SPEECH . . .** delivered with earnestness by Cadet Zehmer holds the interest of everyone at the "Y", especially new cadet Keeney.

**FOR DEVOTION TO DUTY . . .** Goodloe Saunders receives the Maggie Belle Roller Robinson award from Mrs. Roach as Major Lucas nods his approval.

"We'll make the Final meeting a big success," says Ciceronian Literary Society president, Hugh Harmon, to his other officers, treasurer, A. Garcia;

secretary, L. Smoot (both seated); Rodger Morris, sgt.-at-arms; and Bob Carson, vice president (both standing).

## CICERONIAN L. S. FOR DEBATORS

## AND DECLAIMERS . . .

**A LARGE GROUP OF OFFICERS . . .** forms the backbone of the Junior Ciceronian Society. Mac Coiner, president, checks duties as Bruch, secretary-treasurer, smiles. Vice

presidents of each class, Wagner, Featherstone, Bickford, T. Roller, Hutchins, Burns and Keeney stand by for action.

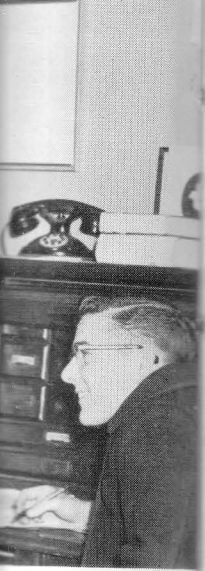

Ciceronian Literary Society, Junior Section and Senior Section, meet individually during the year, but jointly at Finals.

With debates, declamations, and readings, a majority of the cadets have the opportunity to participate in at least one meeting during the year.

At the final meeting, the best of each

society perform for parents and relatives, with medals going to the best declaimer and debater in each division.

Oldest literary society in prep school circles, the senior group is sponsored by Col. Roller, with the Junior School faculty acting as advisors for the youngsters.

1958's dance pattern was slightly different. Restored to the dance record was the popular square dance, which met with universal success. Each dance had the full cooperation of every officer, and this assured success for each one.

Dances sponsored by the Cotillion Club included the Opening Informal, Opening Formal, Band Concert by the VMI Commanders, the Holiday Ball, the Barn Dance, Pin-Up Queen, and Spring Informal.

With Corky Ridge's help, the date situation was in "hand", and many were the successful blind dates which he arranged throughout the year.

**CHIP'S ROCK . . .** Chip Smith and Kay Harris rock some at the Opening Formal.

# SHARPEST DRILLERS AT AMA . . . THE ROLLER RIFLES

**APPLE BLOSSOM PLANS . . .** seem to delight Hugh Harmon, platoon sergeant; Ed Trout, executive officer; Duke Fancher, commander; and Jim Lanks, guide. Ty Tomasek, asst. platoon sergeant, and Bob Carson, guidon bearer, also share in the planning.

Top men in the corps are selected for Roller Rifles membership. With a variety of group movements and drill formations, these top drill men dress up parades in Staunton, Harrisonburg, Waynesboro and Winchester.

Founded twelve years ago in honor of the

late Charles S. Roller III, the officers of the drill team have Col. Roller as the honorary commander.

This year, these men have really made a record in their sharp, efficient appearances every Sunday before parade time.

### FOR EACH DANCE . . .

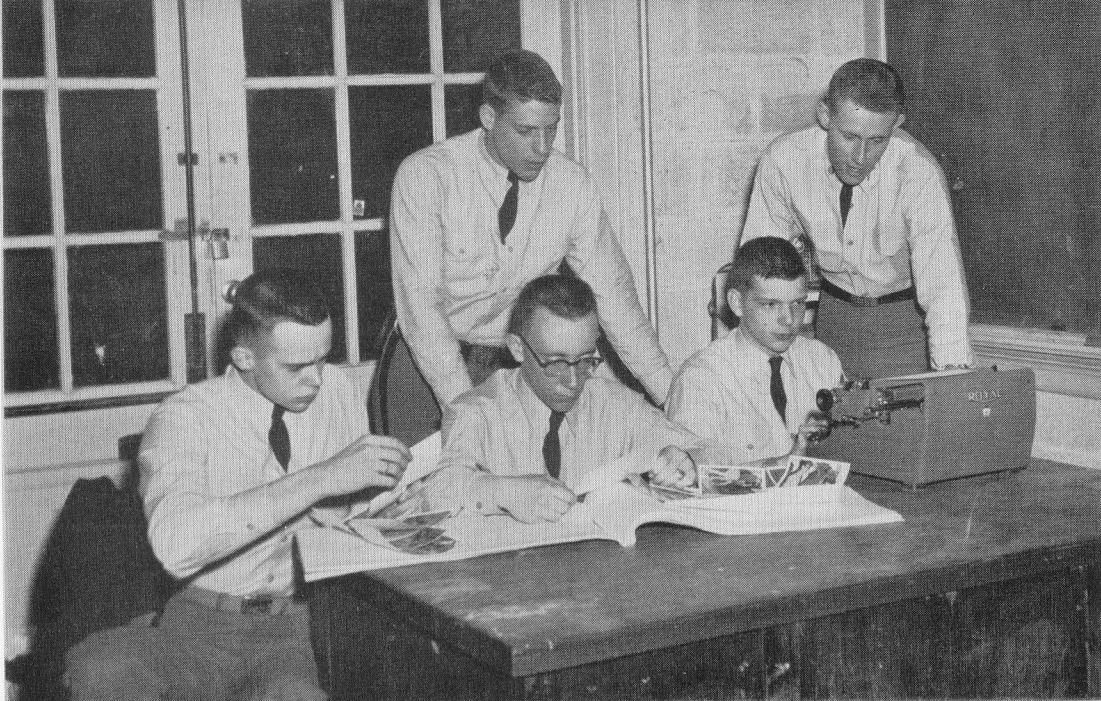

**PIN-UP QUEEN WILL TOP 'EM ALL . . .** Bell and Snyder, Steciw and Ellis, Conrad and Snell, Kelbaugh (checked shirt) and Lang plan to use a royal color scheme to fit the occasion.

With just pride of achievement, the boys of the Decorating Committee spend hours in transforming the gym from an athletic building to a ballroom.

Openings, featuring red, white and blue; Holiday Ball with green, red and white; Pin-Up with purple and gold each has an individuality of its own due to the care, precision and ingenuity of the men who form the Decorating Committee.

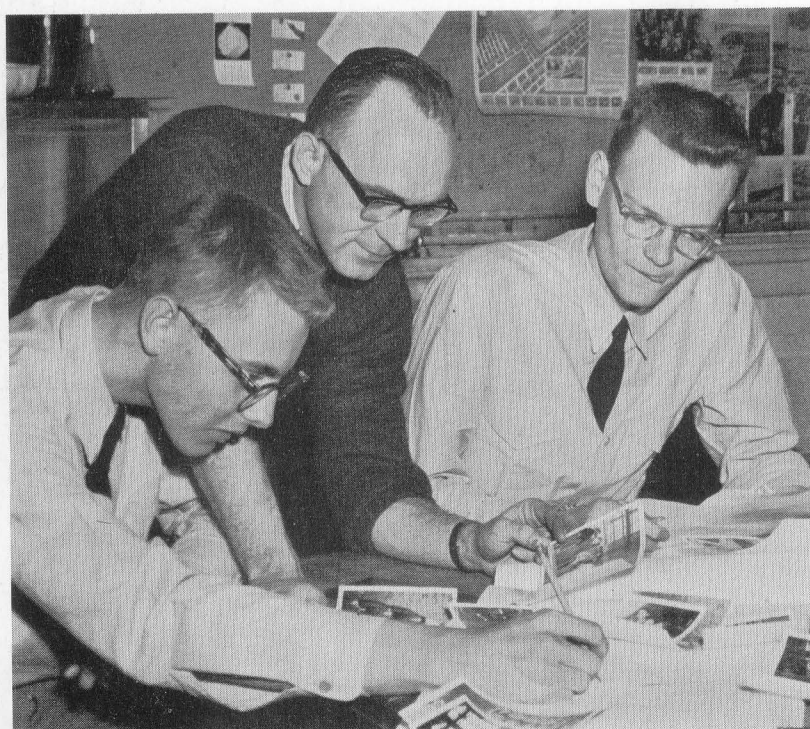

Lang and Kelbaugh, co-chairmen, and Snyder and Bell, spare no time or energy in helping to give AMA a group of outstanding dances.

**CHECK, DOUBLE CHECK** and check some more . . . Coffman, Smoyer and Towe, assistant editors, receive supervision from Zehmer and Ridge, the picture editor and senior editor, respectively.

## WE HAVE "RECORDED" '58 FOR YOU . . .

**MILLIONS OF PICTURES** . . . but Mike Wiese, editor; Major Savedge, advisor; and Duke Fancher, editor-emeritus, check each picture for clarity and action.

We've changed! Our new look has been long a-borning, but we've done all that we can to give the 1958 RECALL a modern, informal, informative look.

Layouts, done chiefly by Mike Wiese, Frank Coffman, Jim Towe, and Corky Ridge, reflect the trend towards larger pictures which tell more of a story. Write-ups by Towe and Smoyer mirror another trend—a complete story!

Mike Snell and Bill Blakely have taken literally thousands of pictures to assure the best that we can obtain to record the year properly. Herb Hausmann read magazines (Photolith, School Press Review, and Scholastic Editor), wrote and rewrote the sports articles, and George Snyder made his mark—the cover and all other art work herein.

Guess we're the only year-book to have an editor emeritus (Duke Fancher), and we'll also record the fact that Major Savedge has taken a record number of Bufferin this year! We hope you like the new look.

**SHUTTER MEN . . .** Snell and Blakely surround Herb Hausmann, sports editor to see if they've covered every phase of athletic life at AMA. Mike Wiese, as in all phases, checks for accuracy.

George Snyder, Luke's brother . . . paints for the Final Ball here, but he did all of the art work in '57 and in '58!

## THE "BAYONET" SHARPENS UP . . .

Humor crept into "The Bayonet" this year via the outstanding cartoons by Dave Weller. This, however, was only one phase of a change. Under the sponsorship of Lt. Johnson, and the editorship of Alex Akerman, the trend towards reporting and less editorializing was realized.

Influenced by the enthusiasm of the sponsor and the editor, the business managers went to work and in a short time had sold more advertising space in one edition than had been formerly in a whole year.

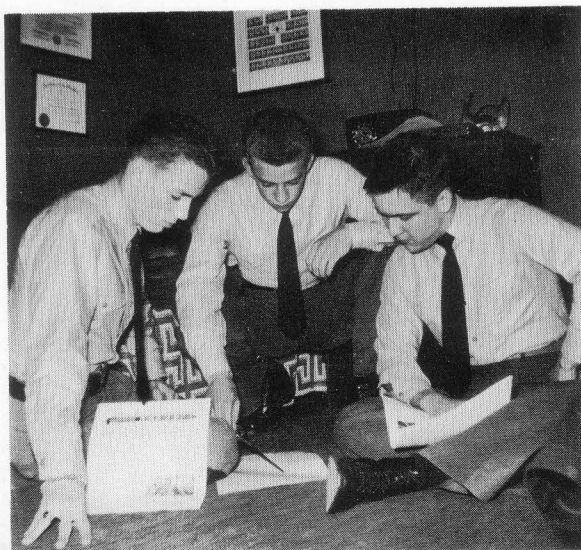

Pete Hughes entered into the spirit and produced sports articles which captured the interest and held it. "Letters to the Editor" sparked some sharp letters back and forth from members of the corps.

Emblazoned across the masthead was a new symbol for "The Bayonet"—a drawing executed by a friend of Lt. Johnson's to indicate the paper's trend toward modern reporting.

"WE'VE GOTTA MAKE THIS section stronger" . . . claims editor Andy Akerman. Lt. Johnson seems somewhat quizzical, but the next issue did have a strong editorial section.

**SPANISH CONTRIBUTORS** . . . mirror the influence of the Latin Americans at AMA. Eduardo and Carlos Flores go over future copy with Gilberto Gil.

**MORE SUBSCRIBERS . . .** that's what Co-Business Managers Leon Fiszman and Charlie Carver strive for. With their drive, they exceeded expectations.

## BABY ORGANIZATION—NEW IN '58

### THE AMA GLEE CLUB

AMA's new organization may be green, but with the direction of Mrs. Pritchett and the presidency of Pete Kelbaugh the Glee Club made an instant hit, not only at AMA, but also on radio and in neighboring towns for civic meetings and at schools.

Organized this year, the repertory was limited. However, each number which the Glee Club offered was given with professional polish.

Especially gratifying was the amount of money which the AMA Glee Club earned for WTON's polio campaign.

It's not too early to say that the Glee Club is a winner and will be with the members and the director which it has.

**WITH A SONG ON THEIR LIPS . . .** Mrs. Pritchett directs Snow, Nailler, Tolson, Albert, Weeks, LaRue and Simmons, J., at the YMCA.

**SING HEARTILY, MEN . . .** and Ramos, Ridgeway, Ballou, Taylor, Spillan, Owens, Boselli, Peters (and behind) Albert and Byrd comply at the Christmas concert.

## FINAL BALL OFFICERS PLAN AHEAD . . .

**NO SERIOUSNESS NOW . . .** but on the night of June 2nd, Treasurer Steve Durst, Vice President Corky Ridge, President Duke Fancher and Secretary Pete Kelley, will portray military heroes of the U. S. A.

Nailler, Tolson,

Long noted for the Final Ball, AMA's 1958 Final Ball officers began to plan ahead for a mighty salute to the military of the United States as the theme of the '58 Final Ball.

Twelve figure leaders headed by Duke Fancher and Corky Ridge will escort their dates into a ballroom designed to show the spirit, the beauty and the might of the U. S. A. The top twelve men and their dates will represent the military heroes from Capt. John Smith through World War II and up to the present.

With Pete Kelbaugh, Chuck Lang, and Luke Snyder, heading the decorators, plaques honoring the branches of the services will hang on the side-walls, and the entire gym will be patriotic in red, white and blue.

**MORE CHARACTERS . . .** Hugh Harmon, Rocky Snell, Ed Trout (front row) and Jim Lanks and Bill Yates will be Lee, Grant, Theodore Roosevelt and even Davy Crockett!

**THE COLOR'S RIGHT . . .** and Lang, Snyder and Kelbaugh decide on the methods to use in putting up an aluminum ceiling.

## . . . AND ON JUNE 2nd, THE GYMN WILL BE A BALLROOM

**BOOM GOES THE CANNON . . .** and the figure begins. Figure leaders await the signal to come into the

patriotically decorated gymnasium honoring 350 years of history.

**IN THE MOOD . . .** Chuck Lang, Dave Conrad, Pete Kelbaugh, Bob Seeberger, Corky Ridge and Terry Snow lead a cheer. From football game cheers to a rousing cheer to welcome back alumni, these men kept alive a spirit of success.

## THRU THE YEAR, THEY CHEERED US TO VICTORY

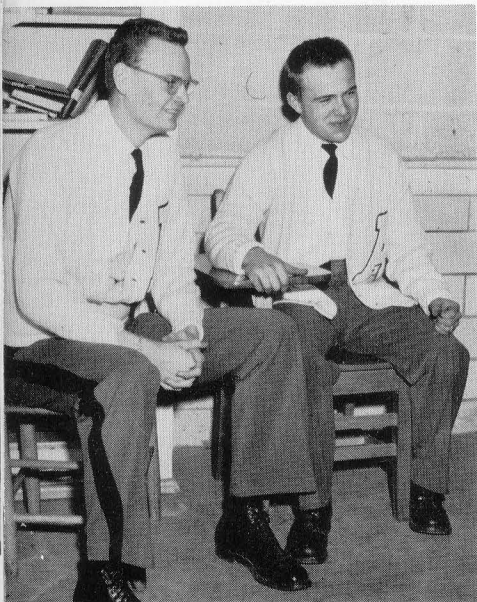

**IT LOOKED BLEAK . . .** at that moment, but Terry Snow sparks the men while George Holt listens to some suggestions from Max Casal. Lang hides behind a megaphone, but the spirit's still there!

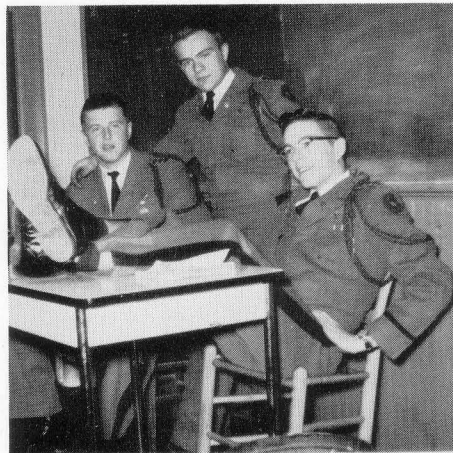

**DONE MOST . . .** Fancher, voted No. 1, leans over to see how Snell, who received second place, is coming along on fixing the motor. Trout in the third position, checks temperature.

**MOST SCHOOL SPIRIT . . .** and it would be hard to find two boys with more than Fancher who placed second, and Snell who took the top place.

**BEST NATURED . . .** Carson and Harmon sit while third place winner, Snell, gazes at the camera.

**BEST NEW CADET . . .** out of 200 new cadets, it's a real honor for Murray to be selected as Number 1. Hedgepath, in the middle, placed third, with Battenhouse gaining the second most votes.

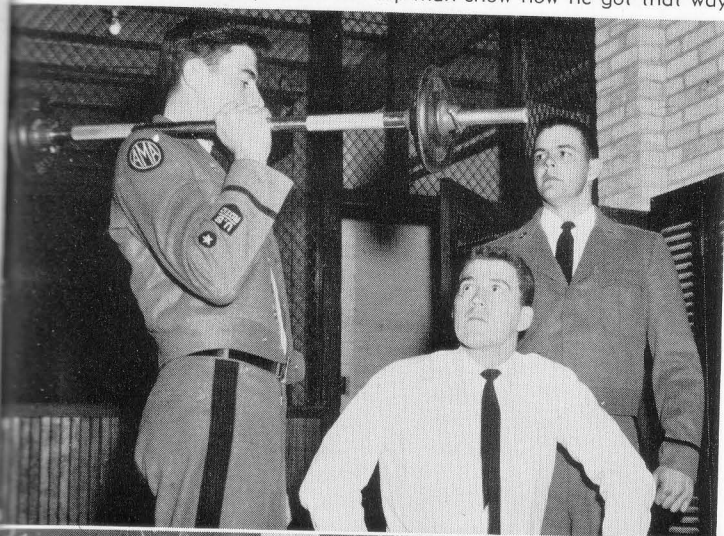

**BEST LOOKING CADETS . . .** find no trouble in getting dates. Plazaola, A., doesn't mind that Carson was first. Tomasek is satisfied to be number three on the list!

**MOST MILITARY . . .** Trout, high man on the ballot, warms up together with Giammaria and Fancher, who placed second and third on the balloting.

**BEST STUDENTS . . .** Battenhouse, number three on the list, shows Akerman, who placed second, and Garcia, A., who took top honors, how to do a transformation.

**MOST POLITE CADET . . .** Fancher, top man in politeness, offers the right of exit to Carson and Harmon, the other two winners.

**WITTIEST CADET . . .** Boselli, always sharpest with a wise crack, finds Carson and Conrad surrounding him with their witty actions.

## THEIR RECORDS MADE THEM . . .

**BIGGEST LADIES' MAN . . .** Third place winner, Ballou, is all decked out, but Conrad placed second, and Carson, at the top of the stairs, placed first.

**MOST POPULAR . . .** Harmon is tops, even with "Oscar". Carson and Fancher follow closely behind him.

**BEST CADET O. C. . . .** Trout shows Fancher that he inspects everywhere when he's on guard.

**BEST O. D. . . .** Harmon doesn't mind being in the middle, because he placed first. Carson was third, and Lanks, in the foreground, placed second.

**BEST S. G. . . .** Mayne, W., and Duffy, third and second place winners on the ballot look up to Burrell who was tops as the sergeant of the guard.

## WINNERS OF WHO'S WHO

**BEST DANCERS** . . . Boselli, top man, is surrounded again. This time by C. Flores, who was third, and Trout, who was second.

**BEST CORPORAL** . . . From bottom to top—third to first—Hedgepath, Crespo, B., and Enz are proud of the honor.

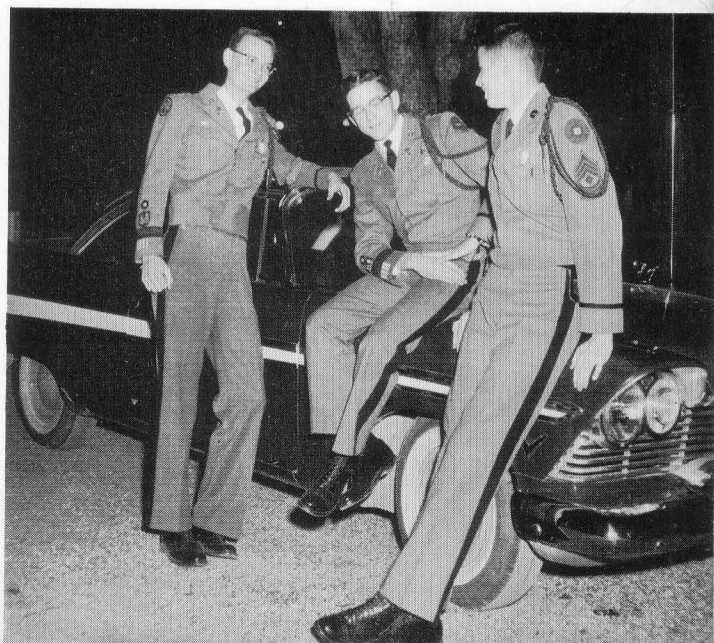

**MOST LIKELY TO SUCCEED** . . . All of the winners would like a new Plymouth! Harmon, again, in third place, sits on the hardtop, with Fancher, who placed second, and Akerman who was the winner, giving him advice.

**BEST ATHLETE** . . . Clay Johnson, tops in football and basketball, leads the poll (and he shows he likes tennis, too). Kelley with his lacrosse stick and Anderson and his bat were third and second place winners respectively.

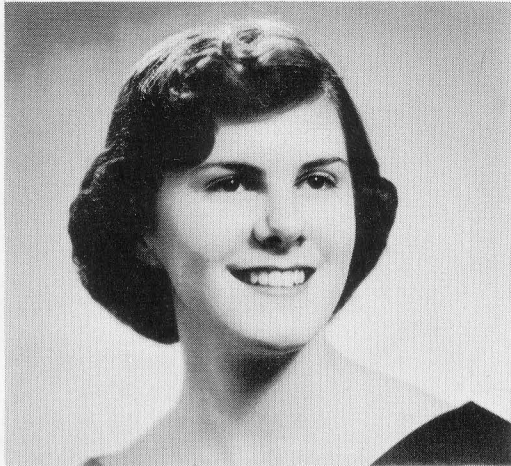

**NEATEST CADETS** . . . Harmon, who finished in third place, gets advice from winner, Giammaria, and runner-up Trout.

**TOO LATE FOR FORMAL PICTURES . . .** but we've made the RECALL . . . newcomers Doyle, Coleman, Sexton, Duley, Chandler, Friedburg, and Bailey (front) and Gosson, Thompson, Vensel, Lotz, Quatmann, G., and Shuman line up to prove they did enter in 1958.

## THE ADVERTISEMENTS

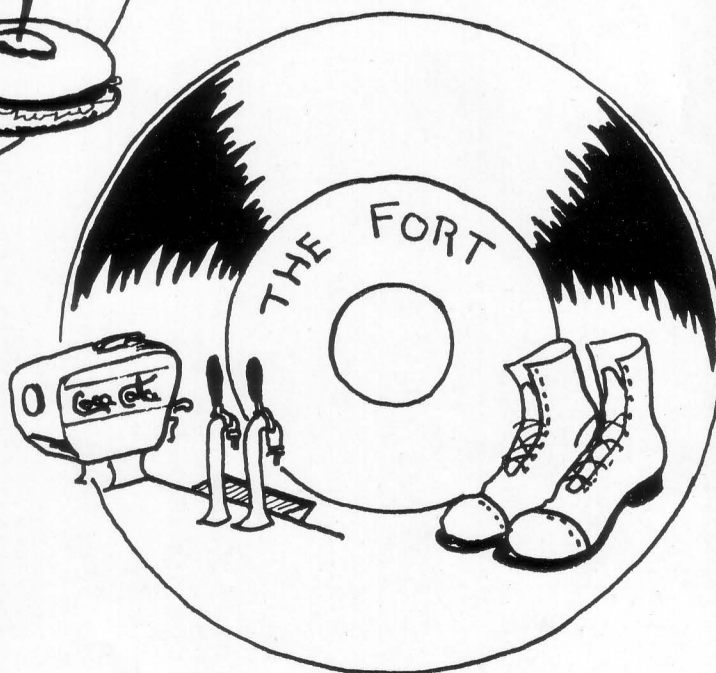

1958—the year when everyone spoke of recession, but when education boomed everywhere! Through the kindness of many of the business firms of Staunton, firms which are out-of-town, and patrons, the 1958 RECALL has been made possible.

AMA has made itself felt in the community. Never does a charity drive occur that Augusta doesn't support it more than any other school in the vicinity. We appreciate

what our friends in Staunton and Augusta County do for us, and this is how we can show them that we do.

Particular thanks go to Col. Roller for his help at all times, for his enthusiasm for the yearbook and for his help in putting the RECALL over the top.

Let's continue to show our patrons and advertisers that we do support them!

# PATRONS OF THE 1958 RECALL

Without the generous support, encouragement, and help of the following patrons, the 1958 RECALL would have been a dream instead of a reality. To all of them, and to each one of them we extend our sincere appreciation.

## AND THE RECORD ENDS . . .

With diploma in hand, Jerry Wildman returns Col. Deane's warm handshake and wishes for a record of continued success.

## AUTOGRAPHS

Whenever I turn to  
your picture in this yearbook  
the same thing will come to my mind,  
the door of my room bursting open and  
a N.C. howl "Gimme a weed, Lyle."  
I have enjoyed knowing you and am sorry  
that we can't spend another year or two  
raising the devil, not necessarily at A.M.A. but  
I am sure we'll meet in hell so this isn't  
a farewell.  
Good luck.

Lyle

I've really enjoyed knowing  
and listening to your unorthodox dialect  
for five years. I wish you all the success  
in everything you do.  
Keep howlin' and stay in the  
grove,  
Sandy
